T38 Carry House purchased for £18,000 alongside the Coultermuir flock. T38s full brother is R5 Carry House is breeding exceptional mules at Nunsleugh. R43 is T38's full sister who holds the female record at 15,000gns who bred T2 Carry House who is doing a great job for the Barely and Honeymoon flocks. In Carry Houses he bred powerful sheep with strong heads. Only tupping a handful of blackface ewes and putting 4 lambs in our top pen at Hexham and leicesters selling to £3000 and £3200 at Hawes.

Magic, Hijack and T38 Carry House have all been used hard in Blackface and Leicester flocks this year as all are top proven sires.

Sons sold to £6500 & £4500 and ewe lambs to £4300.

T3 Skelgate was bought for a centre record of £32,000 with Dawyck, Macqueston & Farden after winning Overall Champion at Carlisle. He bred show mules for all 4 flocks and had numerous lambs in the Champion pens at Hexham & Castle Douglas and in the sale topping pen at Stirling. He bred the reserve NEMSA champion at Bellingham show and had 8 in our Champion pen at £350. His 1st son sold for £22,000 and he bred the Carlisle Champion '25 for Dawyck.

Reference to Service Sires:**£32,000 T1 Hewgill - SERVICE SIRE OF THE YEAR 2025**

T1 Hewgill has done a tremendous job in his first year, siring multiple sons at 5 figure prices. We have a great stock of ewe lambs retained and tup lambs kept for trying. He's bred mules that have taken show tickets this summer including Champion Mule at Biggar show. Very consistent breeder. Very good son retained (V4 Dawyck) that we think a lot of.

**£32,000 T3 Skelgate - CARLISLE CHAMPION 2024 & CENTRE RECORD PRICE.**

T3 Skelgate has been used hard through the flock this time. He has sired sons to £22,000 so far and very excited to see his offspring this time. Very consistent mule breeder, getting bonny to darker lambs. He sired the 2nd prize mule lamb at the Highland show.

V4 Dawyck - Very good T1 Hewgill son retained for our own use. His mother is H38 Dawyck, she is also mother to P56 Dawyck who is breeding excellent mules for Shitlington and Nunnerie. As well as having lambs in the Overburns Champion pen Stirling this year. V4 is a big flashy lamb, tremendous black and white with the breeding to match. We are very much looking forward to seeing his offspring

T29 Shitlington - Bought from Kelso Ram sale for £6200 this time, a tup with an excellent carcass and an extremely sharp look. He came highly recommended for his mules.

T29 was only given 15 bf ewes as a lamb and he produced 2 mule lambs in Shitlington's champion pen at Hexham and 10 lambs in their top run of 70.

Foreward:

My father, Robin, moved to Carry House in 1961 and brought two ewe lambs with him to start the flock. By the mid 1970s he was selling shearlings at Hexham, having some success breeding Mules and getting ambitious! After some disappointing purchases a plain white-faced tup was retained because he bred the best Mules and he was used on two ewes.

Despite misgivings from local breeders, at a time when there was only one type of Leicester and blue cocky types were in demand, the experiment worked and the resulting ewe lambs became the basis of the flock today.

From that time the flock was split and no cross-over of bloodlines took place. The remainder of the ewes became the Traditional type and despite a successful period, they gradually dwindled away.

Those at the Sale will make their own judgement on how the sheep look but I'm proud of the way they're bred and the bloodlines in them. I've been ruthless in not retaining daughters from any tup whose Mules I didn't like – no matter how much they cost or how good their Leicesters.

In my opinion ewes which breed good correct sheep (and whose sons cross well) to different sires are more important than tups, so embryo transfer and line breeding have been used to strengthen and stabilise the top breeding and milky lines. The importance of female families has become more apparent as I've got older and if there's one lesson I can pass on to young breeders – this is it!

The ewe lambs are a complete dispersal with none retained or embryos stored. All are embryos flushed from the top females before sale last December along with the last 2 frozen ones from our old favourite K42.

Virtually all descend from Midlock G34 via the homebred tups, Jackpot (& sisters J46, K41 & K42), Flash & Ronaldo along with Asby Hall L1. I wish everyone well with their purchases and look forward to seeing progeny from them in years to come.

Health Status:

- All in the Heptavac P system
- All injected for Footvax
- All dosed with Liquithrive
- Routine MV blood-testing of females for sale and purchased tups has been carried out for 8 years with no positive cases.

SHOW & SALE SUCCESSES

Reference to Sires:

Midlock G34 - Purchased for £10,000 with Steel and has had a major influence on both flocks with most of our females carrying that bloodline. Quite a few are linebred to him after homebred tups Flash L8, Jackpot J2, N56 & M9 were used in later years.

His first crop of sons sold to £23,000 & £15,000 and the following year Jackpot J2 made £14,000 with a half-share bought back later. Jackpot's brother J1 was Hawes Champion that day before selling for £5,500 and being very influential in Northern Ireland for Holmview & The Fields. Jackpot's brother K1 sold for £12,000 and did well for Maqueston, Forebrae & Allanfauld.

G34 was a very consistent Mule breeder, a trait he passed on to his progeny and his semen is still in demand today.

Highberries Highlander G1 - A half-share was purchased privately from Neil Marston and he turned out to be a top Mule breeder for us both – daughters have been Champion at the Highland, Yorkshire, Alston & Penrith Shows. Sons topped at £11,000 for L1 which bred consistently well for Spurrigg & Yore House with others at £10,000 for both flocks.

Carry House Jackpot J2 - Shared with Riddings after being sold for £14,000, Jackpot's success can be measured by the number of top breeding progeny in the flock book. Sons sold to £23,000, £13,000 & £10,000 (& grandsons to £40,000).

Bred from a Hundith Z4 gimmer bought from Highberries, his Mules were top class – in 2018 he bred 22 in our Champion pen of 25 at Hexham and the Penrith Show Champion in 2020. He also bred show winners and top pen lambs at Riddings every year.

Jackpot's four sisters have left a huge legacy in the Carry House flock with K41 & K42 the best two breeding ewes we've had.

Carry House Flash L8 - Flash was retained and a half share sold to Steel. A son of Highlander G1, he was bred from a daughter of J1 (Jackpot's brother) and was another who could breed big correct Leicesters as well as good Mules. As a result he was used extensively in both flocks with great success.

He sired £28,000 Carry House Ronaldo P1 (shared with Temain & Mistyburn) as well as his brother P3, who has done well at Sealhouses. Many daughters and grand-daughters can be seen in the female pedigrees.

Asby Hall L1 - A son of top Mule breeder Smearsett K1, he was bought at Kirby Stephen for £11,000 with Steel. In 2020 he and Flash had 12 each in the top pen of 25, including the Peebles show Champion.

His females were some of the best breeders in the flock.

Carry House Ronaldo P1 - Sired by Flash out of Farden Popeye's ET sister. Originally sold for £28,000 with a half-share retained & re-sold for £9,000 in October. Bred good to dark Mules and his sons have crossed particularly well (selling to £18,000). Daughters were in demand last December, topping at £15,000 for ewes, £9,000 for gimmers & £5,000(2) for lambs.

Midlock Magic R27 - Bought with Steel for £25,000, he ranks as the best all-round tup used at Carry House, breeding powerful, correct, modern Leicesters and some of the best Mules we've had. Daughters have stood 1st in the Highland Show NEMSA class for the last 3 years with this year's winner going on to be Champion and taking the same award at Penrith. Magic and his lambs have twice won the Penrith Progeny Show and a daughter by him won 1st at Agri-Expo in November.

Ballytober Hijack S1 - Sired by Hewgill R4 & out of a ewe bred at Midlock by Midlock Big Yin H12, he was bought for £28,000 with Steel after Andy Hunter judged him and his Mules at the Antrim Progeny Show. He sired 9 of the top 25 Mules this year including 2 of the show lambs.

In the case of bulls, during the period when the show/sale is open to visitors, bulls in stalls or pens should not be left unattended. AUCTIONEER'S TERMS & CONDITIONS OF SALE

(Incorporating the Auctioneer's
Terms and Conditions)

1. The biddings to be regulated by the Auctioneers and the highest bidder, subject to the Vendor's reserve (if any), to be the purchaser. No bid shall be retracted and if any dispute should arise between two or more bidders, the Lot in dispute to be put up again and resold, or the Auctioneers may determine the dispute at their own discretion and their decision shall be final. The Auctioneers reserve the right to refuse the bid of any person without being called upon to give reason for such action.
2. The Purchaser to give his full name and dwelling place and pay for all Lots purchased immediately at the close of sale. No Lot or Lots shall be removed from the sale premises until paid for and a pass-out slip obtained from the Auctioneer's clerk but each and every Lot shall immediately at the fall of the hammer be considered as delivered and be and remain in every respect at the absolute risk and expense of the respective purchaser or purchasers thereof and shall be removed from the sale premises at the purchaser's expense. The right of property shall not pass until the full purchase price is paid.
3. Purchasers paying by cheque must be prepared, if required, to produce a banker's reference. As a result of the Money Laundering Regulations (2003) the auctioneers are unable to accept cash payments in excess of nine thousand pounds sterling for any any single or linked purchase transaction.
4. All statements in the catalogue, or made by the Auctioneers at the time of sale, also the correct identification of the animals, are the entire responsibility of the Vendors. The Auctioneers take no personal responsibility for the correctness of such statements or identities.
5. All statements in the catalogue, or any made by the Auctioneers at the time of sale relating to any veterinary or other tests are to be taken as statements of fact only. No such statements shall guarantee the purchaser of any animal against loss arising from the subsequent reaction of such animal to any test administered after the sale and the Vendors shall not be liable in any way should this occur.
6. All stock is sold subject to the Conditions of Sale recommended for use at markets by the Livestock Auctioneers' Markets Committee for England and Wales except in so far as these conflict with any Special Conditions applicable to the sale of pedigree stock, when the latter Conditions shall prevail.
7. Neither the Vendors nor the Auctioneers will be responsible for any accident or injury to persons or property, through fire or any other cause whatsoever, nor for any damage by animals prior to, during or after the sale.
8. No undertaking by the Auctioneers or their servants to take charge of any Lot or Lots after the sale or to forward them to their destination shall be held to impose upon the Auctioneers any legal obligation or vitiate any of these Conditions.
9. Inasmuch as the Auctioneers act as agents for a disclosed principal they shall not be considered personally responsible for any default on the part of either purchasers or Vendors and the remedy shall be against them only and not against the Auctioneers.
10. If these conditions are unfulfilled, the Vendors or Auctioneers shall have the power to resell the Lots, retaining any surplus and charging any deficiency and expense to the defaulter.
