PRODUCTION SALE FROM MESSRS D&E GRAVES

LOTS 111 - 190

PENS 122 – 132, 144 – 151, 166 - 174

All cows over 40 days in milk have been running with DENMIRE PIONEER

The Graves family have developed the Ellaway herd into a highly productive, profitable and functional herd of Holsteins that combines strong production with longevity and excellent herd health.

The cows are milked twice daily through a herringbone parlour and managed on a straightforward, efficient system. The milking herd is fed a TMR comprising rolled barley, blend, grass silage and wholecrop, with additional concentrate fed in the parlour according to yield. During the summer months, cows enjoy access to grazing while retaining the option to come indoors and buffer feed on TMR as required.

The performance of the herd speaks for itself. At the latest milk recording the herd averaged 35.9kg, whilst the current rolling herd average stands at an impressive 10,362kg at 4.08% butterfat and 3.42% protein. Fertility remains a key strength of the herd, reflected in a calving interval of just 411 days.

The herd is located within a four-year TB testing area, with the last whole herd test completed in January 2025. Health status is excellent, with all animals BVD tag tested and vaccinated for IBR and Bluetongue.

This production sale presents purchasers with an outstanding opportunity to acquire a group of the freshest cows and heifers from the herd, alongside another group of quality cows due to calve again during 2026. Whether buyers are seeking immediate milk production or productive future additions, the Ellaway offering provides cattle capable of fitting a wide range of commercial dairy systems.

Andrew has always focused on breeding cows that work hard, remain trouble-free and deliver profitability year after year, and this sale represents a genuine opportunity to invest in cattle bred from a successful and proven management system.

No bid shall be retracted and if any dispute should arise between two or more bidders, the Lot in dispute to be put up again and resold, or the Auctioneers may determine the dispute at their own discretion and their decision shall be final. The Auctioneers reserve the right to refuse the bid of any person without being called upon to give reason for such action.
2. The Purchaser to give his full name and dwelling place and pay for all Lots purchased immediately at the close of sale. No Lot or Lots shall be removed from the sale premises until paid for and a pass-out slip obtained from the Auctioneer's clerk but each and every Lot shall immediately at the fall of the hammer be considered as delivered and be and remain in every respect at the absolute risk and expense of the respective purchaser or purchasers thereof and shall be removed from the sale premises at the purchaser's expense. The right of property shall not pass until the full purchase price is paid.
3. Purchasers paying by cheque must be prepared, if required, to produce a banker's reference. As a result of the Money Laundering Regulations (2003) the auctioneers are unable to accept cash payments in excess of nine thousand pounds sterling for any single or linked purchase transaction.
4. All statements in the catalogue, or made by the Auctioneers at the time of sale, also the correct identification of the animals, are the entire responsibility of the Vendors. The Auctioneers take no personal responsibility for the correctness of such statements or identities.
5. All statements in the catalogue, or any made by the Auctioneers at the time of sale relating to any veterinary or other tests are to be taken as statements of fact only. No such statements shall guarantee the purchaser of any animal against loss arising from the subsequent reaction of such animal to any test administered after the sale and the Vendors shall not be liable in any way should this occur.
6. All stock is sold subject to the Conditions of Sale recommended for use at markets by the Livestock Auctioneers' Markets Committee for England and Wales except in so far as these conflict with any Special Conditions applicable to the sale of pedigree stock, when the latter Conditions shall prevail.
