THE CARRY HOUSE FLOCK

My father, Robin, moved to Carry House in 1961 and brought two ewe lambs with him to start the flock. By the mid 1970s he was selling shearlings at Hexham, having some success breeding Mules and getting ambitious! After some disappointing purchases a plain white-faced tup was retained because he bred the best Mules and he was used on two ewes.

Despite misgivings from local breeders, at a time when there was only one type of Leicester and blue cocky types were in demand, the experiment worked and the resulting ewe lambs became the basis of the flock today.

From that time the flock was split and no cross-over of bloodlines took place. The remainder of the ewes became the Traditional type and despite a successful period, they gradually dwindled away.

Those at the Sale will make their own judgement on how the sheep look but I'm proud of the way they're bred and the bloodlines in them. I've been ruthless in not retaining daughters from any tup whose Mules I didn't like – no matter how much they cost or how good their Leicesters.

In my opinion ewes which breed good correct sheep (and whose sons cross well) to different sires are more important than tups, so embryo transfer and line breeding have been used to strengthen and stabilise the top breeding and milky lines. The importance of female families has become more apparent as I've got older and if there's one lesson I can pass on to young breeders – this is it!

In the flock there are strong links from Midlock G34 and the homebred tups Jackpot, Flash & Ronaldo. In addition Jackpot's sisters K41 (**Lot 43**) & K42 are the two most successful and influential ewes in the flock, as can be seen by the number of daughters and granddaughters listed - and the successful tups they've bred. Farden L9 was acquired to add a new, proven bloodline and there are many descendants of her too.

In recent years Steel Bruno and Midlock Magic have bred exceptionally well. With the newly purchased Ballytober Hijack, Magic & Ronaldo constitute three proven service sires.

The normal flushing programme has been carried out and apart from one recipient, sold with **Lot 43**, all embryos (including frozen) have been implanted and retained. The 2025 crop of lambs will be our last – tups will be sold as normal and all females will be sold December 2025 or January 2026.

I wish everyone well with their purchases and look forward to seeing progeny from them in years to come.

Health Status

- All in the Heptavac P system.
- All injected with Footvax.
- All adult sheep injected with Toxovax and Enzovax.
- All dosed with Liquithrive.

Reference to Sires

Midlock G34 - Purchased for £10,000 with Steel and has had a major influence on both flocks with most of our females carrying that bloodline. Quite a few are linebred to him after homebred tups Flash L8, Jackpot J2, N56 & M9 were used in later years.

His first crop of sons sold to £23,000 & £15,000 and the following year Jackpot J2 made £14,000 with a half-share bought back later. Jackpot's brother J1 was Hawes Champion that day before selling for £5,500 and being very influential in Northern Ireland for Holmview & The Fields. Jackpot's brother K1 sold for £12,000 and did well for Maqueston, Forebrae & Allanfauld.

G34 was a very consistent Mule breeder, a trait he passed on to his progeny and his semen is still in demand today.

Highberries Highlander G1 - A half-share was purchased privately from Neil Marston and he turned out to be a top Mule breeder for us both – daughters have been Champion at the Highland, Yorkshire, Alston & Penrith Shows. Sons topped at £11,000 for L1 which bred consistently well for Spurrigg & Yore House with others at £10,000 for both flocks.

Carry House Jackpot J2 - Shared with Riddings after being sold for £14,000, Jackpot's success can be measured by the number of top breeding progeny in the flock book. Sons sold to £23,000, £13,000 & £10,000 (& grandsons to £40,000).

Bred from a Hundith Z4 gimmer bought from Highberries, his Mules were top class – in 2018 he bred 22 in our Champion pen of 25 at Hexham and the Penrith Show Champion in 2020. He also bred show winners and top pen lambs at Riddings every year.

Jackpot's four sisters have left a huge legacy in the Carry House flock with K41 (**Lot 43**) & K42 the best two breeding ewes we've had.

Carry House Flash L8 - Flash was retained and a half share sold to Steel. A son of Highlander G1, he was bred from a daughter of J1 (Jackpot's brother) and was another who could breed big correct Leicesters as well as good Mules. As a result he was used extensively in both flocks with great success.

He sired £28,000 Carry House Ronaldo P1 (shared with Temain & Mistyburn) as well as his brother P3, who has done well at Sealhouses. Many daughters and grand-daughters can be seen in the female pedigrees.

Asby Hall L1 - A son of top Mule breeder Smearsett K1, he was bought at Kirby Stephen for £11,000 with Steel. In 2020 he and Flash had 12 each in the top pen of 25, including the Peebles show Champion.

His females are some of the best breeders in the flock.

Carry House M9 - Sired by Flash, shares were bought back in M9 by ourselves and Highberries after seeing his Mules at David & Harrison Collingwood's, Intake Farm. They were some of the flashiest lambs around and at the Tow Law Sale had all 10 in their top pen for two years by him and his sons.

West Biggins N2 - A £12,000 purchase at Carlisle with Steel by the top Mule breeder, Highberries H2 - Brothers N3 (at Lands Farm) & N5 (at Keer) are both breeding well. Shared with Steel & Allenshields he breeds top pen lambs for us all every year.

Highberries H2 - Prolific show lamb breeder for the Reed family, Lands Farm. Sire of the majority of lambs in the Champion pen at the Tow Law Sale for the last 7 years.

Carry House N56 - Hundith Z4 son and out of the top breeding ewe K41 (Jackpot's sister), making him linebred to Z4.

Carry House Ronaldo P1 - Alan Shennan's lambs by Blarnavaid J14 were some of the best Scotch Mules I've seen.

Having acquired a daughter Farden L9 (**Lot 4**) and then kept a share of Ronaldo (by Flash) out of her, there is quite a bit of that bloodline through the flock now. His Mules are good to dark but sons have bred particularly well, selling to £18,000 (T37) & £13,000 (R3).

Spurrigg N2 - Purchased for £8,500 with Steel & West Biggins after seeing Oakhouse Mules by his sire Hewgill M1. Had 4 in the top pen of Mules in his first year then died prematurely, hence buying a share in his son Steel Bruno. Spurrigg sons sold to £12,000.

Steel Bruno R37 - Tremendous looking and breeding tup who only produced one crop of lambs (and no semen). Had six Mules in the top 25 with sons selling and breeding particularly well. S5 (£14,000 to Marriforth), S6 (£9,000 to Macqueston, Forebrae & Beeches) & S3 (£8,000 to Silver Hill) are particularly noteworthy.

Midlock Magic R27 - Top all round tup, bought with Steel for £25,000, who ranks with Jackpot & Bruno as the best Mule breeders used at Carry House. Had 5 in the top 25 as a lamb and 22 this year including all 12 lambs that were shown. Magic and 3 Mules won the Penrith Progeny Show. Sire of the Highland Show winning Nemsa Mule lambs in 2023 & 2024. Sons topped at £20,000 (T1) while Steel sons sold to £45,000, £30,000 & £14,000.

Ballytober Hijack S1 - Sired by £7,500 Hewgill R4 and out of a ewe bred at Midlock by Midlock Big Yin H12.

Bought for £28,000 with Steel after Andy Hunter judged him at the Antrim Progeny Show. In big classes his Mules won 1st & 2nd in the Singles, 1st Group of 3 & Champion Progeny Group.

Service Details: Served 23/10/24 Carry House Ronaldo P1.

This ewe has been flushed with 14 embryos being retained.

Another favourite, out of Jackpot's ET sister J46, who graduated to the flush team this year. Having taken 6 months to recover from a badly broken leg as a lamb, she isn't the biggest ewe but punches above her weight, is particularly milky and a very consistent breeder. Her wool peels off every Spring and grows back coarse but she always breeds very good skinned lambs. M76 has clicked very well with Ronaldo & sells back in lamb to him again. Sons this way bred have sold to £5,000 (R4), £4,200 (T37) & £3,200 (S37). Daughters S72 (**Lot 48**), S70 (**Lot 68**), S71 (**Lot 49**) & T102 (**Lot 99**) are some of the best in the sale. M76 is sister to S88 (**Lot 65**).

All visitors and traders will be responsible for ensuring that their operations in no way affect the integrity of the company or its fire, safety or security arrangements and in no way compromise the health and safety and welfare of other visitors to and or employees of Harrison & Hetherington.

Although it is the visitors and traders responsibility to ensure that plant, equipment and systems in work are safe, Harrison & Hetherington Limited reserve the right to ask any visitor or trader to leave the market for any breaches in the Health and Safety Rules and/or Regulations.

Vendors must inform Harrison & Hetherington Limited of any livestock due to attend the market whose temperament, behaviour or condition may call for additional precautions for its safe handling.

When loading or unloading livestock handlers must ensure that the dock and vehicle gates are securely fixed so as to prevent the escape of animals.

Traders are responsible for providing and maintaining suitable livestock handling equipment. They should ensure that livestock handlers are fit, experienced in livestock handling and familiar with the livestock in their charge.

Children must not be permitted in any area where they may be at risk from livestock or machinery.

In the case of bulls, during the period when the show/sale is open to visitors, bulls in stalls or pens should not be left unattended. If the handler is temporarily absent, arrangements should be made with another vendor, steward or member of Harrison & Hetherington staff to oversee the bull until the handler returns.

Handling of Livestock at shows and sales: Harrison & Hetherington Limited recommend that an adult person should accompany any junior person during the showing/sale of livestock in the ring and reserves the right to intervene at any point if, in the company's opinion, the person showing the livestock is at risk in undertaking that activity.

Passageways must be kept clear at all times during the auction sale. **PLEASE DO NOT STAND IN THE SALE RING ENTRANCE AND EXIT PASSAGES.**

The auction ring man escapes and refuges must be kept clear at all times.

All portable electrical equipment supplied and/or used by visitors and traders must be safe and fit for the purpose and should have a valid portable appliance test certificate.

AUCTIONEER'S TERMS & CONDITIONS OF SALE

(Incorporating the Auctioneer's
Terms and Conditions)

1. The biddings to be regulated by the Auctioneers and the highest bidder, subject to the Vendor's reserve (if any), to be the purchaser. No bid shall be retracted and if any dispute should arise between two or more bidders, the Lot in dispute to be put up again and resold, or the Auctioneers may determine the dispute at their own discretion and their decision shall be final. The Auctioneers reserve the right to refuse the bid of any person without being called upon to give reason for such action.
2. The Purchaser to give his full name and dwelling place and pay for all Lots purchased immediately at the close of sale. No Lot or Lots shall be removed from the sale premises until paid for and a pass-out slip obtained from the Auctioneer's clerk but each and every Lot shall immediately at the fall of the hammer be considered as delivered and be and remain in every respect at the absolute risk and expense of the respective purchaser or purchasers thereof and shall be removed from the sale premises at the purchaser's expense. The right of property shall not pass until the full purchase price is paid.
3. Purchasers paying by cheque must be prepared, if required, to produce a banker's reference. As a result of the Money Laundering Regulations (2003) the auctioneers are unable to accept cash payments in excess of nine thousand pounds sterling for any any single or linked purchase transaction.
4. All statements in the catalogue, or made by the Auctioneers at the time of sale, also the correct identification of the animals, are the entire responsibility of the Vendors. The Auctioneers take no personal responsibility for the correctness of such statements or identities.
5. All statements in the catalogue, or any made by the Auctioneers at the time of sale relating to any veterinary or other tests are to be taken as statements of fact only. No such statements shall guarantee the purchaser of any animal against loss arising from the subsequent reaction of such animal to any test administered after the sale and the Vendors shall not be liable in any way should this occur.
6. All stock is sold subject to the Conditions of Sale recommended for use at markets by the Livestock Auctioneers' Markets Committee for England and Wales except in so far as these conflict with any Special Conditions applicable to the sale of pedigree stock, when the latter Conditions shall prevail.
7. Neither the Vendors nor the Auctioneers will be responsible for any accident or injury to persons or property, through fire or any other cause whatsoever, nor for any damage by animals prior to, during or after the sale.
8. No undertaking by the Auctioneers or their servants to take charge of any Lot or Lots after the sale or to forward them to their destination shall be held to impose upon the Auctioneers any legal obligation or vitiate any of these Conditions.
9. Inasmuch as the Auctioneers act as agents for a disclosed principal they shall not be considered personally responsible for any default on the part of either purchasers or Vendors and the remedy shall be against them only and not against the Auctioneers.
10. If these conditions are unfulfilled, the Vendors or Auctioneers shall have the power to resell the Lots, retaining any surplus and charging any deficiency and expense to the defaulter.
11. You have a right to know how we will use the information you have provided to us.
