GLEBEFARM TUPTASTIC II

We are delighted to welcome you back to our second online sale.

Last year's sale was a leap of faith for us and for our buyers, and we have been almost as delighted with the performance of those tups as our buyers have been. It is very rewarding to see our tups perform equally as well in commercial flocks as pedigree flocks. The Glebefarm breeding programme is built on strong maternal traits, which we describe as "Triple M" - meaty, milky, mothers. We focus on the fundamentals that make North Country Cheviots so special, and those strong maternal traits are bred into every tup we're offering, which makes them an ideal crossing option for any flock.

It's not all about the boys this year either. We're also offering a classy batch of eleven powerful Suffolk Cheviot shearling ewes which will add value to any commercial flock.

New for this we are inviting Glebefarm customers to become part of the flock's future. Buyers will have the opportunity to consign progeny as guest vendors at future Glebefarm sales, helping our customers grow and market their own genetics with our marketing support behind them

Our thanks to Rachel, James and Kathryn whose dedication in preparing and marketing these sheep for sale has been outstanding.

All lots are eligible for export to the UK and Republic of Ireland.

Good luck with your bidding and thank you for your interest in Glebefarm Livestock's North Country Cheviots.

Alfie & Elaine Shaw

LOT
1

GLEBEFARM FIRST CLASS

SIRE : *Allanshaw Crystal*

First up for this years sale is a very special two -shear ram that really lives up to his name having won the cheviot ram of any age title at the 2026 National Show on his only ever show outing. He has stood out from very early on with his super length, power and style. So if it is length and style you want to add to your flock to breed those future prizewinners, look no further than First Class!

LOT
2

GLEBEFARM FULL MONTY

SIRE : *Allanshaw Crystal*

An absolute meat machine is one of the only ways we can describe this stand out two-shear ram! Full Monty is without a doubt the best bodied ram ever bred here at Glebefarm! To accompany his super carcass is a razor sharp head, making him really the full package. We think this boy will go far in the future, breeding tremendous body and style to any pedigree or commerical flock!

**LOT
3**

GLEBEFARM FALCON

SIRE : *Allanshaw Crystal*

A big scopey tup with a super nose end and a bright eye. He also stands with a strong leg in each corner. A real breeders ram!

**LOT
4**

GLEBEFARM FIELD MASTER

SIRE : *Allanshaw Crystal*

Like his name suggests this ram is a master of the field having been used very successfully on our batch of commercial ewes last year, leaving a scanning percentage of 198%. He is a serious bodied ram with a big eye, two very strong traits that he passed onto his entire crop of lambs as well as sharp heads and bright colours.

LOT
5

GLEBEFARM **FABIO**

SIRE : *Allanshaw Crystal*

What a set of bright eyes Fabio has! With these big bright eyes he sure won't miss any girls this season!

LOT
6
