Our Heritage – Your Future

The Texel Sheep Society provides enhanced data collection and performance reporting services to its membership and supports the National Terminal Sire Evaluation.

texelplus indexes have been updated, making them simpler to use and understand.

In simple terms: higher value = higher profit per lamb

The texelplus economic indexes support the breed's development with an increased focus on commercial traits and profitability. The **TERMINAL** and **REPLACEMENT INDEXES** reflect the breed's influence on industry. Both are presented as the potential extra profit per lamb born in a commercial setting, compared to the population average.

Index	Average	Top 25%	Top 10%	Top 5%	Top 1%
Terminal Expected change in profit per terminal lamb born	£4.03	£5.13	£6.12	£6.71	£7.81
Replacement Expected change in profit per replacement lamb born	£4.23	£5.37	£6.40	£7.01	£8.17

The **TERMINAL INDEX** supports increased profitability through improving prime lambs and is weighted strongly for meat production. The **REPLACEMENT INDEX** includes additional maternal traits to optimise production of female replacements.

Commercial producers solely producing prime lambs should use the **TERMINAL INDEX** to inform their selection; however, those retaining female replacements should use the **REPLACEMENT INDEX**.

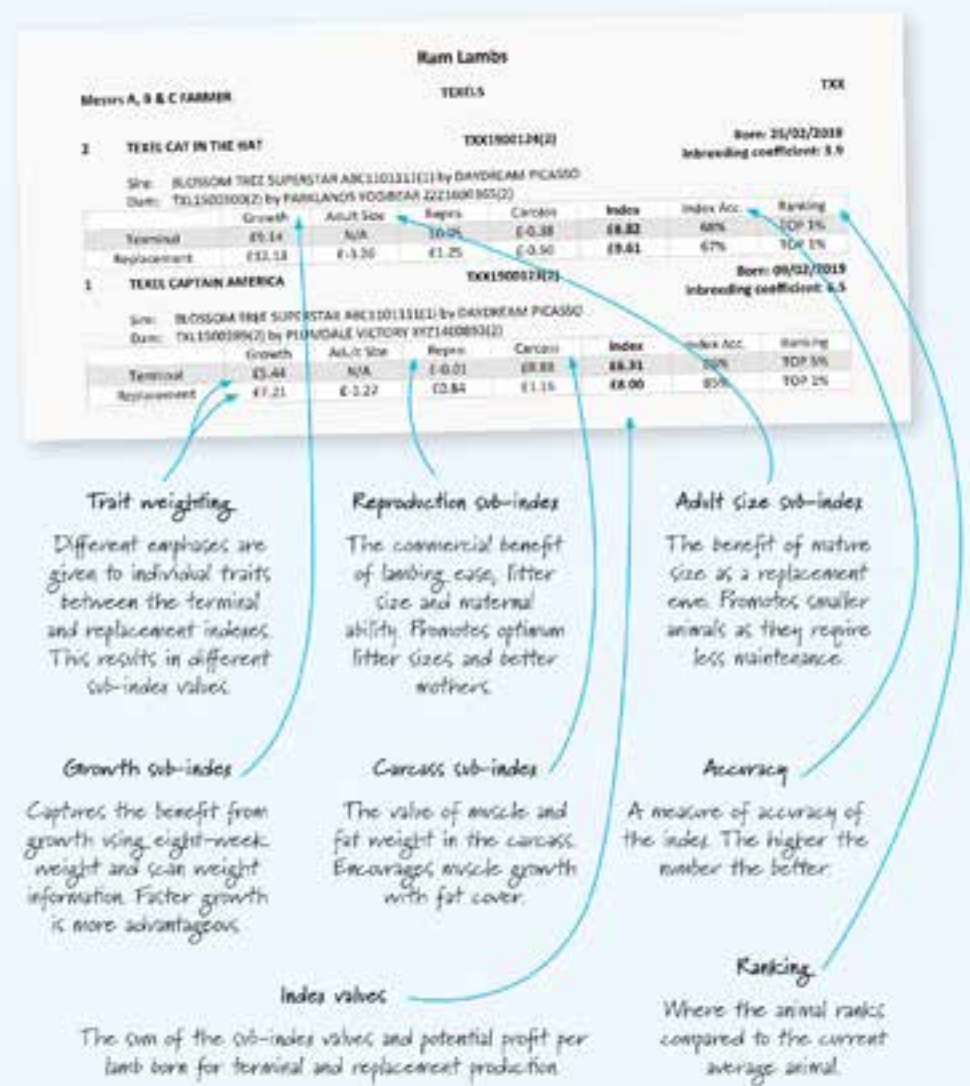

Sub-indexes underpin the indexes to provide more information on the relative values of growth, carcass quality, reproduction, and adult size.

An example

High ranking rams deliver over £6.00 per lamb more than lower-ranking rams. Over a ram's working lifetime, this is easily worth an extra £1,500 per ram; generated through shorter finish times and improved carcass quality.

RHAEADR FLOCK MYFYR ALED EVANS

The flock was established in 2016 with the purchase of four gimmers from the Baltier flock, including the top of 7200gns. Later that year we purchased two gimmers from the Auldhouseburn flock at the Select 7 sale, including the top price of 12,000gns for BY21513205. This ewe turned out to be a great asset. Arguably she could be the best breeding ewe within the flock. Her sons have sold up to 125,000gns for Rhaeadr Best of the Best. Gsons have sold to 160,000gns for Rhaeadr First Class and Gdaughters up to 20,000gns.

It has not been easy to make the decision to disperse the Texels, but I find it getting harder every year to do the right job. I am sure these ewe lambs will be a great asset to any flock with their genetics and I'm sure there will be some great show potentials amongst them.

All ewe lambs can be returned to Rhaeadr and be exported at a later date.

Flock Health

- MV Accredited
- All ARR/ARR
- Luck Penny Insured for 3 months to anything over 1000gns

We have made a lot of friends within the breed over the last seven years. Thank you to all that have supported up and good luck to all our purchasers.

Myfyr Evans

BRACKENRIDGE FLOCK

ANDREW NIELSON

After establishing a pedigree texel flock in 2007 at 12 years old, it is with mixed emotions I have decided to disperse my Brackenridge Texel flock due to other commitments. I was grateful for the encouragement and guidance from the late Jim Clark (Garngour) in my years starting out that quickly grew the passion for the breed. This has been carried on from his three sons Alan, Andrew and Dye.

I built my foundations off the back of sound commercial attributes, wide tops, big back, ends and good skins without compromising breed character. In turn this led to one main highlight for me within the breed, breeding Brackenridge Strongbow who had a huge influence in the Shearling market and the breed. Other main highlights include selling Crown Royal for 15,000gns and of course selling Fly Half back to one of my mentors Pandy's Teiglum flock. Aswell as many rosettes championships being picked up at shows and flock competitions along the way.

I'd like to take this opportunity to thank all customers for the support and backing along my journey from the first tup lamb I ever sold for 3,500gns (Brackenridge Rambo) to Donny Allan to the last tup lamb I was to sell (Brackenridge Gino) for 5,500 to return customers the Plant Family of Bromley texels.
