General Information & Sale Notes

LOCATION: The Sale will be held in the Borderway Mart, Carlisle Cumbria. Motorists should leave the M6 at Junction 43 and follow CARLISLE signs. The market is on the left hand side of the road within 1 /4 mile of M6.

CONDITIONS OF SALE: All animals are sold under British Limousin Cattle Society auction rules and conditions of sale drawn up by the N.B.A. These entries will be sold subject to these rules along with the Auctioneers' General Conditions of Sale, both available on request. In the event of any discrepancy between the two sets of conditions, the N.B.A. conditions of sale shall prevail.

INSURANCE: A representative of the H & H Insurance Brokers, will be present at the sale and will be pleased to quote Purchasers for transit and other risks.

METHOD OF SALE: All cattle will be sold in guineas (105 pence) and strictly in catalogue order, unless any alteration is announced by the Auctioneers.

COMMISSIONS: The Auctioneers will dutifully execute commissions to purchase for buyers unable to attend the sale personally, upon receipt of written instructions.

ONLINE BIDDING FACILITY will be available on MartEye

REGISTRATIONS: All pedigree stock in the Sale are registered with the British Limousin Cattle Society (Tel. 02476 696500).

SETTLEMENT AND CLEARANCE OF STOCK: Settlement in full is due immediately at the close of Sale. No animal may leave the Sale Premises without an official 'Pass Slip', obtainable only from the Auctioneers upon settlement.

Purchasers unable to remove their stock on the day of sale can arrange overnight accommodation with the Auctioneers on the understanding that all cattle are at Purchasers' risk.

PEDIGREE TRANSFERS: Official Pedigree transfers will be effected by the Auctioneers and the British Limousin Cattle Society as soon as possible after the Sale. Full Pedigrees will be transferred free of charge to all members.

NBA LEVY: This Sale is held subject to the Special Terms and Conditions of Sale recommended for Sales of Pedigree Beef Cattle by the National Beed Association. The preparation of these Terms and Conditions has proved a lengthy and costly process and, in order to defray the legal and other costs involved, and to provide a continuing source of revenue to assist the Association in its vital work for Pedigree Cattle Breeders, the Council of the Association has decided that a special levy, amounting to £3 per male and £2 per female head/lot sold (plus VAT) shall be charged to each Purchaser & Vendor.

ANIMAL WELFARE: Vendors and Purchasers should note the CODE OF PRACTICE published by the Livestock Auctioneers' Market Committee for England and Wales IS OPERATIVE IN BORDERWAY MART and that weakly, unhealthy or injured stock will be refused entry by the Auctioneers. Enquiries should be directed through the market office to the Auctioneers' ANIMAL HEALTH & WELFARE OFFICER (Mr Andrew Templeton).

FOREWORD

My interest in British Limousin cattle started from a young age when my Father Stuart Renton was stockman at the renowned Broadmeadows herd. The success of that herd in the 80s and 90s and the buzz around the farm was infectious and when the opportunity arose in 2007 to purchase a few of my own females, I got the bug in a big way. I have taken a lot of advice since then, slowly building up the females on the strength of the dam lines whilst not paying too much attention to the fashionable sires of the day. The idea was always to build a uniform herd of quality females that look and produce the way Limousin females should; strong, square fleshy females with good legs, milk and character through the head. The result of those efforts is what you see today; a genuine outcross herd of females with plenty of power and style that can produce progeny for both the commercial and pedigree buyer.

As you can see from the catalogue order, we have tried to group the main female families together to highlight the consistency with which these families breed. From **Brockhurst Fuzzy, Woodhouse Sara** and **Haltcliffe Epsom** to **Miscombe Eider, Fatima** and **Foxhillfarm Primadonna** – the herd has enjoyed some terrific success over the 15 years or so since we began in the breed. The purchase of Festival from the famous Champeval herd and subsequently **Homebyres Macadoo** from Messrs Logan were both crucial in achieving many of these successes including winning Overall Best Herd in 2020 and Reserve Overall Best Herd in 2022 in the Scottish Limousin Herd Competition. In the sale ring, our averages have been improving consistently with highlights including **Meadowrig Rifraf & Meadowrig Scorpio** at 16 000gns – both of whose dams are included in the sale today. One of the most gratifying experiences for any breeder is to see their animals go on and breed in other herds. A significant number of our bulls have gone to important herds around the country and highlights have included seeing **Meadowrig Pedro** producing daughters to 30 000gns and 18 000gns for the Dinmore Herd. The Limousin breed has always been a fantastic home away from home, a group of like-minded folks that work extremely hard to achieve their goals. I have made many friends over the years through the shows, sales and opendays and have thoroughly enjoyed the opportunity to meet so many friendly and welcoming people from the Limousin family. There has always been opportunity to share many a laugh, beverage and bacon roll as well as the odd tear and disappointment.

It goes without saying that it takes a team to produce a herd of cattle. I would like to thank my father Stuart Renton and my uncle Ross Drummond for their immense contributions toward helping me establish the Meadowrig herd. To Alistair and Doreen Cormack, Thank you for your enduring commitment, professionalism and ambition for the herd. Alistair's meticulous preparation and management of the herd on a day-to-day basis is well-known but it is also his ability to get results that often sets him apart. I wish both of them the very best for the future and count them as good friends as we draw the Meadowrig herd to a close. Further thanks must go to the team at H&H, especially Jimmy Little who along with my brother Nick Renton have worked hard to make the sale arrangements. Thanks also must go to Mark Phillips and his team for helping prepare the cattle for the sale.

Herd Health Status

- BVD Accredited Since 11/11/2014
- Johnes Risk Level 1 Status since 10/01/2019
- Last clear TB Test: 13 January 2022
- All Adult Cattle IBR Marker Vaccine Inactive & BVD Vaccinated 11 January 2023
- All Calves IBR Marker Live Vaccine 25/09/2023

I would like to Thank all those who have showed an interest in the cattle and I wish the purchasers today every success with the lots they secure. I am sure they will go on and do you proud.

Anthony Renton

MEADOWRIG UPSTART

Born 05/03/2023 RLA23-0440 UK 564413/100440

Sire: *HOMEBYRES MACADOO LAP16-1570

Calf at foot was born on/after 1st July 2021 and birth notified or pedigree registered within 28days of birth. Compliant with BLCS byelaw 14.3.24 and eligible to be sold at a Premier Collective sale.

MEADOWRIG OOPSADAISSY is a powerful young cow whose pedigree is packed full of many of the breed greats: **Loosebeare Fantastic**, **Wilodge Vantastic**, **Broadmeadows Cannon**, **Marron** and many more. **Meadowrig Eva (dam)** was an exceptional cow who bred extremely well for the herd producing numerous prizewinning females full of style and quality. **Oopsadaisy's** first calf **Meadowrig Superstud** was Junior and Overall Reserve Champion at the Carlisle Bull Sales in February 2023 and was retained for breeding at Meadowrig. Her current calf at foot by **Homebyres Macadoo** is another very exciting prospect full of muscle and width. **Oopsadaisy** was earmarked for the 2024 Meadowrig show team and will no doubt continue to breed well to a variety of bulls. A fantastic opportunity not to be missed for new and established breeders to introduce quality genetics that produce the goods!

This girl needs little introduction! **Brockhurst Fuzzy** was purchased for 9,000gns at the on farm Brockhurst sale as an embryo calf. She is the only full sister to **Brockhurst Option** who played a crucial role in so much of the success at Millington. **Fuzzy** has consistently been included in the best cow family section of the Scottish Herd Competition for the past 6 years often winning 1st prize on the strength of her daughters included in this sale. A daughter of the famous **Ronick Mcainsi**, **Fuzzy** has bred bulls to 16 000gns for **Meadowrig Rif Raf** who sold to the Beaconsfield Herd. She also bred **Meadowrig Oddjob** who sold to the Ronick Herd and **Meadowrig Othelo** who sold for 10 000gns at Carlisle. She breeds to any bulls that we have tried on her and has been a wonderful donor cow producing consistent quality and quantity. **Fuzzy** has quite simply been a dream to own – a game-changer for our herd with her daughters all breeding very well as can be seen from the progeny forward at the sale. This is a truly fantastic opportunity to purchase a top cow for your embryo programme.

This animal has been flushed 9 times. 20 embryos remain frozen.

Her Heifer Calf at foot**MEADOWRIG ULRIKA**

Born 05/04/2023 RLA23-0453 UK 564413/700453

Sire: RONICK ROULETTE DY20-3933

Calf at foot was born on/after 1st July 2021 and birth notified or pedigree registered within 28days of birth. Compliant with BLCS byelaw 14.3.24 and eligible to be sold at a Premier Collective sale.

MEADOWRIG JAINSI is a definite favourite at Meadowrig and is an outstanding **Brockhurst Fuzzy** daughter by **Mas du Clo** who as a maiden heifer had a successful career in the show ring winning multiple first prizes at different shows as well as Interbreed Champion at the Border Union. Her current heifer calf at foot by **Ronick Roulette** is an exciting prospect making this a wonderful opportunity to purchase top drawer genetics from one of the most important breeding lines in the UK. **Meadowrig Jainsi** is identically bred to **Millington Davina** who sold for 28 000gns at Carlisle.

MEADOWRIG JUICY is an outstanding daughter of **Brockhurst Fuzzy** by **Festival**. A granddaughter of the famous **Ronick Mcainsi**, **Juicy** produced **Meadowrig Pedro** who sold privately to the Calogale Herd in an undisclosed 5-figure sum. **Pedro** has bred daughters to 30 000gns at Dinmore as well as many other notable progeny across the country. **Juicy's** bull calf **Meadowrig Tarzan** by **Macadoo** from last year is also forward for sale at the dispersal. **Juicy's** current calf at foot suffered an accident in the field recently and unfortunately had to be euthanised.

Her Bull Calf at foot

MEADOWRIG UKRAINE

Born 05/04/2023 RLA23-0454 UK 564413/100454

Sire: RONICK ROULETTE DY20-3933

Calf at foot was born on/after 1st July 2021 and birth notified or pedigree registered within 28days of birth. Compliant with BLCS byelaw 14.3.24 and eligible to be sold at a Premier Collective sale.

LISETTE was the Reserve Overall Champion as a maiden heifer at the Paris Show in 2016 and was purchased privately from the noted Camus-Huberson Herd for 20,000€. She was extensively shown in 2018 winning the senior heifer class at RHS among many others. Her first bull calf **Meadowrig Oxford** by **Loosebeare Fantastic** sold for 7000gns at Carlisle and her next bull **Meadowrig Sportsman** by **Wilodge Vantastic** was sold to the Burnbank Herd of Messrs Graham. Her daughters are exceptional females full of breed character whose progeny are showing a lot of promise. **Lisette** will be a quality addition to any herd and is full of potential.

This animal has been flushed 6 times. 13 embryos remain frozen.

MEADOWRIG SUPERSTUD is sired by the 20,000gns **Goldies Parliament**. He won Junior & Reserve Overall Champion at the February 2023 Carlisle bull sales and was then retained for breeding at Meadowrig. His dam **Oopsydaissy** is a powerful young cow from the **Woodhouse Sara** line who is breeding exceptionally well for the herd.

Semen has been taken. 100 straws of semen (stored with UK Sires) also included with Superstud and 270 straws have been retained by the vendor.

What can we say about **Macadoo**? Alongside **Festival**, **Macadoo** has had a huge impact on the Meadowrig herd. Purchased to compliment the very feminine females at Meadowrig, he has injected serious power, muscle and shape into their progeny which have proven very popular in Carlisle for a number of years. Highlights have included **Rifraf & Scorpio** selling to 16 000gns as well as **Meadowrig Pedro** whose progeny have gone on to sell for 30 000gns for **Dinmore**. His bulls are among the most docile we have come across, making working with them prior to sales and shows painless and stress-free. He is a fantastic worker, quietly settling cows in calf with a fantastic success rate. It will be very sad to see him go but he deserves to carry on producing quality stock that will only further galvanise the legacy he has left at Meadowrig.

Ronick Gleeful 7,000gns and Trueman Holly 5,000gns Red Ladies Derby Carlisle Dec 2013. Ampertaine Heather 6,900gns Cowporation Dispersal Carlisle March 2014. Aultside Hulk Reserve Overall Champion and top price, 55,000gns Carlisle May 2014. Trueman Hannah 5,000gns Carlisle May 2014. Mystic Gucci 6,200gns Glenrock Sale, Carlisle August 2014. Barrons Jell 4,000gns Weaned calf sale Carlisle Nov 2014. Barrons Lumberjack 6,000gns Carlisle Weaned Calf sale December 2015. Aultside Lionheart 7,500gns Carlisle Oct 2016. Aultside Mystique 18,000gns Carlisle Red Laides Derby Dec 2017. Aultside Meanmachine Supreme & Junior Champion and sold for the top price of 65,000gns Carlisle Feb 2018. Battleford Nancy 4,200gns Carlisle Red Ladies Derby Dec 2018. Beachmount Oswald 4000gns Carlisle Oct 2019. Bernish Platini 7500gns Carlisle Oct 2020. Goldies Prince 9500gns & Barrons Regent 7500gns Carlisle May 2021. Procters Pearl 3700gns & Procters Peyrens 8000gns Procters Dispersal Sale August 2021. Barrons Nova 11,000gns, Barrons Newbie 5200gns, Breconside Jane 6500gns, Woodmarsh Royalmint 12,000gns Carlisle Oct 2021. Springs Sty sold for 6000gns at Carlisle October 2022, Ampertaine Squire who sold for 20,000gns at Carlisle February 2023, Aultside Sexbomb sold for 10,000gns at Carlisle February 2023. Rossellie Sofar sold for 8500gns at Carlisle May 2023.

HOW TO USE GENETIC INFORMATION IN THIS CATALOGUE

Sale catalogues contain specific information relating to the genetics of each animal. This is a short explanatory note to assist when selection decisions are being made.

Lot 10 Mr A. Breeder

Concorde Magician

Born 18/04/2016

XY16-4321

UK 123456/654321

Got by AI

Natural Calf

Myostatin: F94L/Nt821

Gen. Colour: Hom. Red

Polled: Hom. Horned

gs. ANYGRANDSIRE 87-12-345-678

ggs. ANYGREATGRANDSIRE 36-12-345-678

Sire Concorde Any sire ABC05-123

ggd. ANYGREATGRANDDAM 87-87-654-321

ggs. ANYHERD GREATGRANDSIRE XYZ11-876

ggd. ANYHERD GREATGRANDDAM XYZ11-654

Adjusted Wts(kg)	
100	189
200	365
300	554
400	713
500	0
Scanned	YES

6

1 Birth Type

‘Got by AI’ indicates whether the calf was a result of an AI service. If blank, the dam was naturally served. ‘Natural calf’ indicates the calf was born to its biological dam. ‘ET calf’ indicates the calf was born as a result of embryo transplant.

2 Myostatin

“Not tested” indicates that no Myostatin test is currently available for the animal. Full details on the Myostatin variants and their effects on performance can be found on the Limousin Society website www.limousin.co.uk, search in ‘performance programmes’. In summary:

The Variants:

F94L	Animals with two copies of this gene (ie F94L/F94L) exhibit an increase in muscling (by up to 19%) with no associated increased in calving difficulty, lowered fertility or longevity and by far the majority of animals in the breed carry this gene. Heterozygous animals (those with one copy of the gene) also exhibit these characteristics but not to the same degree.
NT821	Animals with two copies of the gene (ie nt821/nt821) will exhibit characteristics of larger loin depths, reduced fat depths and large, rounded rump and thighs. However, unlike F94L, animals with two copies may also have slightly heavier birth weights bringing with it the potential for more difficult calvings. If animals are ‘heterozygous’ with F94L (ie F94L/nt821) they will still exhibit quality carcass characteristics but are less likely to be affected by more difficult calvings.
Q204X	Animals with two copies of the gene (ie Q204X/Q204X) will exhibit characteristics of larger loin depth, reduced fat cover and greater meat tenderness. However, they may also have the potential to exhibit larger birth weight and, if females, slightly reduced milking ability. Animals that are ‘heterozygous’ with F94L (ie F94L/Q204X) will still exhibit quality carcass characteristics but are less likely to be affected by larger birth weights and reduced milking ability.

Two further variants of Myostatin exist in the population but are relatively uncommon in their occurrence. Known as nt419 and E291X, their effects are similar to nt821 and Q204X respectively.

The recognised benefits of Myostatin are:

- ✓ **Increased Meat Yield** – by up to 19%.
- ✓ **More feed efficient**
- ✓ **Higher meat quality** – increased tenderness, reduced fat content, higher polyunsaturated fats

Using Myostatin information

An important factor to remember is that carcase traits (muscling, fat cover etc), calving traits and milk traits in cattle are controlled by MANY genes. Myostatin is only one of them and, as such, it is not an absolute predictor of an animal's performance.

A Myostatin genotype is a further bit of information that may help your decision, but it should be used in conjunction with wider information such as Estimated Breeding Values (EBVs), which bring together information of actual performance from the animal itself, its herdmates and its relatives to predict genetic merit, and your own judgment on type and pedigree.

3 Genetic Colour

Colour and polled/horned genes typically come in pairs called alleles. One is inherited from the sire and one from the dam. Where an animal's alleles are the same, it is said to be 'Homozygous' (Hom.) Where the alleles are different (because there is more than one variant of the gene, the animal is said to be 'Heterozygous' (Het.)

"Hom. Red" – animals will be red and will pass on red genes.

"Hom. Black" – animals will be black and will pass on black genes. All calves will be black, since black colour genes are dominant.

"Het. Black" – animals will be black and will pass on either a red or black gene.

"Het. Red" – animals will be red and will pass on a red gene or a colour gene known as the 'wild type' that is non-colour determinate. (The coat colour of calves inheriting the wild type gene will be governed by the gene they inherit from the other parent. It is rare, but it is also possible for an animal to be homozygous for the wild type gene, in which case they will be reddish/brown to brownish/black).

4 Genetics for Horned/Polled Status

A bull that is "Hom. Polled" - will be polled himself and all calves will be polled (since he only has polled genes to pass on and they are dominant).

A bull that is "Het. Polled" – will be polled himself and will produce some polled and some horned calves (assuming the cows are all horned).

A bull that is "Hom. Horned" – will be horned himself and will pass only horned genes to his calves.

For more information on both Genetic Colour and Polled/Horned, go to www.limousin.co.uk, search in 'performance programmes' or scan the QR code above.

5 Estimated Breeding Values and Genomic Estimated Breeding Values (EBVs & GEBVs)

EBVs & GEBVs are expressed in the same unit as the recorded trait (eg kgs for 400 Day Weight, mm for Muscle Depth etc) are relative to the Breed Average.

- a) **In sale catalogues, Breed Average for each trait is represented by the vertical line that is central on the bar chart...** a
 - ✓ Bars that lie to the right of that line indicate EBVs/GEBVs that are above average. The further to the right they lie, the higher above Breed Average they are.
 - ✓ Equally, bars that lie to the left of the line indicate EBVs/GEBVs that are below Breed Average. The further to the left they are, the further below Breed Average they are.
- b) Accuracy Values (Acc%) are expressed as a % and indicate the quantity and quality of records used to produce each EBV, GEBV or Index. The closer they are to 100%, the more accurate the EBV. Highly accurate values are less likely to change over time. b
- c) The numeric EBV & GEBV values on the charts can be used to further refine comparison with the breed using the Breed Benchmark which is updated annually.

For more information on EBVs and GEBVs, go to www.limousin.co.uk and search under 'Breed Improvement' in the main menu or scan the QR code opposite.

EBV, GEBV and pedigree information on all Limousin cattle are just a few internet clicks away...

Step 1: Go to www.taurusdata.co.uk

Step 2: In the 'All Breeds Quick Search' box type the name or ear number of the animal you are interested in or click on the 'Breeder Search' button to look at all animals belonging to or bred by a particular breeder.

The site will then tell you the animal's owner/breeder details, its breeding values, its pedigree and list its progeny with full links to all of their information.

6 Adjusted Weights

These are the 'raw' weights recorded for the animal throughout its early growing stages. They are adjusted for age, but are not adjusted for any other factor such as management, nutrition, dam age, differences between farms etc.

For further information or if you have any query, please let us know - telephone 02476 696500, e-mail info@limousin.co.uk or speak to Society staff and Council members attending the sale.

For Enquiries: The British Limousin Cattle Society Tel 02476 696500 Email info@limousin.co.uk

* Where animals have been genotyped, the breeding values for these traits will be Genomic Breeding Values (GEBVs). Publication of GEBVs is at animal owners' discretion. If an animal has not been genotyped, the breeding value will be a conventional Estimated Breeding Value (EBV). Whether a breeding value is an EBV or a GEBV is noted alongside each value.

Please note that EBVs and GEBVs are interchangeable for the same trait. For example, an animal with a Calving Interval GEBV can be directly compared to an animal with a Calving Interval EBV. A link to further information on all EBVs and GEBVs is below.

FOR INFORMATION

Breeding Indexes

EBVs can be combined in to selection indexes to meet wider breeding objectives...

Calving Value	An economic indicator of the collective value of Gestation Length and Calving Ease
Beef Value	An economic indicator of the collective value of Birth Weight, Calving Ease, 400-Day Growth, Muscle Depth and Backfat Depth
Retail Value	An economic indicator of the collective value of Fillet, Striploin, Rump, Topside, Silverside and Knuckle at 600 days of age and a standard carcass weight of 350kgs.

NB: Using Calving Ease and Maternal Calving Ease

Calving Ease EBV *Predicts how easy a bull's own calves will be born.*

Maternal Calving Ease EBV *Predicts how easily a bull's daughters will calve.*

To search the Limousin database by Breeder, by EBVs/GEBVs and/or by Individual Animal go to www.taurusdata.co.uk and click on 'Beef Search'

For more information on EBVs and GEBVs please go to www.limousin.co.uk and click on 'Performance Programmes' or get in touch on the numbers below.

**HEALTH AND SAFETY RULES
HARRISON & HETHERINGTON LIMITED
NOTICE TO ALL VISITORS AND TRADERS
PLEASE READ AND OBSERVE
THE FOLLOWING**

All visitors and traders on site will be responsible for ensuring that they and their employees or sub-contractors engaged by them comply with all legal requirements, including the Health and Safety At Work etc., Act 1974, The Management of Health and Safety At Work Regulations, The Provision And Use of Work Equipment Regulations, etc.

All visitors and traders will be responsible for ensuring that their operations in no way affect the integrity of the company or its fire, safety or security arrangements and in no way compromise the health and safety and welfare of other visitors to and or employees of Harrison & Hetherington.

Although it is the visitors and traders responsibility to ensure that plant, equipment and systems in work are safe, Harrison & Hetherington Limited reserve the right to ask any visitor or trader to leave the market for any breaches in the Health and Safety Rules and/or Regulations.

Vendors must inform Harrison & Hetherington Limited of any livestock due to attend the market whose temperament, behaviour or condition may call for additional precautions for its safe handling.

When loading or unloading livestock handlers must ensure that the dock and vehicle gates are securely fixed so as to prevent the escape of animals.

Traders are responsible for providing and maintaining suitable livestock handling equipment. They should ensure that livestock handlers are fit, experienced in livestock handling and familiar with the livestock in their charge.

Children must not be permitted in any area where they may be at risk from livestock or machinery.

In the case of bulls, during the period when the show/sale is open to visitors, bulls in stalls or pens should not be left unattended. If the handler is temporarily absent, arrangements should be made with another vendor, steward or member of Harrison & Hetherington staff to oversee the bull until the handler returns.

Handling of Livestock at shows and sales: Harrison & Hetherington Limited recommend that an adult person should accompany any junior person during the showing/sale of livestock in the ring and reserves the right to intervene at any point if, in the company's opinion, the person showing the livestock is at risk in undertaking that activity.

Passageways must be kept clear at all times during the auction sale. PLEASE DO NOT STAND IN THE SALE RING ENTRANCE AND EXIT PASSAGES.

The auction ring man escapes and refuges must be kept clear at all times.

All portable electrical equipment supplied and/or used by visitors and traders must be safe and fit for the purpose and should have a valid portable appliance test certificate.

AUCTIONEER'S TERMS & CONDITIONS OF SALE

(Incorporating the Auctioneer's
Terms and Conditions)

1. The biddings to be regulated by the Auctioneers and the highest bidder, subject to the Vendor's reserve (if any), to be the purchaser. No bid shall be retracted and if any dispute should arise between two or more bidders, the Lot in dispute to be put up again and resold, or the Auctioneers may determine the dispute at their own discretion and their decision shall be final. The Auctioneers reserve the right to refuse the bid of any person without being called upon to give reason for such action.
2. The Purchaser to give his full name and dwelling place and pay for all Lots purchased immediately at the close of sale. No Lot or Lots shall be removed from the sale premises until paid for and a pass-out slip obtained from the Auctioneer's clerk but each and every Lot shall immediately at the fall of the hammer be considered as delivered and be and remain in every respect at the absolute risk and expense of the respective purchaser or purchasers thereof and shall be removed from the sale premises at the purchaser's expense. The right of property shall not pass until the full purchase price is paid.
3. Purchasers paying by cheque must be prepared, if required, to produce a banker's reference. As a result of the Money Laundering Regulations (2003) the auctioneers are unable to accept cash payments in excess of nine thousand pounds sterling for any single or linked purchase transaction.
4. All statements in the catalogue, or made by the Auctioneers at the time of sale, also the correct identification of the animals, are the entire responsibility of the Vendors. The Auctioneers take no personal responsibility for the correctness of such statements or identities.
5. All statements in the catalogue, or any made by the Auctioneers at the time of sale relating to any veterinary or other tests are to be taken as statements of fact only. No such statements shall guarantee the purchaser of any animal against loss arising from the subsequent reaction of such animal to any test administered after the sale and the Vendors shall not be liable in any way should this occur.
6. All stock is sold subject to the Conditions of Sale recommended for use at markets by the Livestock Auctioneers' Markets Committee for England and Wales except in so far as these conflict with any Special Conditions applicable to the sale of pedigree stock, when the latter Conditions shall prevail.
7. Neither the Vendors nor the Auctioneers will be responsible for any accident or injury to persons or property, through fire or any other cause whatsoever, nor for any damage by animals prior to, during or after the sale.
8. No undertaking by the Auctioneers or their servants to take charge of any Lot or Lots after the sale or to forward them to their destination shall be held to impose upon the Auctioneers any legal obligation or vitiate any of these Conditions.
9. Inasmuch as the Auctioneers act as agents for a disclosed principal they shall not be considered personally responsible for any default on the part of either purchasers or Vendors and the remedy shall be against them only and not against the Auctioneers.
10. If these conditions are unfulfilled, the Vendors or Auctioneers shall have the power to resell the Lots, retaining any surplus and charging any deficiency and expense to the defaulter.
11. You have a right to know how we will use the information you have provided to us. We may share the information with other members of our group and may make this information available to relevant media groups and other interested parties on request. We and other members of the group may contact you by telephone, e-mail, post or fax to inform you of products or services available. If you do not want to be contacted for marketing purposes or do not wish your information to be made available to any other parties please notify us in writing.
