BORDERWAY MART  
CARLISLE

Two sheep are featured in the advertisement. One sheep is in the upper left, facing left, with a white face and legs and a thick, golden-brown woolly body. The other sheep is in the lower right, facing right, with a similar color scheme but a small red mark on its back. They are standing on a patch of green grass against a light blue background with faint sheep silhouettes.

### Our Heritage – Your Future

The Texel Sheep Society provides performance recording services directly to its membership and continues to support the National Terminal Sire Evaluation.

The aim of EBVs is to allow buyers to see how much of an animal's performance is due to its breeding (genetics) and how much has been influenced by the environment that they have been kept in – management, feeding, farm location, housing etc

An animal will pass on half of its genetic merit to its offspring.

e.g., if Ram A has a Scan Weight EBV of +3.33 then his progeny at scanning will be over 1.5kg heavier than average

## Inbreeding within the national pedigree Texel flock

### Use the Mating Predictor Tool now on iTexel

Members are encouraged to use the mating predictor on iTexel to manage levels of inbreeding within their flocks. You cannot assess ewe/ram combinations by eye. The Mating Predictor estimates the inbreeding value of the offspring from a particular pairing.

### The predictor is available on your smart phone as well as desktop

To check the ram(s) you're interested in purchasing and see how they combine with your ewes:

1. Login to iTexel, click Mating Predictor
2. Choose 'New Combination' to select a Sire and Ewes
3. Click 'View Results'
4. A summary will appear with the number in brackets displaying the predicted inbreeding coefficient. A coefficient below 7 is desirable

Inbreeding can be defined as the mating of related individuals, or of individuals with shared ancestors. A balance needs to be maintained between selecting animals to optimise rates of genetic gain and minimise levels of inbreeding.

Increasing levels of inbreeding can result in inbreeding depression, where performance can suffer. It can be argued that any animal is only one mating away from being outbred.

Each animal's inbreeding coefficient value is now displayed in the sales catalogue. The lower the level of inbreeding the better; a value of 7% or below is regarded as an acceptable level of inbreeding within a breeding programme.

# TATHAM HALL FLOCK

## Scrapie Status: Scrapie Qualified Scheme

Contact: Jeff Aiken 07971 546623

The Tatham Hall flock was established in 2009 following the purchase of 10 outstanding gimmers from Will & Jackie Forrester's Doonguille flock with further additions from Brijon and College flocks.

It has always been our aim to breed Shearling rams with great tops, skins and carcase with a finer head for lambing ease for the commercial man.

Over the years we have built up a strong commercial flock which produce Shearling rams we sell at Kelso, Skipton, J36 & Bentham. We have a great following at these sales with many repeat customers coming back when they require a new ram.

Influential rams used within the flock are namely Clydeside Oscar, Midlock Starsky, Scroptonhead U Stoater, Thrunton Younique and Smithy Ben.

### SHEARLING RAM SALE HIGHLIGHTS:

- Procters Rambo, 5000gns
- Tatham Hall Ur The One, 5000gns
- Tatham Hall First Class, £6200. His first sons sold to a top of £14,000

### Kelso Ram Sale

## HEALTH AND SAFETY RULES HARRISON & HETHERINGTON LIMITED NOTICE TO ALL VISITORS AND TRADERS PLEASE READ AND OBSERVE THE FOLLOWING

All visitors and traders on site will be responsible for ensuring that they and their employees or sub-contractors engaged by them comply with all legal requirements, including the Health and Safety At Work etc., Act 1974, The Management of Health and Safety At Work Regulations, The Provision And Use of Work Equipment Regulations, etc.

All visitors and traders will be responsible for ensuring that their operations in no way affect the integrity of the company or its fire, safety or security arrangements and in no way compromise the health and safety and welfare of other visitors to and or employees of Harrison & Hetherington.

Although it is the visitors and traders responsibility to ensure that plant, equipment and systems in work are safe, Harrison & Hetherington Limited reserve the right to ask any visitor or trader to leave the market for any breaches in the Health and Safety Rules and/or Regulations.

Vendors must inform Harrison & Hetherington Limited of any livestock due to attend the market whose temperament, behaviour or condition may call for additional precautions for its safe handling.

When loading or unloading livestock handlers must ensure that the dock and vehicle gates are securely fixed so as to prevent the escape of animals.

Traders are responsible for providing and maintaining suitable livestock handling equipment. They should ensure that livestock handlers are fit, experienced in livestock handling and familiar with the livestock in their charge.

Children must not be permitted in any area where they may be at risk from livestock or machinery.

In the case of bulls, during the period when the show/sale is open to visitors, bulls in stalls or pens should not be left unattended. If the handler is temporarily absent, arrangements should be made with another vendor, steward or member of Harrison & Hetherington staff to oversee the bull until the handler returns.

Handling of Livestock at shows and sales: Harrison & Hetherington Limited recommend that an adult person should accompany any junior person during the showing/sale of livestock in the ring and reserves the right to intervene at any point if, in the company's opinion, the person showing the livestock is at risk in undertaking that activity.

Passageways must be kept clear at all times during the auction sale. PLEASE DO NOT STAND IN THE SALE RING ENTRANCE AND EXIT PASSAGES.

The auction ring man escapes and refuges must be kept clear at all times.

All portable electrical equipment supplied and/or used by visitors and traders must be safe and fit for the purpose and should have a valid portable appliance test certificate.

## AUCTIONEER'S TERMS & CONDITIONS OF SALE

(Incorporating the Auctioneer's  
Terms and Conditions )

1. The biddings to be regulated by the Auctioneers and the highest bidder, subject to the Vendor's reserve (if any), to be the purchaser. No bid shall be retracted and if any dispute should arise between two or more bidders, the Lot in dispute to be put up again and resold, or the Auctioneers may determine the dispute at their own discretion and their decision shall be final. The Auctioneers reserve the right to refuse the bid of any person without being called upon to give reason for such action.
2. The Purchaser to give his full name and dwelling place and pay for all Lots purchased immediately at the close of sale. No Lot or Lots shall be removed from the sale premises until paid for and a pass-out slip obtained from the Auctioneer's clerk but each and every Lot shall immediately at the fall of the hammer be considered as delivered and be and remain in every respect at the absolute risk and expense of the respective purchaser or purchasers thereof and shall be removed from the sale premises at the purchaser's expense. The right of property shall not pass until the full purchase price is paid.
3. Purchasers paying by cheque must be prepared, if required, to produce a banker's reference. As a result of the Money Laundering Regulations (2003) the auctioneers are unable to accept cash payments in excess of nine thousand pounds sterling for any single or linked purchase transaction.
4. All statements in the catalogue, or made by the Auctioneers at the time of sale, also the correct identification of the animals, are the entire responsibility of the Vendors. The Auctioneers take no personal responsibility for the correctness of such statements or identities.
5. All statements in the catalogue, or any made by the Auctioneers at the time of sale relating to any veterinary or other tests are to be taken as statements of fact only. No such statements shall guarantee the purchaser of any animal against loss arising from the subsequent reaction of such animal to any test administered after the sale and the Vendors shall not be liable in any way should this occur.
6. All stock is sold subject to the Conditions of Sale recommended for use at markets by the Livestock Auctioneers' Markets Committee for England and Wales except in so far as these conflict with any Special Conditions applicable to the sale of pedigree stock, when the latter Conditions shall prevail.
7. Neither the Vendors nor the Auctioneers will be responsible for any accident or injury to persons or property, through fire or any other cause whatsoever, nor for any damage by animals prior to, during or after the sale.
8. No undertaking by the Auctioneers or their servants to take charge of any Lot or Lots after the sale or to forward them to their destination shall be held to impose upon the Auctioneers any legal obligation or vitiate any of these Conditions.
9. Inasmuch as the Auctioneers act as agents for a disclosed principal they shall not be considered personally responsible for any default on the part of either purchasers or Vendors and the remedy shall be against them only and not against the Auctioneers.
10. If these conditions are unfulfilled, the Vendors or Auctioneers shall have the power to resell the Lots, retaining any surplus and charging any deficiency and expense to the defaulter.
11. You have a right to know how we will use the information you have provided to us. We may share the information with other members of our group and may make this information available to relevant media groups and other interested parties on request. We and other members of the group may contact you by telephone, e-mail, post or fax to inform you of products or services available.
