## DENMIRE DIAMONDS

When you get an invitation to select what you want for a special sale then you grasp the opportunity with both hands. That's exactly what I had the pleasure of doing at Denmire a few weeks ago when Andrew and Stephen first discussed the possibility of selling the **BEST** from Denmire. This special group of 70 cows and heifers are the **BEST** from this phenomenal herd. They are what all Holstein breeders and milk producers aspire to milk each day.

When I say the **BEST** sell it means you have the opportunity to buy **SPECIAL** individuals. For example, the 1ST cow in the ring **DENMIRE SIDEKICK MARIE 565 EX91** is fresh in her third. Her third dam sold for 19,000gns in the Black & White Sale and she was preceded by three Excellent 94 pointed dams.

This outstanding group is currently averaging **35kgs** and comprises 38 heifers in milk, 22 second calvers and 10 cows in their third and are all recently calved.

### So why the Denmire Diamonds?

**Diamonds are beautiful and stylish** and so is this incredible sale group. There are currently **4 Excellent and 43 Very Goods** selling. This includes 5 VG88 cows in their second lactation and 19 VG two year olds, of which four are VG87 heifers! 23 of the animals selling are bred from Excellent dams with a further 39 bred from Very Goods classified dams. In total 54 of the animals selling are bred from pedigrees with at least six generations of Excellent or Very Good!

**Diamonds are Forever** and just like Diamonds the cattle from Denmire have amazing longevity and stability. **To date Denmire have bred 81 cows that have achieved the 100 ton milestone!** These amazing cows have all scored Excellent with an average score of EX92.5 4E with many of them featuring in this catalogue. The **BEST** of these phenomenal cows was **MT Sundae EX95** who completed her milking career with **200 ton** of milk in eleven lactations. Please check out **LOT 106 DENMIRE MIAMI SUNDAE VG85 2YR** and great granddaughter of Sundae!

**Diamonds are the hardest naturally occurring substance on earth and are created under pressure.** No one can question the hardness and fitness of the Denmire herd and their ability to perform at the highest level in all systems. Currently the 450 cows at Denmire are averaging just over **10042kgs 4.08% 3.46%** on twice a day milking. These records have been produced in facilities that are congested and you can be confident that with more space these animals can achieve even higher records.

In 2017 Denmire Bandares Marie Anne was born, she was the 7th generation of homebred Maries to be still living at the farm. Her dam was a VG Flame out of a VG88 Meridian then an Excellent Bogart with over 90ton. The rest of the pedigree has three Excellent 94's, four dams over 100 ton lifetime and a former Number 1 GTPI Cow in Goldwyn Marie 102. Please checkout **LOT 119** from this amazing line of long life cows!

**Diamonds are timeless and sparkle and never go out of style or fashion.** For over 50 years Denmire Holsteins have been at the forefront of the British breeding. The herd was established by John and Margaret in 1973 and is now managed by their sons Andrew & Stephen who farm over 1000 acres at Scales Park Farm. The philosophy has never changed at Denmire with the aim to breed Excellent cows that can produce 100 tons plus of milk in the shortest time possible.

The herd is housed in cubicles so it's essential that they have sound legs and feet, have quality udders and the slogan "trouble free" is never far from any breeding decision when selecting a bull. The herd was awarded Master Breeder status in 2017 one of the highest accolades in breeding.

This special group feature all of the prolific cow families that form the back bone to this great herd and include the **MARIE, ROXY, REBA, PAMELA, MARQ I, SUNDAE, ISIS, LAURIE SHEIK & EMILYANN.**

I would love to be milking this great group of cows and heifers and I highly recommend them to all Holstein breeders and milk producers currently in the market for quality cows that will perform at the highest level. The old proverb 'the proof of the pudding is in the eating' applies to this special sale. They are breeder satisfaction cattle and I have had enormous pleasure in hearing positive feedback from buyers of Denmire genetics over the years and this group is the **BEST** yet!

### Herd Health

The herd is vaccinated for IBR, BVD & Lepto and is BVD accredited free. The herd is Johnes monitored and the farm is in a four-year TB testing area.
