MAYO HEALTHCARE
Enhancing Animal Health

"We switched to the Mayo All Guard boluses several years ago and we have been delighted with the results. They are small, easy to administer and we really like the fact that they have zinc in them. We have definitely seen an improvement in our flocks hoof health since making the switch."

SHEEP & CATTLE DRENCH

Welsh Farm Supplies

A targeted drench made specifically for Welsh farms but equally as effective in areas with similar deficiencies.

After a detailed study into the nutritional products our customers were using in Wales, we have developed a drench specifically for their needs.

Targeting actual deficiencies with relevant ingredients
Smaller dosages from just 2ml – 5ml for sheep and just 5ml – 15ml for cattle.

"I used the Sheep & Cattle Drench from Welsh Farm Supplies on my pure pedigree lambs at weaning and was very impressed with how they kept thriving. I also have used it on my sale pedigree shearlings and gimmers and in my opinion it has given them a shine and thrive at just the right time leading up to the sales!

Would definitely recommend this product and it goes a very long way with only 5ml per a sheep required."

AUCTIONEER'S TERMS & CONDITIONS OF SALE

(Incorporating the Auctioneer's Terms and
Conditions as recommended by the NBA)

1. The biddings to be regulated by the Auctioneers and the highest bidder, subject to the Vendor's reserve (if any), to be the purchaser. No bid shall be retracted and if any dispute should arise between two or more bidders, the Lot in dispute to be put up again and resold, or the Auctioneers may determine the dispute at their own discretion and their decision shall be final. The Auctioneers reserve the right to refuse the bid of any person without being called upon to give reason for such action.
2. The Purchaser to give his full name and dwelling place and pay for all Lots purchased immediately at the close of sale. No Lot or Lots shall be removed from the sale premises until paid for and a pass-out slip obtained from the Auctioneer's clerk but each and every Lot shall immediately at the fall of the hammer be considered as delivered and be and remain in every respect at the absolute risk and expense of the respective purchaser or purchasers thereof and shall be removed from the sale premises at the purchaser's expense. The right of property shall not pass until the full purchase price is paid.
3. Purchasers paying by cheque must be prepared, if required, to produce a banker's reference. As a result of the Money Laundering Regulations (2003) the auctioneers are unable to accept cash payments in excess of nine thousand pounds sterling for any single or linked purchase transaction.
4. All statements in the catalogue, or made by the Auctioneers at the time of sale, also the correct identification of the animals, are the entire responsibility of the Vendors. The Auctioneers take no personal responsibility for the correctness of such statements or identities.
5. All statements in the catalogue, or any made by the Auctioneers at the time of sale relating to any veterinary or other tests are to be taken as statements of fact only. No such statements shall guarantee the purchaser of any animal against loss arising from the subsequent reaction of such animal to any test administered after the sale and the Vendors shall not be liable in any way should this occur.
6. All stock is sold subject to the Conditions of Sale recommended for use at markets by the Livestock Auctioneers' Markets Committee for England and Wales except in so far as these conflict with any Special Conditions applicable to the sale of pedigree stock, when the latter Conditions shall prevail.
7. Neither the Vendors nor the Auctioneers will be responsible for any accident or injury to persons or property, through fire or any other cause whatsoever, nor for any damage by animals prior to, during or after the sale.
