

How to do Sale entries via Grassroots

Log into Grassroots in the normal way via the breed society webpage or direct via Breeds.grassroots.co.uk/ZWART using your flock letters and your password.

Click on the menu Icon top right 

Select **Sale Entries**

Double click on the correct sale from the list offered

A list will be displayed of all the animals in your ownership in the registry.

There is a box alongside each animal with a drop down list of the classes they are eligible for. These classes are filtered by sex, age and registration status. Select MV or non MV in each case.

NB if the animal has **'no matching sale class'** check its registered status. Only fully registered animals are eligible for Blue Texel Breed Society sales. If their registration number begins BN you will need to apply to fully register, and pay for the registration before they can be entered into a sale. These applications and payments have to be processed, it does not happen automatically.

If they are fully registered but still have 'no matching sale class' this is likely to be due to their age; either too old or too young.

Order	Class
0	<input type="text"/>
0	<input type="text"/>

Order if you would like the group sold in a specified order, put the order in the box on the left 1,2,3 etc.

<input type="text" value="My Comment"/>

Click on My Comments bottom left to add general comments about your flock.

<input type="text" value="Comment(s)"/>

Click on comments against each animal to add information about that individual animal. Pedigree information will be picked up automatically when the catalogue is produced.

<input type="text" value="Submit"/>

Click on **Submit**. That takes you to a final confirmation screen to complete.
