FOREWORD

We would like to offer everyone an extremely warm welcome to the final part of our major reduction sale.

We farm as a family at Neuadd-Blaeduhonw in Mid-Wales. The farm runs from 1050ft above sea level to 1550ft. We pride ourselves for being honest, genuine breeders responsibly breeding sheep for future generations. I have been fortunate enough to have been able to do my dream job, but after long deliberation we made the decision to majorly reduce our flocks in December 2024, due to suffering for many years with a bad back, with it no longer allowing me to manage the flock in the way I believe it deserves to be.

We started breeding Texels in 2010, with the aim to breed top quality commercial rams, with the traits we feel are important; skin, locomotion, carcass, and character as well as being their ability to hold flesh off grass. We are selling the remaining 30 gimmers and believe this is another opportunity to get your hands on some of the most successful genetics in the breed.

I would like to thank my family who have supported and encouraged me with my Pedigree flocks, as well as all our past and present customers, and the friends we have made along the way over the many enjoyable years breeding.

Finally, I want to wish the very best of luck with any purchases today and sincerely hope they bring you as much joy and success as they have to us.

Michael James
