FOREWORD

Deerslet Farm has been the home of the Deerslet dairy herd since 1969 situated in a picturesque part of the north of England known as Westmorland, famous for growing quality grass and legendary dairy cattle. Steve Lawson owns and manages the Deerslet herd; he has had many successes over the years, however he has decided to retire from milking cows and is selling his complete pedigree Holstein herd including all the youngstock.

The Lawson family are well known throughout the UK's Holstein and dairy circles for breeding quality cattle that go and perform exceptionally well in all modern dairy systems. Holsteins were first introduced to Deerslet in 1978 by Steve's father Richard with the advice and help of Jack Collinson, a Lancashire farmer famous for importing Canadian Holsteins.

In 1990 the herd was split when Richard's brother John moved to Sweetings Farm who went on to develop another well-known successful pedigree herd. 1992 saw the milking portion of the Deerslet herd dispersed with all the youngstock retained. This was the best sale of the year averaging £1939 and topping at 8,000gns for a standout young cow.

Some of the best Holstein lines from Holland were introduced into the Deerslet herd following the sale in 1992 and many of these lines form the backbone of today's herd. A close relationship with Mr Henk Bles from Bles Dairies resulted and Richard and Steve sourced many high quality Dutch cattle for UK clients over the years.

Some of the most cherished memories for the Lawson family have been the successful outings to the Shows. In 1995 they won Supreme Champion at the European Dairy Event with Deerslet Betta, this unique line of Holsteins feature in the catalogue, checkout **Deerslet Lighthouse Betta VG88 (lot 6)**. **Deerslet Rocket Carol EX** won the inspection of milking trial cows at the European Dairy Event, several family members sell (starting at lot 15). More recently **Deerslet Damion Fortune EX93** was named Reserve Champion at the Westmorland County Show, several direct descendants sell including **Deerslet Altapainter Fortune VG85 3YR (lot 41)**.

Today's modern highly productive herd ticks all the boxes for forward thinking milk producers. Currently the milking herd is grazed from April until October with cake fed at milking time. The winter ration is a semi TMR consisting of grass silage, straw and fodder beet, they are housed in cubicles and milked twice a day. Current production is **8842kgs 4.31% butterfat 3.23% protein** at the most recent milk recording the herd averaged **31.04kgs** with an average cell count of 79.

This is a youthful herd with **47 heifers in milk, 27 second calvers, 13 third calvers, 6 forth calvers and 12 fifth calvers selling**. The herd calves all year round with **34 Summer Calvers selling**. Most of the cows and in calf heifers carry female pregnancies with **33 cows due from now until December**. An additional **26 In Calf heifers** will also calve before Christmas.

The classifications speak for themselves with **20 Excellent cows selling, this includes 4 Excellent 94 pointed cows** and a maximum scored Excellent 93 third lactation cow, **Deerslet Applicable Binky EX93 (lot 12)** along with her daughters (Lots 12A, 113, 144). **43 Very Good cows sell, including 3 VG88 cows in their second lactation and 16 Very Good milking heifers sell.** There are an additional **28 Good Plus milking heifers** and 9 Good Plus cows with only 9 heifers not classified.

The youngstock that feature in this special dispersal sale are outstanding and are bred by the sires in the breed including **MYSTIQUE ANIMATION, PEAK ALTAGULLIVER, PEAK ALTAPOWERBUCK, OH-RIVER-SYC CRUSHABULL PEAK ALTAEXEMPLARY and PEAK ALTAGETRICH.** The majority of these special heifers are bred from deep cow families with Excellent and very Good dams backed up by generations of dams that have classified in the top grades. This wonderful group of heifers comprise of 61 In calf heifers (26 due from now until Christmas), 30 bulling heifers (13-17 months old), 57 yearling heifers under 12 months sell (27 heifer calves born in 2024).

I highly recommend this special complete dispersal sale to all milk producers. There are two lifetimes of astute breeding decisions and carefully selected genetics included in the Deerslet sale. The breeding power on offer will continue to have a positive impact within Holstein bloodlines just make sure its going to be within your herd on the 28th August.

Glyn Lucas

Herd Health

The herd is vaccinated for BVD and Lepto (all booster have been given in the spring) All heifers 12 months or older have been vaccinated for BVD. Testing for Johnes has been ongoing for years and the herd is free of the disease. The herd is in an annual TB testing area and there has never been TB within the herd. The last herd test was on 5th August 2024.

HEALTH AND SAFETY RULES HARRISON & HETHERINGTON LIMITED NOTICE TO ALL VISITORS AND TRADERS PLEASE READ AND OBSERVE THE FOLLOWING

All visitors and traders on site will be responsible for ensuring that they and their employees or sub-contractors engaged by them comply with all legal requirements, including the Health and Safety At Work etc., Act 1974, The Management of Health and Safety At Work Regulations, The Provision And Use of Work Equipment Regulations, etc.

All visitors and traders will be responsible for ensuring that their operations in no way affect the integrity of the company or its fire, safety or security arrangements and in no way compromise the health and safety and welfare of other visitors to and or employees of Harrison & Hetherington.

Although it is the visitors and traders responsibility to ensure that plant, equipment and systems in work are safe, Harrison & Hetherington Limited reserve the right to ask any visitor or trader to leave the market for any breaches in the Health and Safety Rules and/or Regulations.

Vendors must inform Harrison & Hetherington Limited of any livestock due to attend the market whose temperament, behaviour or condition may call for additional precautions for its safe handling.

When loading or unloading livestock handlers must ensure that the dock and vehicle gates are securely fixed so as to prevent the escape of animals.

Traders are responsible for providing and maintaining suitable livestock handling equipment. They should ensure that livestock handlers are fit, experienced in livestock handling and familiar with the livestock in their charge.

Children must not be permitted in any area where they may be at risk from livestock or machinery.

In the case of bulls, during the period when the show/sale is open to visitors, bulls in stalls or pens should not be left unattended. If the handler is temporarily absent, arrangements should be made with another vendor, steward or member of Harrison & Hetherington staff to oversee the bull until the handler returns.

Handling of Livestock at shows and sales: Harrison & Hetherington Limited recommend that an adult person should accompany any junior person during the showing/ sale of livestock in the ring and reserves the right to intervene at any point if, in the company's opinion, the person showing the livestock is at risk in undertaking that activity.

Passageways must be kept clear at all times during the auction sale. **PLEASE DO NOT STAND IN THE SALE RING ENTRANCE AND EXIT PASSAGES.**

The auction ring man escapes and refuges must be kept clear at all times.

All portable electrical equipment supplied and/or used by visitors and traders must be safe and fit for the purpose and should have a valid portable appliance test certificate.

AUCTIONEER'S TERMS & CONDITIONS OF SALE

(Incorporating the Auctioneer's
Terms and Conditions)

1. The biddings to be regulated by the Auctioneers and the highest bidder, subject to the Vendor's reserve (if any), to be the purchaser. No bid shall be retracted and if any dispute should arise between two or more bidders, the Lot in dispute to be put up again and resold, or the Auctioneers may determine the dispute at their own discretion and their decision shall be final. The Auctioneers reserve the right to refuse the bid of any person without being called upon to give reason for such action.
2. The Purchaser to give his full name and dwelling place and pay for all Lots purchased immediately at the close of sale. No Lot or Lots shall be removed from the sale premises until paid for and a pass-out slip obtained from the Auctioneer's clerk but each and every Lot shall immediately at the fall of the hammer be considered as delivered and be and remain in every respect at the absolute risk and expense of the respective purchaser or purchasers thereof and shall be removed from the sale premises at the purchaser's expense. The right of property shall not pass until the full purchase price is paid.
3. Purchasers paying by cheque must be prepared, if required, to produce a banker's reference. As a result of the Money Laundering Regulations (2003) the auctioneers are unable to accept cash payments in excess of nine thousand pounds sterling for any single or linked purchase transaction.
4. All statements in the catalogue, or made by the Auctioneers at the time of sale, also the correct identification of the animals, are the entire responsibility of the Vendors. The Auctioneers take no personal responsibility for the correctness of such statements or identities.
5. All statements in the catalogue, or any made by the Auctioneers at the time of sale relating to any veterinary or other tests are to be taken as statements of fact only. No such statements shall guarantee the purchaser of any animal against loss arising from the subsequent reaction of such animal to any test administered after the sale and the Vendors shall not be liable in any way should this occur.
6. All stock is sold subject to the Conditions of Sale recommended for use at markets by the Livestock Auctioneers' Markets Committee for England and Wales except in so far as these conflict with any Special Conditions applicable to the sale of pedigree stock, when the latter Conditions shall prevail.
7. Neither the Vendors nor the Auctioneers will be responsible for any accident or injury to persons or property, through fire or any other cause whatsoever, nor for any damage by animals prior to, during or after the sale.
8. No undertaking by the Auctioneers or their servants to take charge of any Lot or Lots after the sale or to forward them to their destination shall be held to impose upon the Auctioneers any legal obligation or vitiate any of these Conditions.
9. Inasmuch as the Auctioneers act as agents for a disclosed principal they shall not be considered personally responsible for any default on the part of either purchasers or Vendors and the remedy shall be against them only and not against the Auctioneers.
10. If these conditions are unfulfilled, the Vendors or Auctioneers shall have the power to resell the Lots, retaining any surplus and charging any deficiency and expense to the defaulter.
11. You have a right to know how we will use the information you have provided to us. We may share the information with other members of our group and may make this information available to relevant media groups and other interested parties on request. We and other members of the group may contact you by telephone, e-mail, post or fax to inform you of products or services available. If you do not want to be contacted for marketing purposes or do not wish your information to be made available to any other parties please notify us in writing.
