TIBIAL HEMIMELIA

At a meeting of the Council of the Society in February 1993 the regulations governing Tibial Hemimelia were reviewed and are now published as follows:

A Veterinary Certificate which is to include the blood grouping of the calf, the dam and if possible the sire or an AI Certificate if appropriate is then to be forwarded to the Secretary. The Society will pay the sum of £50 to cover these Veterinary costs. (This payment is restricted to one payment per sire notified.)
2. Bulls Born after 1st September 1979 will not be accepted for registration if they have notified Tibial Hemimelia carriers in the first or second generations of their pedigrees.
3. Females will not be accepted for registration by sires known to be carrier animals except those conceived before the time the sire was notified as a carrier.
4. No Export Certificate will be issued for Bulls which have a Tibial Hemimelia carrier in the first two generations effective at time of export.
5. No Export Certificate will be issued for Heifers, the Sire or Dam of which is a Tibial Hemimelia carrier, effective at time of export.

7. Pedigree Galloway Bulls, if mated with a Galloway Cow and siring a calf with the condition of Tibial Hemimelia, when advised to the Society, will result in the Society making an offer to purchase the said Bull for the sum of £1000 sterling. Vendors must inform Harrison & Hetherington Limited of any livestock due to attend the market whose temperament, behaviour or condition may call for additional precautions for its safe handling.

When loading or unloading livestock handlers must ensure that the dock and vehicle gates are securely fixed so as to prevent the escape of animals.

Traders are responsible for providing and maintaining suitable livestock handling equipment. They should ensure that livestock handlers are fit, experienced in livestock handling and familiar with the livestock in their charge.

Children must not be permitted in any area where they may be at risk from livestock or machinery.

In the case of bulls, during the period when the show/sale is open to visitors, bulls in stalls or pens should not be left unattended. If the handler is temporarily absent, arrangements should be made with another vendor, steward or member of Harrison & Hetherington staff to oversee the bull until the handler returns.

Handling of Livestock at shows and sales: Harrison & Hetherington Limited recommend that an adult person should accompany any junior person during the showing/sale of livestock in the ring and reserves the right to intervene at any point if, in the company's opinion, the person showing the livestock is at risk in undertaking that activity.

Passageways must be kept clear at all times during the auction sale. **PLEASE DO NOT STAND IN THE SALE RING ENTRANCE AND EXIT PASSAGES.**

The auction ring man escapes and refuges must be kept clear at all times.

All portable electrical equipment supplied and/or used by visitors and traders must be safe and fit for the purpose and should have a valid portable appliance test certificate.
