FOREWORD

Greenmoorside Farm is situated in the West Cumbria coast line with views across to the Isle of Man and Northern Ireland. This has been my home and home to the Greenmoorside Holstein Friesian herd for the past forty years.

In June 2014 due to unforeseen circumstances the dairy herd was dispersed and all the youngstock were retained. Milking recommenced in June 2015 with the original youngstock plus 80 freshly calved cows that I purchased from several leading herds in Ireland.

Since then, all the stock have been home bred or purchased from my brothers well known Julian Holme pedigree herd.

I have taken the decision to retire from milking cows, although I still love milking and working with my cows, I want to have the ability to spend more time with family and friends.

This complete dispersal of the entire milking herd including all the youngstock are good honest hardworking cows, they are grazed in the spring and summer and housed in cubicles during the winter months. They are milked through a 16/32 herringbone parlour twice a day and are currently averaging **7378kgs at 4.34% butterfat and 3.41% protein** with an average cell count of 150. During the winter months we feed a TMR, however my emphasis has always been on grazing for as long as possible in the season and I truly believe there is scope for these cows to go on and produce a lot more milk in a more intensive system.

The herd **comprises 35 heifers in milk, 33 second calvers, 36 third calvers & 33 cows with four or more calvings. 43 are freshly calved with 49 due in August, September & October.** No less than 25 cows are giving 40kgs and above. Genus has supplied all the genetics for the past 20 years and I would like to thank Ian Caddy for all his help and advice over the years.

One of the **BIG ATTRACTIONS** in this sale are my youngstock, they are well grown and display enormous potential. **21 In Calf heifers sell in-calf to top AI sexed sires followed by 38 bulling heifers & 41 heifer calves.**

I would like to thank everyone who has enabled me to live my dream and have a lifetime working with my animals.

A special thank you to: Peter who has worked with me for over twenty years and to my nephew Josh for the last three years and to Andrew and David for their relief support at the weekends. Massive thanks to Paul and Joan Henderson, my mentors who kept me going when times got tough. Thanks to Ian Wozencroft for twenty years of Nutritional support for the herd and to all my suppliers most who have advertised in my catalogue, a BIG THANK YOU!

Finally, thank you to my family and friends who have put up with all the cow pictures and videos and the smelly impromptu visits. You all helped me be the cow crazy lady ☺

Liz

Herd Health

The herd is vaccinated for IBR BVD and Lepto. All of the animals selling are BVD Tag tested. The herd is fully vaccinated for Blue Tongue (2nd dose given on the 23rd June Bultavo 3). The herd has been Johnes screened for many years and is regarded as a low risk herd. The herd is in a four year TB testing area and there has never been TB in the herd.

Long Barn Agri (trading as BOS Associates Ltd.) has had the pleasure of working with and supporting Elizabeth Sherwen over the last 20 years. We send our warmest wishes for a wonderful retirement.

AUCTIONEER'S TERMS & CONDITIONS OF SALE

(Incorporating the Auctioneer's
Terms and Conditions)

1. The biddings to be regulated by the Auctioneers and the highest bidder, subject to the Vendor's reserve (if any), to be the purchaser. No bid shall be retracted and if any dispute should arise between two or more bidders, the Lot in dispute to be put up again and resold, or the Auctioneers may determine the dispute at their own discretion and their decision shall be final. The Auctioneers reserve the right to refuse the bid of any person without being called upon to give reason for such action.
2. The Purchaser to give his full name and dwelling place and pay for all Lots purchased immediately at the close of sale. No Lot or Lots shall be removed from the sale premises until paid for and a pass-out slip obtained from the Auctioneer's clerk but each and every Lot shall immediately at the fall of the hammer be considered as delivered and be and remain in every respect at the absolute risk and expense of the respective purchaser or purchasers thereof and shall be removed from the sale premises at the purchaser's expense. The right of property shall not pass until the full purchase price is paid.
3. Purchasers paying by cheque must be prepared, if required, to produce a banker's reference. As a result of the Money Laundering Regulations (2003) the auctioneers are unable to accept cash payments in excess of nine thousand pounds sterling for any single or linked purchase transaction.
4. All statements in the catalogue, or made by the Auctioneers at the time of sale, also the correct identification of the animals, are the entire responsibility of the Vendors. The Auctioneers take no personal responsibility for the correctness of such statements or identities.
5. All statements in the catalogue, or any made by the Auctioneers at the time of sale relating to any veterinary or other tests are to be taken as statements of fact only. No such statements shall guarantee the purchaser of any animal against loss arising from the subsequent reaction of such animal to any test administered after the sale and the Vendors shall not be liable in any way should this occur.
6. All stock is sold subject to the Conditions of Sale recommended for use at markets by the Livestock Auctioneers' Markets Committee for England and Wales except in so far as these conflict with any Special Conditions applicable to the sale of pedigree stock, when the latter Conditions shall prevail.
7. Neither the Vendors nor the Auctioneers will be responsible for any accident or injury to persons or property, through fire or any other cause whatsoever, nor for any damage by animals prior to, during or after the sale.
