FOREWORD

The Watson family moved to High Mark Farm 25 years ago, moving from Ayrshire with a productive Holstein Friesian herd. High Mark is situated on the Scottish west coast with clear views of the Northern Irish coastline and can attract some strong winds direct from the Irish Sea.

Shortly after moving to High Mark Farm the decision was taken to establish an Ayrshire herd with the first purchases coming from the Muirston herd and then a large group from the Flatterton herd that formed a strong foundation.

The herd is extensively grazed on a rotational paddock grazing system and managed on a low input system with most of the milk produced directly from grass. Currently the herd is averaging 5973kgs 4.14% 3.41%, they have the potential to increase in production if encouraged to do so. The winter ration is grass silage with cake at milking time, they are housed in cubicles.

The quality and strength of the feet and legs is excellent as is the locomotion as the cows must walk a distance to pasture. Focus over the years has been to breed a cow with medium stature that can milk purely from grass with special attention on the quality of udder. In total 8 Excellent, 24 Very Good & 19 Good Plus animals sell in this special dispersal.

The **BEST** cow family at High Mark is the **MELANIE** line that traces back to the famous Changue herd. The standout individual was High Mark Obligation Melanie EX94 who was Reserve Grand Champion at AgriScot in 2023, two of her daughters sell including **High Mark Rollo Melanie VG85 2YR who won Wigtonshire Winter Herd Competition in 2024.**

Most of the top bulls have been selected from the Ayrshire Cattle Services breeding programme with the younger cows sired by **Cuthill Towers Rollo** who is a son of the famous Ardmore Crown Napier cow **Cuthill Towers Crown Ray EX96-7E** who produced over 100 ton lifetime. Other bulls that have had a positive impact are **Briesside Hail, Pam Ayr's Hawaiian and Briesside Magnum.**

The youngstock are sired by Cuthill Towers Rollo and Cuthill Towers Buddy who is a Sandyford Supreme out of **Cuthill Towers Miss Blonde EX94** who produced over 60 ton lifetime and Cuthill Towers Billy who is out of Buddy's EX92 Oblique sister. The youngstock display excellent potential with several show types selling.

This is a rare opportunity to purchase well established Ayrshire pedigree stock that can perform exceptional well in a grazing system or equally in a more intensive operation.

Herd Health

The herd is BVD tested free and is in a four year TB testing area. There has never been TB within the herd.

AUCTIONEER'S TERMS & CONDITIONS OF SALE

(Incorporating the Auctioneer's
Terms and Conditions)

1. The biddings to be regulated by the Auctioneers and the highest bidder, subject to the Vendor's reserve (if any), to be the purchaser. No bid shall be retracted and if any dispute should arise between two or more bidders, the Lot in dispute to be put up again and resold, or the Auctioneers may determine the dispute at their own discretion and their decision shall be final. The Auctioneers reserve the right to refuse the bid of any person without being called upon to give reason for such action.
2. The Purchaser to give his full name and dwelling place and pay for all Lots purchased immediately at the close of sale. No Lot or Lots shall be removed from the sale premises until paid for and a pass-out slip obtained from the Auctioneer's clerk but each and every Lot shall immediately at the fall of the hammer be considered as delivered and be and remain in every respect at the absolute risk and expense of the respective purchaser or purchasers thereof and shall be removed from the sale premises at the purchaser's expense. The right of property shall not pass until the full purchase price is paid.
3. Purchasers paying by cheque must be prepared, if required, to produce a banker's reference. As a result of the Money Laundering Regulations (2003) the auctioneers are unable to accept cash payments in excess of nine thousand pounds sterling for any any single or linked purchase transaction.
4. All statements in the catalogue, or made by the Auctioneers at the time of sale, also the correct identification of the animals, are the entire responsibility of the Vendors. The Auctioneers take no personal responsibility for the correctness of such statements or identities.
5. All statements in the catalogue, or any made by the Auctioneers at the time of sale relating to any veterinary or other tests are to be taken as statements of fact only. No such statements shall guarantee the purchaser of any animal against loss arising from the subsequent reaction of such animal to any test administered after the sale and the Vendors shall not be liable in any way should this occur.
6. All stock is sold subject to the Conditions of Sale recommended for use at markets by the Livestock Auctioneers' Markets Committee for England and Wales except in so far as these conflict with any Special Conditions applicable to the sale of pedigree stock, when the latter Conditions shall prevail.
7. Neither the Vendors nor the Auctioneers will be responsible for any accident or injury to persons or property, through fire or any other cause whatsoever, nor for any damage by animals prior to, during or after the sale.
8. No undertaking by the Auctioneers or their servants to take charge of any Lot or Lots after the sale or to forward them to their destination shall be held to impose upon the Auctioneers any legal obligation or vitiate any of these Conditions.
9. Inasmuch as the Auctioneers act as agents for a disclosed principal they shall not be considered personally responsible for any default on the part of either purchasers or Vendors and the remedy shall be against them only and not against the Auctioneers.
10. If these conditions are unfulfilled, the Vendors or Auctioneers shall have the power to resell the Lots, retaining any surplus and charging any deficiency and expense to the defaulter.
