## Foreword

Since 2011 the Lawson family have held an annual young stock sale from their prize winning Lismulligan British Friesian herd at Borderway, Carlisle. They have always sold their best and the successes breeders have had from these previous sales confirm this to be true. Lismulligan Priscilla 48 was purchased in the 2014 sale by Ian and Tom Blamire from the Whinnow herd for 3,900gns. Priscilla classified EX94 in her fifth lactation and was the Highest yielding British Friesian Cow in UK in 2018 & 2021 and was Reserve Grand Champion at the National Show at UK Dairy Expo 2018.

This is a special group of British Friesian heifers and is one of the **BEST** to ever be offered from the Lismulligan herd. I can't mention them all but here are a few gems to checkout. **Lot 104 Adams Cherry 40** is a daughter of Lismulligan Demon her dam is **Adams Cherry 26 EX93** a phenomenal cow and dam to the current herd sire Adams Citizen. Next dam is an Excellent 93 scored cow with over 80 ton lifetime. Other special cow family feature including the Pauline, Laura, Redbreast, Lavender and a quality Ridgwarine Judo daughter from the Ethel family (Lot 122)

The Lismulligan prefix has been registered since 1965 when the first pedigree cattle were purchased from the Barbican herd of the late David Heenan in N. Ireland. The ability to continually sell heifers from the herd is testament to the fertility, longevity and durability of the cows that make up the 150 strong British Friesian herd currently averaging **6731kgs at 4.26% 3.41%** with an impressive **Calving Interval of 369 days**.

### Health Status

The Lismulligan herd is BVD free and is vaccinated for IBR and Lepto. All the heifers have been BVD Tag tested (except for Lots 101-104) and the herd is accidented BVD free. The IBR vaccine (Risposal Marker) booster was given on the 11th May 2024 to animals up to lot 101 – 104 with lot 105 onwards vaccinated on the 12th August 2024. All of the heifers have been vaccinated for Lepto (Spirovac) in May and June. All the heifers were wormed with Taurador Pour-on the 15th June and again on the 12th August (except for the four youngest heifers (Lots 124 – 127) they have not been to grass. The herd has been Johne's monitored for years with all calves receiving tested and pasteurised colostrum. The herd is TB free and is in a four year testing area and the last herd test was on January 2022.

**AUCTIONEER'S TERMS & CONDITIONS OF SALE**

(Incorporating the Auctioneer's  
Terms and Conditions )

1. The biddings to be regulated by the Auctioneers and the highest bidder, subject to the Vendor's reserve (if any), to be the purchaser. No bid shall be retracted and if any dispute should arise between two or more bidders, the Lot in dispute to be put up again and resold, or the Auctioneers may determine the dispute at their own discretion and their decision shall be final. The Auctioneers reserve the right to refuse the bid of any person without being called upon to give reason for such action.
2. The Purchaser to give his full name and dwelling place and pay for all Lots purchased immediately at the close of sale. No Lot or Lots shall be removed from the sale premises until paid for and a pass-out slip obtained from the Auctioneer's clerk but each and every Lot shall immediately at the fall of the hammer be considered as delivered and be and remain in every respect at the absolute risk and expense of the respective purchaser or purchasers thereof and shall be removed from the sale premises at the purchaser's expense. The right of property shall not pass until the full purchase price is paid.
3. Purchasers paying by cheque must be prepared, if required, to produce a banker's reference. As a result of the Money Laundering Regulations (2003) the auctioneers are unable to accept cash payments in excess of nine thousand pounds sterling for any single or linked purchase transaction.
4. All statements in the catalogue, or made by the Auctioneers at the time of sale, also the correct identification of the animals, are the entire responsibility of the Vendors. The Auctioneers take no personal responsibility for the correctness of such statements or identities.
5. All statements in the catalogue, or any made by the Auctioneers at the time of sale relating to any veterinary or other tests are to be taken as statements of fact only. No such statements shall guarantee the purchaser of any animal against loss arising from the subsequent reaction of such animal to any test administered after the sale and the Vendors shall not be liable in any way should this occur.
6. All stock is sold subject to the Conditions of Sale recommended for use at markets by the Livestock Auctioneers' Markets Committee for England and Wales except in so far as these conflict with any Special Conditions applicable to the sale of pedigree stock, when the latter Conditions shall prevail.
7. Neither the Vendors nor the Auctioneers will be responsible for any accident or injury to persons or property, through fire or any other cause whatsoever, nor for any damage by animals prior to, during or after the sale.
8. No undertaking by the Auctioneers or their servants to take charge of any Lot or Lots after the sale or to forward them to their destination shall be held to impose upon the Auctioneers any legal obligation or vitiate any of these Conditions.
9. Inasmuch as the Auctioneers act as agents for a disclosed principal they shall not be considered personally responsible for any default on the part of either purchasers or Vendors and the remedy shall be against them only and not against the Auctioneers.
10. If these conditions are unfulfilled, the Vendors or Auctioneers shall have the power to resell the Lots, retaining any surplus and charging any deficiency and expense to the defaulter.
