TERMS

All purchasers please note that accounts must be settled at the close of the sale

ONLINE BIDDING

is available through Mart Eye.

Foreword

Following the success of the past two sales in 2020 and 2022 the Veitch family have decided to sell this special group of 180 Pedigree Holstein heifers in The Vetech Summer Sensation sale. The feed back from past buyers has been very encouraging with great stories about production, classifications and even some show ring successes. The Veitch family invite you to peruse through the catalogue and if you wish to view the heifers on the farm prior to the sale they would enjoy showing you around.

The herd was established in 1989 when Robert commenced the grading up process. In 1996 Robert and Lindsay moved to Strandhead Farm and started milking 40 cows that they brought from the home farm at Greenside. To generate extra income for the farm Robert started doing building work on farms and this developed into Ve-Tech Concrete Ltd that was formed in 2007.

In 2013 a new state of the art dairy complex was started and was completed in 2015 featuring four Lely robots. Following the completion of the dairy complex the new, Ve-Tech prefix was created. Some of the very best animals from the Riverdane, Bocclair, Townlaw and Kepculloch herds were added to the herd and included many of the worlds' leading cow families.

Today the VETECH Pedigree Holstein herd is a modern highly productive herd that excels in PRODUCTION, TYPE & HEALTH TRAITS. Currently the herd is averaging **12526kgs 3.98%BF 3.41%P**. This outstanding group of heifers are bred from the **BEST** cow families including; **ELEGANCE, ASHYLN, SARA, SHARON, KIM, RAPTURE, JODIE, ADEEN, GHOST, AUGUST & GEOGRAPHY**.

Most of the in-calf heifers are coming to female sexed sires that include; **CHIEF & SOLORPOWER**. The finest sires have been used with daughters selling by; **ZOAR, BULLSEYE, EYE CANDY, LOGISTICS, LOYALL, A2P2, ARROW, RYDER RED & CHIEF**. A large percentage of the heifers selling are bred from prolific cow families with several generations of Excellent or Very Good classified dams.

It is worth mentioning several special heifers with super attractive pedigrees (Lot 309) V. Boom Rose is bred from a EX91 Goldwyn dam with the next six generations all classified Excellent. This includes Redrose EX96 & Blackrose EX96! (Lot 216) V. Brady Rapture is a super special heifer bred from 12 generations of Excellent dams, her dam is an Excellent 94 Outside. (Lot 327) V. Logistics Jodie is a great grand daughter of the 8,500gns Syke Atwood Jodie EX94 who currently is one of the standout cows in the herd. Walnutlawn Sidekick daughters have been the cows to beat at recent National Shows in the UK. (Lot 311) V. Sidekick Kim is a fancy Sidekick, a direct daughter of a past herd favourite Shottle Kim EX94! (Lot 247) V. Davinci Atlee, will be the 9th generation to classify Excellent or Very Good going back to the All American winner Chief Adeen EX94!

This quality group has something for every milk producer no matter what your ambitions are! The catalogue is packed with super cow makers that have the ability to produce oceans of milk, great heifers to start a special cow family and show heifers, all sell.

We look forward to welcoming you to Borderway on the 17th July for this much anticipated event. We are confident that you will be more than impressed with the opportunities on offer and believe that there are heifers within this catalogue that can take your breeding goals to the next level.

Herd Health

The herd is vaccinated for IBR & BVD all the heifers are vaccinated for BVD at 11 months old. They are tested free of BVD. The herd is tested each quarter for Johnes. The farm is situated in a four year TB testing area and there has never been a TB case within the herd.
