## Foreword

When you hear the name Boclair who initially think of quality and this special group of heifers from this wonderful herd has quality in abundance. The accolades at Boclair have stacked up over the years for the Brewster family, winning the Holstein UK Premier Herd title in 2017 was a major highlight and the Boclair herd is in a special group that have received two Master Breeder shields.

The herd was established in the 50's by Jack Brewster and his famous British Friesian lines such as **Barbara, Echo, Joan and Vision** are the backbone of today's successful herd. Investment in the best genetics is ongoing with new cow families added by David that include **Roxy, Dellia, Apple, Bonita, Royalty, Elegance and Marie**. In 2016 the facility was adopted to a robotic milking system using four Lely A3 robots and now the focus is very much on breeding functional robot ready cattle that perform well in a slatted cubicle housed system.

Currently production is running at **11998kgs 4.06% 3.19%** at the most recent milk test they averaged 44kgs. This is achieved on a mostly grass silage TMR that includes whole crop silage, barley, rape meal and brewers grain. The milking herd is housed throughout the year and housed in a comfortable slatted shed with waterbeds in the cubicles. Type is the main focus when selecting sires with width of rump and chest width never comprised, legs and feet are equally at the top of the list with longevity, fertility and health traits always a high priority. Recently more of a focus has been placed on Feed Efficiency.

The conformation of the Boclair herd is so impressive with **58 Excellent, 107 Very Goods** currently in the herd with a lot of the milking heifers still to classify. The heifers selling are bred from all the **BIG NAMES** within the herd including; **Hope, Royalty, Elegance, Barbara, Roxy, Vision, Marie, Joan & Dellia**. The in-calf heifers are due from September to **Lambda, Chief & Davinci sexed**; the bulling/maiden heifers are sired mostly sired by **Lambda & Chief** with the majority bred from several generations of EX or VG dams.

Several unique opportunities are included in this special sale that need mentioned. **Boclair Lambda Rae** (lot 31) is bred from 11 EX dams and is due to Dynasty sexed. Three **BIG TIME** heifers from **Apple EX96** by Unstoppable & Koepon Shield Red sell (Lots 20,32 & 102). A November born Lambda from Knonaudale Jasmine EX96 sells (Lot 80). One of the herd favorites is Boclair Sid Hope EX94 who was an All Britain winner and Reserve Royal Highland Champion in 2016 her beautiful Stanton's Chief daughter sells (Lot 67).

This is a totally genuine and exceptional group of heifers that I have high confidence in developing into fantastic cows in the future. The Boclair milking heifers that we sell monthly in the Border & Lakeland Club sale have such a great reputation for going and performing well in their new homes and this group is packed with future stars. Buy with confidence at the Boclair Bright Futures Sale!

### Glyn Lucas

#### Herd Health

The herd & In-Calf heifers are vaccinated for IBR & Lepto and all the heifers are tested free of BVD. The herd is tested clear of Johnes with no positive cases for several years. The farm is situated in a four year TB testing area and there has never been a TB case within the herd, the last herd test was June 2021.

## NOTES

**HEALTH AND SAFETY RULES  
HARRISON & HETHERINGTON LIMITED  
NOTICE TO ALL VISITORS AND TRADERS  
PLEASE READ AND OBSERVE  
THE FOLLOWING**

All visitors and traders on site will be responsible for ensuring that they and their employees or sub-contractors engaged by them comply with all legal requirements, including the Health and Safety At Work etc., Act 1974, The Management of Health and Safety At Work Regulations, The Provision And Use of Work Equipment Regulations, etc.

All visitors and traders will be responsible for ensuring that their operations in no way affect the integrity of the company or its fire, safety or security arrangements and in no way compromise the health and safety and welfare of other visitors to and or employees of Harrison & Hetherington.

Although it is the visitors and traders responsibility to ensure that plant, equipment and systems in work are safe, Harrison & Hetherington Limited reserve the right to ask any visitor or trader to leave the market for any breaches in the Health and Safety Rules and/or Regulations.

Vendors must inform Harrison & Hetherington Limited of any livestock due to attend the market whose temperament, behaviour or condition may call for additional precautions for its safe handling.

When loading or unloading livestock handlers must ensure that the dock and vehicle gates are securely fixed so as to prevent the escape of animals.

Traders are responsible for providing and maintaining suitable livestock handling equipment. They should ensure that livestock handlers are fit, experienced in livestock handling and familiar with the livestock in their charge.

Children must not be permitted in any area where they may be at risk from livestock or machinery.

In the case of bulls, during the period when the show/sale is open to visitors, bulls in stalls or pens should not be left unattended. If the handler is temporarily absent, arrangements should be made with another vendor, steward or member of Harrison & Hetherington staff to oversee the bull until the handler returns.

**Handling of Livestock at shows and sales:** Harrison & Hetherington Limited recommend that an adult person should accompany any junior person during the showing/sale of livestock in the ring and reserves the right to intervene at any point if, in the company's opinion, the person showing the livestock is at risk in undertaking that activity.

Passageways must be kept clear at all times during the auction sale. PLEASE DO NOT STAND IN THE SALE RING ENTRANCE AND EXIT PASSAGES.

The auction ring man escapes and refuges must be kept clear at all times.

All portable electrical equipment supplied and/or used by visitors and traders must be safe and fit for the purpose and should have a valid portable appliance test certificate.

**AUCTIONEER'S TERMS & CONDITIONS OF SALE**

(Incorporating the Auctioneer's  
Terms and Conditions )

1. The biddings to be regulated by the Auctioneers and the highest bidder, subject to the Vendor's reserve (if any), to be the purchaser. No bid shall be retracted and if any dispute should arise between two or more bidders, the Lot in dispute to be put up again and resold, or the Auctioneers may determine the dispute at their own discretion and their decision shall be final. The Auctioneers reserve the right to refuse the bid of any person without being called upon to give reason for such action.
2. The Purchaser to give his full name and dwelling place and pay for all Lots purchased immediately at the close of sale. No Lot or Lots shall be removed from the sale premises until paid for and a pass-out slip obtained from the Auctioneer's clerk but each and every Lot shall immediately at the fall of the hammer be considered as delivered and be and remain in every respect at the absolute risk and expense of the respective purchaser or purchasers thereof and shall be removed from the sale premises at the purchaser's expense. The right of property shall not pass until the full purchase price is paid.
3. Purchasers paying by cheque must be prepared, if required, to produce a banker's reference. As a result of the Money Laundering Regulations (2003) the auctioneers are unable to accept cash payments in excess of nine thousand pounds sterling for any any single or linked purchase transaction.
4. All statements in the catalogue, or made by the Auctioneers at the time of sale, also the correct identification of the animals, are the entire responsibility of the Vendors. The Auctioneers take no personal responsibility for the correctness of such statements or identities.
5. All statements in the catalogue, or any made by the Auctioneers at the time of sale relating to any veterinary or other tests are to be taken as statements of fact only. No such statements shall guarantee the purchaser of any animal against loss arising from the subsequent reaction of such animal to any test administered after the sale and the Vendors shall not be liable in any way should this occur.
6. All stock is sold subject to the Conditions of Sale recommended for use at markets by the Livestock Auctioneers Markets Committee for England and Wales except in so far as these conflict with any Special Conditions applicable to the sale of pedigree stock, when the latter Conditions shall prevail.
7. Neither the Vendors nor the Auctioneers will be responsible for any accident or injury to persons or property, through fire or any other cause whatsoever, nor for any damage by animals prior to, during or after the sale.
8. No undertaking by the Auctioneers or their servants to take charge of any Lot or Lots after the sale or to forward them to their destination shall be held to impose upon the Auctioneers any legal obligation or vitiate any of these Conditions.
9. Inasmuch as the Auctioneers act as agents for a disclosed principal they shall not be considered personally responsible for any default on the part of either purchasers or Vendors and the remedy shall be against them only and not against the Auctioneers.
10. If these conditions are unfulfilled, the Vendors or Auctioneers shall have the power to resell the Lots, retaining any surplus and charging any deficiency and expense to the defaulter.
11. You have a right to know how we will use the information you have provided to us. We may share the information with other members of our group and may make this information available to relevant media groups and other interested parties on request. We and other members of the group may contact you by telephone, e-mail, post or fax to inform you of products or services available. If you do not want to be contacted for marketing purposes or do not wish your information to be made available to any other parties please notify us in writing.
