FOREWORD

The HAWKSLAND Holstein Friesian herd is an impressive herd of robust highly functional cows in excellent body condition. Hawksland Farm is near the town of Lesmahagow in Lanarkshire where the King family have been dairy farming for many years but are now retiring from farming.

The herd is managed in straightforward system, grazing from April time until the weather permits in the autumn. Quality grass silage is fed during the winter months with cake fed according to yield at milking time and they are housed in cubicles.

The herd is currently averaging 7934kgs 4.34% bf 3.48% p cc126 on twice a day milking at the latest recording the herd was averaging 30.82kgs. The herd comprises 19 heifers in milk, 12 second calvers, 25 third calvers & 22 cows with four or more calvings. The milking heifers are sired by ABS Sassafras, Seagull-Bay Stardust & Bomaz Getaway. 16 are freshly calved with 38 due early summer and 14 due in the autumn.

One of the BIG ATTRACTIONS in this sale are the youngstock, they are well grown and display enormous potential. In-calf heifers sell due from July to December and the bulling heifers and heifer calves are well grown and will make outstanding cows in the future.

Health Status

The herd is vaccinated for Lepto, the booster was given in May 2025. All the animals are BVD Tag tested and the herd is free. The herd has been Johnes tested for several years and is regarded as low risk. The farm is situated in a four year TB testing area, the last herd test was in March 2024 and there has never been a case on the farm.

Although it is the visitors and traders responsibility to ensure that plant, equipment and systems in work are safe, Harrison & Hetherington Limited reserve the right to ask any visitor or trader to leave the market for any breaches in the Health and Safety Rules and/or Regulations.

Vendors must inform Harrison & Hetherington Limited of any livestock due to attend the market whose temperament, behaviour or condition may call for additional precautions for its safe handling.

When loading or unloading livestock handlers must ensure that the dock and vehicle gates are securely fixed so as to prevent the escape of animals.

Traders are responsible for providing and maintaining suitable livestock handling equipment. They should ensure that livestock handlers are fit, experienced in livestock handling and familiar with the livestock in their charge.

Children must not be permitted in any area where they may be at risk from livestock or machinery.

In the case of bulls, during the period when the show/sale is open to visitors, bulls in stalls or pens should not be left unattended. If the handler is temporarily absent, arrangements should be made with another vendor, steward or member of Harrison & Hetherington staff to oversee the bull until the handler returns.

Handling of Livestock at shows and sales: Harrison & Hetherington Limited recommend that an adult person should accompany any junior person during the showing/sale of livestock in the ring and reserves the right to intervene at any point if, in the company's opinion, the person showing the livestock is at risk in undertaking that activity.

Passageways must be kept clear at all times during the auction sale. PLEASE DO NOT STAND IN THE SALE RING ENTRANCE AND EXIT PASSAGES.

The auction ring man escapes and refuges must be kept clear at all times.

All portable electrical equipment supplied and/or used by visitors and traders must be safe and fit for the purpose and should have a valid portable appliance test certificate.
