The Nethervalley Herd has been looked after by Nithsdale Farm vets for the last 6yrs. During this time fertility visits have been carried out fortnightly with excellent results over this period. The herd is in good health with a proactive approach to disease prevention across the stock with regular monitoring through blood and milk testing.

BVD: All negative tissue tagged.

IBR: All adult cows and heifers in the last trimester vaccinated with marker vaccine in July

Johnes: Quarterly milk sampling is carried out with no positive cases for over 3 yrs

Bluetongue: All sale stock down to 6wks old were double vaccinated with Bultavo 3 in July

TB: TB4 low risk area last whole herd test July 2023

Lepto: Bulk milk testing negative

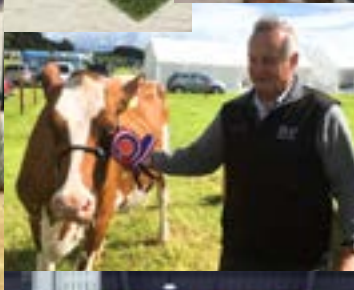

Rotavec-Corona is used pre calving.

Youngstock: The calves are vaccinated for Mycoplasma from 7 days old with Protivity.

It has been a pleasure working with Robbie and family over the last few years and wish them all the best in their upcoming sale. If you have any health related questions about the stock please call 07818404496.

Alistair Padkin BVMS MRCVS

Nithsdale Farm Vets

Foreword

The Nethervalley herd was established in 2017 by the formidable team of Robbie & Margo Scott who farm at Shackelhill Farm close to the town of Ayr. In this short space of time Robbie has expertly built and developed one of the most attractive herds in the country renowned for its **high production, strong long-living cows and for its standout type**.

Robbie's father Billy who passed away in 2022 was a master-cow man who farmed near the coastal town of Largs under the Nethervale prefix. I will always remember my first visit with Billy at Netherhall Farm in 2004 when we were planning for the herd dispersal that went to help finance the purchase of Shackelhill Farm. His passion for cows, and his astute ability to develop cows was intoxicating and he has passed on these valuable skills in bucket loads to the next generations.

Robbie & Margo have two talented sons Rory and Kyle who are both passionate about careers in the dairy industry which leads perfectly into the reason for this special sale. The Nethervalley NexGen Sale is part of Robbie & Margo's succession planning and features all the milking herd (excluding a small number of animals that are owned in partnership with several investors) along with their daughters and all the in-calf heifers sell.

This highly efficient herd ticks all the commercial boxes regarding **production, health, fertility and genetics**. In the eight years since the Nethervalley herd was established success has never been far away. Just over 30 Championships have been won at local shows! At National events it's been a similar story winning three Reserve Championship trophies at Agriscot, winning Grand Champion at UK Dairy Expo in the Jersey show, Reserve Champion at UK Dairy Expo and Honourable Mention at UK Dairy Day.

The All Britain Calf Show has been a special event for the Scott family, the highlight was in 2019 when Nethervalley Kingpin Sara was Reserve Champion Black & White and Nethervalley Awesome Emma Red was Reserve Champion in the Red & White Show! If you are wondering does Robbie sell his best, the answer is YES! In the 2019 Black & White sale Sara sold for 10,000gns, Emma sold for 4,200gns and went on to be Champion at Ayr Show and many other local shows for the Glenmuir Herd, and Nethervalley Awesome Rosanne Red sold for 3,000gns to the Tregibby herd. Rosanne has developed into one the UK's BEST Red & White cows winning Grand Champion at UK Dairy Expo & Agriscot in 2024. Yes, the BEST from Nethervalley sell in this Premier event.

Herd Profile

This complete milking dispersal sale has a total of **243** pedigree Holsteins selling, comprising **102** cows and heifers in milk or dry. There are **36** heifers in milk, **36** cows in their second, **10** cows in their third, **20** cows having four calves. **21 are freshly calved since June 2025**. There are **48 autumn calvers** in this sale this includes 23 in-calf heifers. In total there are 53 in-calf heifers due from now until December and 45 strong bulling heifers and maiden heifers. There are **33** heifer calves born in 2025 selling following their mother 22 of these beauties are bred from Excellent or Very Goods dams!

Production and Management

The herd is currently averaging **13084kg 4.25% butterfat 3.23% protein** managed in a Lely robotic milking system with an average cell count of 101. At the latest milk recording on the 31st July the herd averaged **42.17kgs**. These cows can really milk there are **21 cows giving over 40kgs and 18 cows giving over 50kgs!**

The herd is managed in cubicles and the ration is grass silage, brewers grains. 4kg protein blen and topped up via the robot during milking. Dry cows are dried of using Cepravin and are vaccinated for Rota Virus, they are fed on a special pre calver ration along with a pre calving pellet.

Genetics

Since the herd was established in 2017 the focus has been to select animals from proven cow families renowned for their prolific transmitting power, production and type. For example 13 animals in the sale trace back to D-R-A August EX96 with several lines of this amazing family on offer including the line from Nethervalley Awesome Rosanne Red EX95 who was Grand Champion at UK Dairy Expo in 2024. The BEST cow from this family is KHW Regiment Apple-Red EX96 and few outstanding individuals sell from Apple along with some fancy Rachels going back to Faber Rachel EX95.

The Queen of the Breed features in 13 pedigrees throughout the catalogue with awesome individuals selling such as Nethervalley Chief Mahogany VG86 (2YR) (lot 84) an amazing uddered heifer giving 44kgs. Please pay special attention to Nethervalley Crushabull Roxy VG86 2yr (lot 74)

Clauchlands Blackbird 153 EX95 features in 9 pedigrees, this famous cow from the Isle of Arran has been Grand Champion on five occasions and Nominated All Britain Mature cow in 2018. She is a fine example of the foundation genetics the Nethervalley herd is built on.

The BEST brood cow of her generation was Krull Broker Elegance EX96 a multiple All American winner of the Produce of Dam. She features in 9 pedigrees with big time opportunities selling including Nethervalley Applicable Elegance EX94 (lot 11) along with her VG86 2yr Chief daughter (lot 44)

The Kepculloch herd has had a massive influence in the herd over the years with the Darlene cow family and their awesome uddered individuals having a huge impact within the herd. Six members of this family sell including Nethervalley Capone Darlene VG85 2yr.

Another local cow that has rapidly made a positive mark in the herd is Doonvalley Shottle Kim EX94 with 8 family members selling including the incredible show cow Vetech Pepper Kim VG88 3yr (lot 20) and her Pharo daughter (lot 134), as well as a Dalliance heifer, dry at the end of her first lactation and fresh Crown Royal 2nd calver from this family.

The genetic power on offer is incredible and the opportunities that you all will have the chance to win have the ability to make a massive impact in your herd. The official type classification system confirms just how good the Nethervalley herd is with 15 Excellent cows, 34 Very Goods cows and 24 Very Goods two year old selling!

Another exciting heifer with money making potential is Leagh La Belle Vie VG85 (2yr) (lot 68) who sells dry at the end of her first lactation with her Captivating yearling daughter. She is backed by 11 generations of VG and EX from the Lavish family.

The Nethervalley NexGen sale is all about looking forward with the next generation eager to become integrated into the business. This is a terrific herd of cattle and presents an opportunity to ALL to buy top quality, superbly bred Holsteins that have the ability to produce oceans of milk. I would like to encourage COMMERCIAL milk producers to make sure and attend this sale, there most definitely will be quality cattle for you producing oceans of high quality milk! We look forward to welcoming you to Shackelhill Farm on Thursday 28th August.

Herd Health

The herd is vaccinated for IBR, Rota Virus and Blue Tongue. The booster for IBR was given in July to all the milking herd and in calf heifers. They are fully vaccinated for Blue Tongue (second injection was given on the 16th July). The herd has been tested for Johnes since 2017 and has never had a positive test in the last 3 years. The herd is in a TB 4 year testing area and there has never been a case on the farm. The last TB test was in 2024.

WHY CHOOSE US?

8 farm-only vets spread between our practices in Castle Douglas, Thornhill, Ayrshire and Dumfries.

Progressive dairy focused vets providing a bespoke service to each client and who become one of the farm team.

Proudly independent company allowing for greater flexibility.

Unrivalled expertise in robotic milking systems.

Vast knowledge of calf rearing including managing the veterinary input for some of the largest calf rearing businesses in the UK.

Big discounts for large users and bulk purchases.

Internet priced drugs.

No visit charges for routine work.

NOTES

AUCTIONEER'S TERMS & CONDITIONS OF SALE

(Incorporating the Auctioneer's Terms and Conditions)

1. The biddings to be regulated by the Auctioneers and the highest bidder, subject to the Vendor's reserve (if any), to be the purchaser. No bid shall be retracted and if any dispute should arise between two or more bidders, the Lot in dispute to be put up again and resold, or the Auctioneers may determine the dispute at their own discretion and their decision shall be final. The Auctioneers reserve the right to refuse the bid of any person without being called upon to give reason for such action.
2. The Purchaser to give his full name and dwelling place and pay for all Lots purchased immediately at the close of sale. No Lot or Lots shall be removed from the sale premises until paid for and a pass-out slip obtained from the Auctioneer's clerk but each and every Lot shall immediately at the fall of the hammer be considered as delivered and be and remain in every respect at the absolute risk and expense of the respective purchaser or purchasers thereof and shall be removed from the sale premises at the purchaser's expense. The right of property shall not pass until the full purchase price is paid.
3. Purchasers paying by cheque must be prepared, if required, to produce a banker's reference. As a result of the Money Laundering Regulations (2003) the auctioneers are unable to accept cash payments in excess of nine thousand pounds sterling for any any single or linked purchase transaction.
4. All statements in the catalogue, or made by the Auctioneers at the time of sale, also the correct identification of the animals, are the entire responsibility of the Vendors. The Auctioneers take no personal responsibility for the correctness of such statements or identities.
5. All statements in the catalogue, or any made by the Auctioneers at the time of sale relating to any veterinary or other tests are to be taken as statements of fact only. No such statements shall guarantee the purchaser of any animal against loss arising from the subsequent reaction of such animal to any test administered after the sale and the Vendors shall not be liable in any way should this occur.
6. All stock is sold subject to the Conditions of Sale recommended for use at markets by the Livestock Auctioneers' Markets Committee for England and Wales except in so far as these conflict with any Special Conditions applicable to the sale of pedigree stock, when the latter Conditions shall prevail.
7. Neither the Vendors nor the Auctioneers will be responsible for any accident or injury to persons or property, through fire or any other cause whatsoever, nor for any damage by animals prior to, during or after the sale.
8. No undertaking by the Auctioneers or their servants to take charge of any Lot or Lots after the sale or to forward them to their destination shall be held to impose upon the Auctioneers any legal obligation or vitiate any of these Conditions.
9. Inasmuch as the Auctioneers act as agents for a disclosed principal they shall not be considered personally responsible for any default on the part of either purchasers or Vendors and the remedy shall be against them only and not against the Auctioneers.
10. If these conditions are unfulfilled, the Vendors or Auctioneers shall have the power to resell the Lots, retaining any surplus and charging any deficiency and expense to the defaulter.
11. You have a right to know how we will use the information you have provided to us. We may share the information with other members of our group and may make this information available to relevant media groups and other interested parties on request. We and other members of the group may contact you by telephone, e-mail, post or fax to inform you of products or services available. If you do not want to be contacted for marketing purposes or do not wish your information to be made available to any other parties please notify us in writing.
