PLEASE BRING THIS CATALOGUE TO THE SALE

FOREWORD

It is with great pleasure that we present to you this catalogue for the Legends of Logan sale, the first major offering from the prestigious Logan herd for over thirty years and we very much look forward to welcoming you to South West Scotland for what must surely be one of the most attractive on farm sales to take place in this part of the world for many years.

The Yates family have been synonymous with breeding top quality Holsteins for many decades, initially starting with the importation of numerous cattle from Canada by David Yates Snr in the late 80's & 90's that provided the foundations of what has become one of the most respected breeders herds in the UK. In subsequent years the herd and farming operations were carried forward by brothers Brian & David with David and his family now farming separately, across the valley, and running the well respected Meiklefirth herd. More recently Brian and Sheila have been joined in the farm business at East Logan by their son Michael. Michael, together with his wife Emma and their children Alice, Austin & Lara continue the next generations of the Yates family's passion for farming, breeding and showing dairy cattle.

Showing cattle has long been a much loved part of dairy farming for the Yates's and cattle have been shown at the highest level across the UK over many, many years. In the earlier days, yet still one of the highlights in the herds history was winning reserve champion at the 2006 National Holstein Show with Logan Outside Roxy. Almost 20 years on from that achievement, cattle have been shown at national level every year since. There are very few herds that can boast the level of showing achievement as Logan, with accolades too numerous to list, but with highlights including having Champion at the Royal Highland show 6 times in recent years, with Eedy Crushabull Acclaim winning both the Royal Highland and the Royal Welsh shows in the same year, believed to be the only cow to ever achieve this. Two superb daughters of Acclaim sell in this sale.

One of the most cherished moments for Brian in the showing was with the homebred Logan Estate Jazz EX95. She went on to not only capture Royal Highland Champion but also to be Intermediate Champion at UK Dairy Expo in 2020. Estate Jazz is still in the herd today and is due with her 7th calf! Her two daughters sell in this sale!

Whilst the Logan herd is well known for their high type cattle, emphasis should be paid to the exceptional management and productive capabilities of the cows. The herd is managed on a strictly commercial basis with cows being cubicle housed, milked three times daily and fed a single group TMR based on quality forage, soda wheat and basic straights. The breeding strategy at Logan has always paid as much attention to production as type and the results achieved are extremely commendable with current rolling yields of 11,900kg milk at 4.4% fat, 3.5% protein with cell counts currently of 80! Such is the level of management at East Logan, the farm has received several awards over the years including being twice runners up in the prestigious Gold Cup award as well as being finalists in the Farmers Weekly Dairy Farmers of the Year award.

As you browse through this catalogue it will become clear that this is one of the country's top herds with regard to combined type and production as well as containing the very best of pedigrees from many of the worlds best cow families. The Legends of Logan Sale provides a really unique and rare opportunity to all dairy producers to purchase stock of all ages from the cream of the herd. It is an opportunity to attain fresh milk or choice youngstock. Cattle will sell that can compete in the showing at the highest level right through to fresh cows capable of achieving any yields in all systems. Over 100 youngstock will sell that surely possess unlimited potential for the future and will be available at all levels of budget.

It only remains to re-affirm that no one will be disappointed in the offering available on June 5th and we look forward to welcoming you all to East Logan.

MARK LEE

HERD HEALTH

The herd is vaccinated for BVD & IBR

All youngstock receive Rispoval at a young age with IBR & BVD vaccinate at breeding age.

This is a Johnes free herd with no positives in the herd.

The herd resides in a 4yr TB area with the last clear test in 2023.

EXPLANATION OF ABBREVIATIONS AND SYMBOLS

The following abbreviations: ACC- Average Cell Count; AI- Artificially Inseminated; HC- Heifer Calf; ET- Embryo Transplant; LC- Last Calf; S- Served.

TYPE CLASSIFICATION SCHEME- Where classifications are abbreviated in the catalogue the following are the abbreviations used:

(Ex)-Excellent; (VG)-Very Good; (GP)-Good Plus; (G)-Good; (F)-Fair; (P)-Poor

METRICATION: All tabulated milk yields are in kilograms.

ENTRY TO SALE PREMISES

All visitors please note that entry to the sale site is at your own risk. No liability whatsoever can be accepted by the vendors or the Auctioneers.

ANIMAL WELFARE

All purchasers please be aware of the implementation of EU Welfare in transport Regulation (EC) No 1/2005 - when hauling livestock.

PAYMENT

Payment must be made in full to the Auctioneers on the sale day. No lots may be removed from the sale premises without an auctioneers pass confirming payment.

Prospective purchasers who have not traded with the auctioneers before are requested to make themselves known prior to commencement of the sale and confirm arrangements of payment.

AGENCY BIDDING

Any customer at the sale bidding as an Agent on behalf of a third party is deemed by the auctioneers to be the purchaser and subject to the terms of the conditions of sale, unless written authority from the person(s) on whose behalf they are bidding is presented to the auctioneers before the sale commences

Telephone Bids: Please note that any potential buyer wishing to bid over the telephone must register with the auctioneers before the sale.

Terms: All purchasers please note that accounts must be settled at the close of the sale.

BREEDING GUARANTEE

All cows and heifers that are stated in the catalogue of sale to have been served not less than ten weeks before the date of sale, or to have been running with a bull between dates (the later of which is not less than ten weeks before the sale) will be guaranteed by the vendor to be in calf either to the date or one of the dates of service if more than one is stated, or to a service between stated running dates and to the bull stated in the catalogue of sale unless any alteration is announced by the Auctioneers at the time of the sale. Should any animal prove not to be in calf, any claim under this guarantee must be made to the auctioneer in writing within 7 weeks of the date of sale. Should any animal which is declared to be in calf prove not to be in calf to the date or one of the dates of service or to some date within the running period or periods or to the bull stated as above any claim must similarly be made immediately any evidence in support of such a claim is available and in any case not later than 28 days after the date on which the animal was due to calve according to the date or dates in the catalogue of sale.

UDDER WARRANTY

Unless otherwise stated or announced, any cow in calf or in milk or any heifer in milk at the time of the sale shall carry a guarantee that she is sound in udder and teats at the time of sale, but no claim under such guarantee can be entertained unless made to the Auctioneers within an hour of the close of the last lot except in the case of Herd Dispersal Sales or Breeders' Home Sales when the guarantee period is extended to two hours after the close of the sale of the last lot. If the Auctioneers are satisfied that the udder is not sound, then the sale, at the discretion of the vendor, may either be cancelled or an adjustment in the price paid agreed between vendor and purchaser.

NOTE - At Herd Dispersal or Home Breeders' Sales the Vendor must provide adequate facilities for udders to be inspected and for adequate milking facilities to be available for the Purchaser in accordance with the warranty.

DATA PROTECTION

Introduction

The EU General Data Protection Regulation ("GDPR") came into force across the European Union on 25th May 2018 and brings with it significant changes to data protection.

Our Commitment

Norton & Brooksbank Ltd are committed to ensuring the security and protection of the personal information that we process, and to provide a compliant and consistent approach to data protection. We have always had a robust and effective data protection program in place which complies with existing law and abides by the data protection principles. However, we recognise our obligations in updating and expanding this program to meet the demands of the GDPR and the UK's Data Protection Bill.

Norton & Brooksbank Ltd are dedicated to safeguarding the personal information under our remit and in developing a data protection regime that is effective, fit for purpose and demonstrates an understanding of, and appreciation for the new Regulation. Our preparation and objectives for GDPR compliance have been summarised and copies are available from our office upon request.

SALE TO COMMENCE PUNCTUALLY AT 10.45 a.m.

Holding No: 82-498-0004 CIS NO: 44039

BUILDING YOUR FUTURE.

For over 20 years, Robinsons has led the way in agricultural and industrial steel buildings across the UK.

Working alongside CWP, experts in precast concrete, we offer a range of tailored solutions to meet your needs.

From wall panels and feed troughs to slurry channels and freestanding walls, CWP's products pair perfectly with our precision-engineered steelwork. Built to perform—and built to last.

Count on us for strength, quality, and a service that delivers—start to finish.

SenseHub® Dairy Youngstock

The first youngstock monitoring solution

SenseHub Dairy Youngstock is the first solution dedicated to **monitoring dairy calves and heifers for the first 12 months of life** - so you can establish optimal performance from the start of every cow's life.

SenseHub Dairy Youngstock detects animals that may need attention before any clinical signs of disease become visible, allowing you to focus your valuable time and resources.

It enables early intervention when required, to protect future productivity of your youngstock assets.

Farm with **more freedom**

~ NOTES ~

~ NOTES ~

~ NOTES ~

CONDITIONS OF SALE

1. The biddings to be regulated by the Auctioneers, in terms of 'guinea' bids and multiples thereof, each guinea to be equivalent to 105 new pence (£1.05); if any dispute should arise, the lot in dispute to be put up again and resold, or the Auctioneers may determine the dispute at their discretion and their decision shall be final. The Auctioneers reserve the right to refuse the bid of any person without being called upon to give a reason for such action.
2. The Purchaser to give his name and dwelling place and pay for all lots at the close of sale. No lot or lots shall be removed from the sale premises until paid for, and pass-out slip obtained from the Auctioneer's clerk.
3. Notwithstanding the foregoing and the following Condition 4 each and every lot shall immediately at the fall of the hammer be considered as delivered and be and remain in every respect at the absolute risk and expense of the respective Purchaser or Purchasers thereof and shall be removed from the sale at the Purchaser's expense within a week of the sale.
- 4.1. If any lot or animal (s) is not paid for in cash under Condition 2 above but payments is made by cheque or other form of negotiable instrument then the animal(s) shall remain the sole and absolute property of the Vendor as legal and equitable owner until such time as all money due to the Vendor has been paid by the Purchaser, Payment shall unless otherwise agreed be made to the Auctioneers and shall not be deemed to have been paid until any cheque or other negotiable instrument has been cleared by the Auctioneers Bankers and the following further provisions contained in Condition 4 shall apply.
- 4.2. The Purchaser acknowledges that he is in possession of the animal(s) as bailee for the Vendor until such time as the animal(s) has been paid for or pursuant to the provisions of Condition 4.1.
- 4.3. The Purchaser undertakes to house any animal on his premises separately from his own and those of any other person and in such a manner which makes them readily identifiable as the Vendor's.
- 4.4. The Purchaser's right to possession of such animal(s) shall cease if he does anything or fails to do anything which could entitle a receiver to take possession of the animal(s) or which would entitle any person to present a petition for the winding up of the Purchaser.
- 4.5. The Vendor or the Auctioneers may for the purpose of the examination or recovery of animals enter upon any premises where they are housed or where they are reasonably thought to be housed.
- 4.6. If the Purchaser shall sell on the animal(s) the entire proceeds shall be held in trust for the Vendor and shall not be mingled with any other money paid into any overdrawn bank account and shall at all times be identifiable as the Vendor's money.
- 4.7. The Purchaser warrants that he is not at the time of entering into any agreement to purchase the animal(s) insolvent and knows of no circumstances which would entitle any creditor to appoint a receiver or to petition for winding up or to exercise any rights over and against the purchaser's assets.
- 4.8. Without prejudice to any other to any right or remedy of the Vendor or the Auctioneers of the Purchaser shall be in breach of any of the conditions set out in this Condition 4 or any of the other conditions herein contained the Vendor or the Auctioneers shall have power to resell the lots retaining any surplus and charging any deficiency or expense to the defaulter or Purchaser.
5. All statements in the catalogue or made by the Auctioneers at the time of the sale, also the identification of the animals, are the entire responsibility of the Vendor. The Auctioneers take no personal responsibility for the correctness of any such statement or identities.
6. All statements made either in the catalogue or any made by the Auctioneers at the time of the sale relating to Tuberculin or any tests to be taken as statements of fact only. No such statement shall guarantee the Purchasers of any animals against loss arising through subsequent reaction of such animal to any test administered after the sale and the Vendors shall not be liable in any way should this occur.
7. Neither the Vendor nor the Auctioneers will be responsible for any accident through fire or any other cause whatsoever, nor for any damage done by animals prior to, during or after the sale.
