BOOK NOW

Welcome to Ardstewart...

We would like to extend the warmest of welcomes to all who have travelled to Raphoe to attend our on farm sale, and to those following the sale via marteye.

The Ardstewart Beltex Flock was established in 1993 and has continued to progress successfully over the period of three decades. Our aim has always been to produce Beltex that are true to breed type and will appeal to both pedigree and commercial flocks. We are very selective on what stock is retained each year ensuring that quality remains consistently high.

Over the 32 years since we began, we have enjoyed tremendous success at shows throughout the country, and sales which at the outset were held in Portadown. We then progressed to attending the Society National Show & Sale in Carlisle and are honoured to have claimed the Supreme Championship here on three occasions. Ardstewart rams have been in demand, and we take great pride in noting that many prolific pedigree flocks have Ardstewart breeding in their prize-winning stock. Rams from our flock have reached heights of 16,000 guineas with many others selling at five figured sums. Gimmers from Ardstewart have reached 7500 guineas.

We are the current Champion Flock in the Irish Beltex Breeders Annual Flock Competition, a title we have won on several occasions.

The catalogue comprises of an unreserved selection of males and females from the heart of the Ardstewart flock. Our very best bloodlines and breeding families are well represented including many that we had planned to retain for breeding in our own flock.

In 2021 a small flock of Badger Face Texels was formed, and we have included a select offering within today's sale.

Having worked with all of the sheep close at hand over the last number of weeks, we feel that today's catalogue is packed full of quality whether you require a new stock ram, or a fresh bloodline for your flock.

Thank you in advance to all of those who bid and buy our sheep, and we wish you every success with them in the future.

FLOCK HEALTH

The Ardstewart flock has a high health status and is at the top level of Scrapie monitored.

All sheep are on the Heptavac P System

All ewes have been Enzovac and Toxovac vaccinated.
