Craig Robinsons have been providing Veterinary services to Orton Grange farm for over 60 years. I, myself, have been visiting the farm regularly for 30 years.

It is always a pleasure to work with Richard and his team. They run a very well organised dairy farm, investing in up to date technology and adopting a proactive approach to herd health. They were one of our first farms to request regular fertility visits.

The cows are vaccinated against Bluetongue, Lepto, IBR and BVD. All calves have been blood tested for BVD for many years. There has never been a clinical case of Johnes disease at Orton Grange.

We would like to wish Richard all the best for the herd sale.

FOREWORD

Welcome to the Orton Grange Reduction sale on behalf of the Martin family, we hope you enjoy perusing through the catalogue and find cattle that will be productive additions to your herd. This is the fourth major sale from the Orton Grange herd in the last 20 years and speaking from experience we know these animals go and perform exceptionally well.

For many years, Richard Martin and his family have dedicated themselves to breeding a herd renowned not only for exceptional production, but also for depth of pedigree, cow family strength and the highest standard of husbandry. The Orton Grange prefix has become synonymous with longevity, performance and the type of cows that perform day in, day out – both in the parlour and the show ring.

Richard Martin has a strong reputation for selling his very **BEST** and the results speak for themselves with National winners and All Britain Winners coming from recent Orton Grange sales.

OrtonGrange Snowman Alysia was sold in the Black & White Sale in 2012 for 4,000gns and re-sold in the Passion for Pedigree sale for 10,000gns and has went on to classify Excellent 94. She was Super Heifer at Agriscot and All Britain Heifer in Milk in 2014 and was Grand Champion at Ireland's most prestige show, Balmoral in 2017. **Please check out lots 67, 127, 162 & 168 all tracing back to Alysia!**

Another special heifer was OrtonGrange Doorman Arangatang who sold for 5,000gns in the Black & White sale in 2016. She scored VG89 and went on to win Emerald Expo Show in 2018. **Please check out lots 55, 110, 139, 156, 208 & 215.**

This sale features all the milking portion of the Orton Grange herd plus all the in-calf & bulling heifers with all the heifers under a year old retained. In total 161 cows and heifers in milk sell that comprise 67 heifers in milk, 45 second calvers, 33 third calvers and 16 with four or more calves. They are currently averaging 9867kgs 3.98% 3.49% with an average cell count of 132. At the latest milk test on 17th October the herd was averaging 34kgs.

The animals selling are exactly what the modern dairy farmer wants. Medium sized cows with excellent legs and feet and locomotion. They are in perfect body condition with strong deep frames that have width from front to rear. The classifications back this up with **5 Excellent, 61 Very Good and 32 Good Plus cows selling**. In addition the milking heifers classifications are impressive with **14 Very Good and 30 Good Plus heifers selling**.

This premier event features all the in-calf heifers and bulling heifers over a year old. They are well bred, many with high index and display enormous potential. Many are sired by the very **BEST** sires in the breed including Cookiecutter Harrisenna, Welcome-Tel Heart, Bosside Rubel Rebel Red and Lars-Acres Ssi Gd Raiton.

This special offering provides a truly unique opportunity. Buyers will find generations of carefully bred Holsteins, featuring many of the herd's most influential and admired cow families, along with high-yielding individuals that showcase the herd's outstanding genetic merit. The BEST include members of the Flo, Pledge, Marie, Lila Z, Apple, Roxy, Rhapsody, Ghost, Missy, Elegance and Carlin cow families. It is worth noting that four members of the famous Larcrest Cosmopolitan cow family sell from the famous Carlin line that has been developed by the Boghill Glamour partnership in Ireland. The highest PLI heifer in the sale is from this line. **Please check out lots 37, 41, 189 and 201.**

Since I have known Richard he has been keen to explore new opportunities and this sale features one of those exciting ventures. We are pleased to offer a select consignment of **full-blood Wagyu cattle**, a rare opportunity for beef enthusiasts. This special section of the sale will take place at **1:00pm**.

While this sale marks a restructuring of the Orton Grange business, it also represents something much greater. In support of a cause close to his heart, **Richard will be donating the sale average to the MND (Motor Neurone Disease) Charity**, and in addition, a heifer calf will be sold specially to raise further funds for this vital cause that has been kindly donated by the Swainson family. This act of generosity reflects not only Richard's commitment to agriculture, but also his compassion and desire to make a meaningful difference beyond the farm gate.

For a full detailed report on the herd health protocols of the Orton Grange herd please see the vets report.

I would like to encourage all milk producers to this special event these animals bred with purpose, proven by performance, and presented with pride. I am totally confident in their ability to perform at the highest levels on your farm and look forward to welcoming you to Borderway on November 26th.

Motor neurone disease kills a third of people within a year **and** **more than** **half within** **two years of** **diagnosis.**

MND is a
fatal, rapidly
progressing
disease that
affects
the brain and
spinal cord.

MND attacks the nerves
that control movement so
muscles no longer work.
It **does not usually affect the**
senses such as sight, sound,
feeling etc.

MND can leave
people locked
in a failing body,
unable to move,
talk, swallow and
eventually breathe.

Around **35%**
experience mild
cognitive change causing
difficulties with planning,
decision-making and
language.

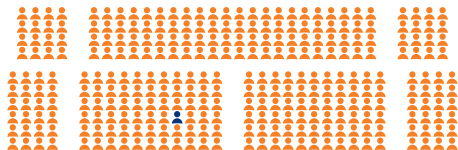

A further **15%** of
people show signs of a
form of dementia resulting
in more pronounced
behavioural change.

MND affects
people **from all**
communities.

A person's lifetime risk of developing MND is up to 1 in 300. That's one person in an average size cinema screen.

It affects up to **5,000 adults** in the UK at any one time.

Six people are diagnosed every day. Up to 5,000 people are fighting MND at various stages of the disease. **Six people die each and every day.**

MND - there is no cure.

The MND Association focuses on improving access to care, research and campaigning for those people living with or affected by MND in England, Wales and Northern Ireland.

No bid shall be retracted and if any dispute should arise between two or more bidders, the Lot in dispute to be put up again and resold, or the Auctioneers may determine the dispute at their own discretion and their decision shall be final. The Auctioneers reserve the right to refuse the bid of any person without being called upon to give reason for such action.
2. The Purchaser to give his full name and dwelling place and pay for all Lots purchased immediately at the close of sale. No Lot or Lots shall be removed from the sale premises until paid for and a pass-out slip obtained from the Auctioneer's clerk but each and every Lot shall immediately at the fall of the hammer be considered as delivered and be and remain in every respect at the absolute risk and expense of the respective purchaser or purchasers thereof and shall be removed from the sale premises at the purchaser's expense. The right of property shall not pass until the full purchase price is paid.
3. Purchasers paying by cheque must be prepared, if required, to produce a banker's reference. As a result of the Money Laundering Regulations (2003) the auctioneers are unable to accept cash payments in excess of nine thousand pounds sterling for any single or linked purchase transaction.
4. All statements in the catalogue, or made by the Auctioneers at the time of sale, also the correct identification of the animals, are the entire responsibility of the Vendors. The Auctioneers take no personal responsibility for the correctness of such statements or identities.
5. All statements in the catalogue, or any made by the Auctioneers at the time of sale relating to any veterinary or other tests are to be taken as statements of fact only. No such statements shall guarantee the purchaser of any animal against loss arising from the subsequent reaction of such animal to any test administered after the sale and the Vendors shall not be liable in any way should this occur.
6. All stock is sold subject to the Conditions of Sale recommended for use at markets by the Livestock Auctioneers' Markets Committee for England and Wales except in so far as these conflict with any Special Conditions applicable to the sale of pedigree stock, when the latter Conditions shall prevail.
7. Neither the Vendors nor the Auctioneers will be responsible for any accident or injury to persons or property, through fire or any other cause whatsoever, nor for any damage by animals prior to, during or after the sale.
