Foreword

The dairy herd at Stubb Farm was established in 1984, this well managed productive herd is milked twice a day through a 16x16 Fullwood parlour. The herd grazes during the spring and summer months and during the winter are cubical housed and are fed a grass based TMR with additional feed in the parlour.

The cows are almost all home bred and are all year-round calving. At the last recording the cows were averaging 31.5kg per day, butterfat was 4.40% and protein was 3.37 with an average somatic cell count of 166.

The Genus Mating Program has been used for the last 10 years with the resulting progeny being uniform with impressive udders, strong legs & good feet. The herd has been bred with functional conformation in mind to produce cows with longevity and vigor, whilst aiming to maximise total kilograms of fat and protein.

Bulls who have been influential in the establishment of the herd are **Wa-Del Junction, Bomaz Homestead, Moet Melody,** with the better younger animals being bred by bulls such as **De-Su Topsy, Farnear Alfalfa** & **Rosylane Spock.**

The service sires are again a result of the Genus Mating Program with a strong emphasis on breeding robust long life cows and include the following bulls; Aardema Impact, Bomaz Skywalker, Zandenburg Art & Het Ken Gray.

The herd health and herd fertility are managed in conjunction with Capontree Vets who attend the farm on a weekly basis. Please see letter from Capontree Vets.

Herd Health

The herd is vaccinated for IBR, BVD & Lepto. The herd was last vaccinated for BVD & Lepto in January 2021. The milking herd and older heifers are vaccinated with Rispoval IBR Live vaccine in August 2020 and all youngstock are vaccinated at between 3 and 5 months of age. Johnes testing is carried out using NMR milk tests. The farm is situated in a four year testing area and the last herd test was in July 2020.

In the case of bulls, during the period when the show/sale is open to visitors, bulls in stalls or pens should not be left unattended. If the handler is temporarily absent, arrangements should be made with another vendor, steward or member of Harrison & Hetherington staff to oversee the bull until the handler returns.

AUCTIONEER'S TERMS & CONDITIONS OF SALE

(Incorporating the Auctioneer's Terms and Conditions)

1. The biddings to be regulated by the Auctioneers and the highest bidder, subject to the Vendor's reserve (if any), to be the purchaser. No bid shall be retracted and if any dispute should arise between two or more bidders, the Lot in dispute to be put up again and resold, or the Auctioneers may determine the dispute at their own discretion and their decision shall be final. The Auctioneers reserve the right to refuse the bid of any person without being called upon to give reason for such action.

2. The Purchaser to give his full name and dwelling place and pay for all Lots purchased immediately at the close of sale. No Lot or Lots shall be removed from the sale premises until paid for and a pass-out slip obtained from the Auctioneer's clerk but each and every Lot shall immediately at the fall of the hammer be considered as delivered and be and remain in every respect at the absolute risk and expense of the respective purchaser or purchasers thereof and shall be removed from the sale premises at the purchaser's expense. The right of property shall not pass until the full purchase price is paid.

3. Purchasers paying by cheque must be prepared, if required, to produce a banker's reference. As a result of the Money Laundering Regulations (2003) the auctioneers are unable to accept cash payments in excess of nine thousand pounds sterling for any any single or linked purchase transaction.

4. All statements in the catalogue, or made by the Auctioneers at the time of sale, also the correct identification of the animals, are the entire responsibility of the Vendors. The Auctioneers take no personal responsibility for the correctness of such statements or identities.

5. All statements in the catalogue, or any made by the Auctioneers at the time of sale relating to any veterinary or other tests are to be taken as statements of fact only. No such statements shall guarantee the purchaser of any animal against loss arising from the subsequent reaction of such animal to any test administered after the sale and the Vendors shall not be liable in any way should this occur.

6. All stock is sold subject to the Conditions of Sale recommended for use at markets by the Livestock Auctioneers' Markets Committee for England and Wales except in so far as these conflict with any Special Conditions applicable to the sale of pedigree stock, when the latter Conditions shall prevail.

7. Neither the Vendors nor the Auctioneers will be responsible for any accident or injury to persons or property, through fire or any other cause whatsoever, nor for any damage by animals prior to, during or after the sale.

8. No undertaking by the Auctioneers or their servants to take charge of any Lot or Lots after the sale or to forward them to their destination shall be held to impose upon the Auctioneers any legal obligation or vitiate any of these Conditions.

9. Inasmuch as the Auctioneers act as agents for a disclosed principal they shall not be considered personally responsible for any default on the part of either purchasers or Vendors and the remedy shall be against them only and not against the Auctioneers.

10. If these conditions are unfulfilled, the Vendors or Auctioneers shall have the power to resell the Lots, retaining any surplus and charging any deficiency and expense to the defaulter.
