In the event of any discrepancy between the two sets of conditions, the NBA Conditions of Sale shall prevail

NBA WARRANTIES: This Sale is also held subject to the Special Terms and Conditions of Sale recommended for Sales of Pedigree Beef Cattle by the National Beed Association. The preparation of these Terms and Conditions has proved a lengthy and costly process and, in order to defray the legal and other costs involved, and to provide a continuing source of revenue to assist the Association in its vital work for Pedigree Cattle Breeders, the Council of the Association has decided that a special levy, amounting to £3 per male and £2 per female head/lot sold (plus VAT) shall be charged to each Purchaser.

Important Notice to Vendors

ARRIVAL OF STOCK - As per timetable of events (page 8).

CATTLE PASSPORT DOCUMENTATION – it is essential that all Cattle Passports and a completed Declaration Form accompany the animals to the sale premises and handed to the Auctioneers upon arrival to the market. Any animal not in possession of the required documentation will not be offered for sale.

PRE-SALE INSPECTION: RED LADIES DERBY SALE - all animals entered for this sale must be available for inspection in the sale premises. Veterinary Officer will examine all animals forward for general health and genetic defects, particularly mouths, eyes and udders. An appointed Society Inspector will also be on hand to check for Breed Characteristics. Any animal discovered with a genetic fault, disease or disorder will be REJECTED. Animals will be placed in a crush for this inspection – as required by the Veterinary Officer. The Veterinary inspection will form an integral part of the pre-sale inspection procedure.

Please note – “All animals for the Red Ladies Derby section are subject to a pre-sale inspection to provide a minimum standard and animals are sold with all patent defects, and any subsequent claim after the fall of the hammer is against the vendor and not the British Limousin Cattle Society”.

WEANED CALVES – all animals entered for this sale will only have an identity (tag) check only bringing it in line with other breeders sales. There will be no veterinary inspection.

EVERY ANIMAL entered for the RED LADIES DERBY SECTION, MUST BE ADEQUATELY TRAINED TO LEAD BY HALTER and MUST BE PARADED FOR INSPECTION unless exempted by the Stewards, at the time and place to be notified. Evidence of faults of temperament, vices, etc., may lead to disqualification. All animals must be provided with a serviceable halter, which will become the property of the purchaser.

UK TAGS - All cattle entered for the Sale will have their UK tags examined as an integral part of the pre sale inspection procedure. Any tags found to have faulty, incorrect or illegible, will be REJECTED from the Sale. Vendors are therefore urged, in their own best interests, to examine the UK tags of Sale cattle before the animal(s) leave their farm, so that faulty tags can be rectified in accordance with the required Society procedures.

The Sale will be held subject to the Auction Rules, Conditions of Sale and Special Regulations of the British Limousin Cattle Society.

The full auction rules of the BLCS can be viewed in the Society's Byelaws and on the website www.limousin.co.uk. A paper copy can be made available upon request to the BLCS office.

The proceeds of sale are guaranteed by the Auctioneers, who will account to Vendors on the day of the Sale. Such guarantee, however, does not extend to the animals sold for export, to which special conditions apply.

UPSET PRICES - RED LADIES DERBY - There will be an 'Upset' price of 800 guineas on each female presented for sale - i.e. if no opening bid of 800gs is received for any particular lot, that lot will be passed out of the ring unsold. **WEANED CALVES** - there is no 'upset' price.

RESERVE PRICES - Vendors shall have the right to refuse to accept the final bid for their animals. The auctioneers reserve the right to charge half commission on the amount of the final bid in the case of animals which fail to reach the Vendors reserve price.

All animals will be sold in guineas (105 pence) and a commission of 5.25% will be charged by the Auctioneers on all sales. A further levy of 1.5% will be charged and paid to the British Limousin Cattle Society. No animal may be sold privately before being passed through the auction ring and **FULL COMMISSION** will be charged on the sale of any animal sold by private treaty after the auction. All such transactions **MUST BE PASSED THROUGH THE AUCTIONEERS OFFICE**.

PRIZE MONEY - will be withheld unless the winners are sold, either by auction or private treaty.

STRAW - A limited amount of bedding straw will be provided by the Auctioneers free of charge. Additional straw, if required, may be purchased from the Auctioneers.

CALOGALE SKYE is our first ever entry to the Red Ladies Derby and is a hugely exciting prospect for the future. Her gdam is the 11,800gns **Millington Lapwing** who goes back to the renowned **Brockhurst Option**; on her side she goes back to the equally impressive **Baileys Iceprincess**. **Skye** has enjoyed a tremendous show season having won the RWAS Junior Female Championship (judged by Jonathon Watson), the South Wales & Mid West Limousin Club "Stars of the Future" Championship (judged by Thomas Corbett), the RWAS Best Female Bred in Wales award (Jonathon Watson) and numerous other Breed and Interbreed Championships. Fourteen IVF Embryos have recently been harvested from **Skye** (to **Wilodge Vantastic**) and she now remains open for the purchaser to serve with the of their choice. Two straws of **Meadowrig Pedro** semen are offered as "luck" **Pedro** has already sired daughters to £30,000 earlier this year.

* Where animals have been genotyped, the breeding values for these traits will be Genomic Breeding Values (GEBVs). Publication of GEBVs is at animal owners' discretion. If an animal has not been genotyped, the breeding value will be a conventional Estimated Breeding Value (EBV). Whether a breeding value is an EBV or a GEBV is noted alongside each value.

Please note that EBVs and GEBVs are interchangeable for the same trait. For example, an animal with a Calving Interval GEBV can be directly compared to an animal with a Calving Interval EBV. A link to further information on all EBVs and GEBVs is below.

FOR INFORMATION

Herd Health at British Limousin Cattle Society (BLCS) Collective Sales

Introduction

Herd health rules were introduced by the BLCS at nominated premier Collective Society Sales and these are now in place at all premier BLCS Collective Sales (Stirling February & October; Carlisle February, May, October & December; Brecon May & November).

The principal aim is to standardise herd health declarations and information presented in order to provide both members and customers alike with clear, accurate herd health information at the point of sale and within the given sale catalogue. As such it is attractive and informative for customers and aims to further raise the level of buyer confidence.

BLCS Herd Health Rules have two principal elements:

Part 1. Herds selling at the premier Collective Society Sales have to be members of, and adhering to, the terms of a CHeCS approved Herd Health Scheme. At a minimum, this must include a whole herd test for Johnne's disease.

Part 2. All animals male and female, including calves at foot, presented at the premier Collective Society Sales be EITHER from a BVD Accredited Herd within a CHeCS approved Herd Health Scheme OR to have been BVD tested virus free. All animals forward will be required to be BVD vaccinated prior to sale with an approved vaccine. Pregnant animals must have had testing and vaccination completed prior to service. Vaccination of calves at foot to be in accordance with CHeCS guidelines and recommendations.

Herd Health Declaration

The sale entry form is accompanied by a Herd Health Declaration form asking vendors questions regarding for example: TB status; membership of CHeCS (www.cheecs.co.uk) health schemes (AFBI Cattle Health Scheme, HiHealth Herdcare (Biobest), & Premium Cattle Health Scheme (SRUC) and Johnne's, BVD, IBR and Lepto status. On line entries also require the Herd Health Declaration form to be completed.

Is the Herd Health Declaration compulsory?

The Herd Health Declaration is compulsory at all Premier Collective Sales. For reasons of clarity and to provide purchasers with the most accurate information available, vendors are required to complete this at time of entry.

Although not compulsory at other collective sales (Newark in April & Ballymena, Dungannon, Thainstone & Stirling in May), the Society recommends that vendors complete the Herd Health Declaration. This information then appears in the Vendors' Index within the catalogue. Where a member has chosen not to complete the Herd Health Declaration, it will simply say 'No Herd Health Declaration'.

What Other Health Information may be displayed?

It should be noted that the Herd Health information provided in the catalogue relates to whole herd status. Information relating to specific animals entered in the sale should be requested from the vendor.

Vendors are encouraged to apply to their respective CHeCS health scheme for individual animal health cards for display on pens. For an individual animal's test results, or vaccination histories, regarding BVD, IBR, Lepto or Johnne's, these are permitted above the sale pens only upon presentation of a signed veterinary declaration to verify that the animal concerned has had a clear test.

Again, for reasons of practicality, no health information notes are to be put in the catalogue footnotes by vendors. Similarly, the Society has requested that no declarations on health information be given by the auctioneer during the sale. Again, the sole purpose of this is to avoid confusion and to try and ensure that the information provided is done accurately, fairly and in a standardised format in the catalogue. This point has been agreed with the auctioneers.

It is a condition of BLCS Premier Collective Sales that animals from herds that are Johnes Risk Level 5 are not permitted to be sold.

Should you have any queries regarding the new Johnes Risk Level classification, please contact your respective CHeCS health scheme.

What if a vendor is selling an animal/s that he did not breed?

Vendors are still requested to fill in the Herd Health Sale Declaration accordingly. Prospective customers are advised to speak to vendors directly to acquire accurate health information on animals offered but not bred by the seller.

Feedback & more information

The Society welcomes members' and customers' feedback on the Herd Health Declarations and health policy at sales. If you have further questions, please speak to the Society representative, Alice Swift or the Auctioneers.
