COWS AND HEIFERS IN-MILK

SANDERS FARMS LTD, BALLALOUGH, WEST BALDWIN, ISLE OF MAN

The Sandisfarne herd is the original home of the 'long lived Holstein cow'. 110 Sandisfarne cows have produced over 100 ton of milk in their individual lifetimes. This is the 3rd highest recorded worldwide from a single herd!

In the 90's and early 2000's the Sandisfarne ranked among the best Holstein herds in the world, winning the RABDF Gold Cup in 2003. They were the No.1 NMR Production Herd in the UK in 2003 and 2004. They also won the Farmers Weekly Dairy Farmer of the Year in 1994.

Today's Sandisfarne herd is somewhat different to the original Holstein herd. Swedish Red genetics were introduced approximately ten years ago and now all the animals being born are pure Scandinavian Reds. Currently the herd is averaging 8800kgs 4.23% butterfat and 3.35% protein with only 1 ton of concentrate fed per cow.

The Sandisfarne herd is now a mainly Spring Calving, grass based system comprising of 600 milking cows. The animals selling in this sale have been selected as they are calving outside the farms calving pattern.

The herd is vaccinated for IBR, BVD and Lepto and are tested free of BVD. They are Johnes tested and the herd has had no positive cases for the past two years. The herd is in a four year TB testing are and there has never been a case on the Farm. The Isle of Man is BVD free and TB free.

NOTICE TO PURCHASERS

Business trading terms and settlement of purchases

Payment due on Day of Purchase

Interest chargeable from date of purchase at 7.25%

over Clydesdale Bank base rate at the time, for accounts in default

Purchases shall be governed by and construed in accordance with the law in England and Scotland

Accepted form of payments

direct bank transfer; debit card; cheque - known customers only; bankers draft

2% surcharge will apply to Business Credit Card payments

If payment is made by credit card, it must be linked to a business bank account

New customers and or agents wishing to purchase on behalf of another party must contact the company's main office at Carlisle at least 48 hours prior to sale, to provide full details and references for authorisation

Please note that all lots/items must be settled on the day of purchase and prior to clearance of any stock

For the avoidance of doubt H&H reserve the right to contra or keep sale proceeds to offset against an outstanding account

Sale Conditions

- Sold under the conditions of sale as displayed in the mart recommended by the Livestock Auctioneers Association for England and Wales
- Please ensure all paperwork is handed into the office at least 1 hour before the animals enter the sale ring
- All cattle must be double tagged with Ministry approved tags and information supplied on the respective entry forms
- It is the responsibility of the buyer to ensure that any animals destined for the food chain are out with any withdrawal period. This includes antibiotics and anthelmintics that the seller may have given prior to sale.
- Payment will only be made to the exhibitor.
- No lots can leave the market without a pass slip being issued by the main office
- **TB Testing:** All cattle over the age of 41days moving out of yearly testing herds must be pre-movement tested within 60 days prior to the sale. The yearly TB testing interval of the herd consignment will be provided on the display board at the point of sale. The yearly testing interval will be signified by the numbers 1 or 4. The information is given for guidance only, Harrison & Hetherington Ltd accept no responsibility for any consequences of such information
- All purchasers have two working days from the time of sale to satisfy themselves that all documentation received is correct and any discrepancies must be notified to the auctioneers within the time limit
- **No cow or heifer in the last 10% of pregnancy (approximately 27 days), or that has given birth in the last week, are considered not fit for transport, and are also unfit for presentation at a market.**

UDDER WARRANTY - Unless otherwise stated or announced, any cow or heifer in-milk at the time of the sale shall carry a Vendors Warranty that she is correct in udder and teats at the time of sale. Any claim under this warranty must be notified to the Auctioneers within one hour of the close of the sale, which can be submitted on an oral basis. If the auctioneers are satisfied that the udder is not correct in all respects, and does not comply with the warranty given, the sale of the animal can be cancelled.

AGRI-KING

A GAME CHANGER IN MYCOTOXIN MANAGEMENT

- ✓ Contains proprietary formulated substances to help livestock deal with challenging feeds
- ✓ Manages toxins to improve fertility and performance
- ✓ Contains a unique live probiotic bacteria to improve health and production
- ✓ Also contains antioxidants, vitamins and trace elements
