VET'S LETTER

Having been the vet for Shenrick Farm for the past 25 years, I have had the privilege of seeing this herd develop over many years and generations of cows.

One thing that has always stood out to me is the care and attention given to the cows. This has been a genuinely well-managed family dairy herd, with a strong emphasis on animal health, welfare, fertility and longevity.

The Burgoynes' breeding policy has resulted in this herd of sound, functional dairy cows that have consistently yielded well and produced high-quality dairy cross beef animals. I am confident that these cows will go on to do a great job for their new owners.

It has been my absolute pleasure to work with Ian, Elizabeth, Adam and Zoe and to play a small part in the story of this dairy herd. I have tremendous respect for what they have achieved, and I wish them every success and happiness in whatever comes next.

Peter F Hastings BVMS MRCVS

The sale will be held subject to the Auction Sale Rules of Holstein UK and the Auctioneers General Terms and Conditions of Sale, both available on request.

TERMS

All purchasers please note that accounts must be settled at the close of the sale

ONLINE BIDDING

Is available through Marteye.

AUCTIONEER'S FOREWORD

Introduction

The SHENRICK Pro Cross dairy herd is an impressive, high productive dairy herd that ticks all the boxes and excels in production, fertility, herd health and genetics. Situated on the outskirts of the picturesque village of Crocketofrd in Dumfries and Galloway, Shenrick Farm enjoys an enviable location in one of Scotland's most productive dairy farming regions.

The herd has a rich history going back to 1969 when it was established, firstly as a well known British Friesian herd. Holstein genetics were introduced in the 80's and a high production Holstein herd was developed. In 2000 the first Montbeliarde genetics were used followed by the Norwegian Red and followed by the Holstein sire. Since then the three way cross has been used successfully. Only the best sires have been selected from all three breeds with a strong focus on production, milk solids, fertility, health traits and feet and legs.

Herd Profile

This dispersal of the milking portion has a total of 113 cows and heifers in milk or dry, comprising 33 heifers in milk, 27 second lactation, 20 third lactation, 20 fourth lactation and 13 having had five or more calves. This is an all year round calving herd. 41 are freshly calved in the last three months with 44 cows giving more than 35kgs! If you are in the market for autumn and winter milk 29 cows and heifers are due to calve from September through to December. If you are looking for spring calvers this sale has 32 cows and heifers due in February and March.

Production and Management

The herd is currently averaging 9323kg 4.43% butterfat 3.46% protein on twice a day milking with an average cell count of 121 the current daily yield is running at 31kgs. The herd is grazed day and night from early spring to late autumn with cake fed at milking time. Buffer feeding is introduced when the quality of the grass declines towards the end of the grazing season. The winter ration is a semi TMR with a dairy blend mixed with the grass silage. 90% of the dry cows are dried of with Orbesal Dry cow and 10% also get dried of with Orbenin Dry Cow and they also get vaccinated with Rotavec at drying off.

The fertility of the herd is managed in conjunction with vet who carries out monthly fertility checks. The current Calving Index is 366 days and the conception to first service is running at 58%. The dairy service sires are all female sexed sires and the beef sires used are either Charolais or Limousine

The hoof management is excellent with routine herd hoof trimming and foot bathing carried out twice a week. The quality and the strength of the feet and legs within the herd is exceptional.

Genetics

Since 2000 the three way cross of the best Holstein, Montbeliarde and Viking Red sires have been used very effectively known as the Pro Cross. The focus has been to select sires with high production, high butterfat and protein, high fertility index and quality legs and feet. Some of the sires that feature in the catalogue are Drone PP (Holstein), Recordman (Montbeliarde), Hakvin (Viking Red), Foredal (Viking Red), Vimo (Viking Red), Ilax (Montbeliarde) and Venom (Viking Red)

Herd Health

The herd is vaccinated for BVD, Lepto, (booster given April 2026) Salmonella, (booster given July 2026) and Blue Tongue (vaccinated June 2026). Cow are vaccinated with Rotavec at drying off. The herd is tested for Johnes and is free of the disease. The herd is in a four year TB testing area and there has never been TB in the herd.

Opportunity

This is a unique opportunity to purchase Pro Cross cattle with high production, excellent butterfat and protein, impressive fertility from a herd with a high health status. I highly recommend this dispersal sale to all milk producers and look forward to welcoming you to Borderway on Wednesday 26th August

Wadland Finance is authorised and regulated by the Financial Conduct Authority No: 679611.
We are a credit broker and offer finance for business users from a panel of funders.

HEALTH AND SAFETY RULES HARRISON & HETHERINGTON LIMITED NOTICE TO ALL VISITORS AND TRADERS PLEASE READ AND OBSERVE THE FOLLOWING

All visitors and traders on site will be responsible for ensuring that they and their employees or sub-contractors engaged by them comply with all legal requirements, including the Health and Safety At Work etc., Act 1974, The Management of Health and Safety At Work Regulations, The Provision And Use of Work Equipment Regulations, etc.

All visitors and traders will be responsible for ensuring that their operations in no way affect the integrity of the company or its fire, safety or security arrangements and in no way compromise the health and safety and welfare of other visitors to and or employees of Harrison & Hetherington.

Although it is the visitors and traders responsibility to ensure that plant, equipment and systems in work are safe, Harrison & Hetherington Limited reserve the right to ask any visitor or trader to leave the market for any breaches in the Health and Safety Rules and/or Regulations.

Vendors must inform Harrison & Hetherington Limited of any livestock due to attend the market whose temperament, behaviour or condition may call for additional precautions for its safe handling.

When loading or unloading livestock handlers must ensure that the dock and vehicle gates are securely fixed so as to prevent the escape of animals.

Traders are responsible for providing and maintaining suitable livestock handling equipment. They should ensure that livestock handlers are fit, experienced in livestock handling and familiar with the livestock in their charge.

Children must not be permitted in any area where they may be at risk from livestock or machinery.

In the case of bulls, during the period when the show/sale is open to visitors, bulls in stalls or pens should not be left unattended. If the handler is temporarily absent, arrangements should be made with another vendor, steward or member of Harrison & Hetherington staff to oversee the bull until the handler returns.

Handling of Livestock at shows and sales: Harrison & Hetherington Limited recommend that an adult person should accompany any junior person during the showing/sale of livestock in the ring and reserves the right to intervene at any point if, in the company's opinion, the person showing the livestock is at risk in undertaking that activity.

Passageways must be kept clear at all times during the auction sale. PLEASE DO NOT STAND IN THE SALE RING ENTRANCE AND EXIT PASSAGES.

The auction ring man escapes and refuges must be kept clear at all times.

All portable electrical equipment supplied and/or used by visitors and traders must be safe and fit for the purpose and should have a valid portable appliance test certificate.

AUCTIONEER'S TERMS & CONDITIONS OF SALE

(Incorporating the Auctioneer's
Terms and Conditions)

1. The biddings to be regulated by the Auctioneers and the highest bidder, subject to the Vendor's reserve (if any), to be the purchaser. No bid shall be retracted and if any dispute should arise between two or more bidders, the Lot in dispute to be put up again and resold, or the Auctioneers may determine the dispute at their own discretion and their decision shall be final. The Auctioneers reserve the right to refuse the bid of any person without being called upon to give reason for such action.
2. The Purchaser to give his full name and dwelling place and pay for all Lots purchased immediately at the close of sale. No Lot or Lots shall be removed from the sale premises until paid for and a pass-out slip obtained from the Auctioneer's clerk but each and every Lot shall immediately at the fall of the hammer be considered as delivered and be and remain in every respect at the absolute risk and expense of the respective purchaser or purchasers thereof and shall be removed from the sale premises at the purchaser's expense. The right of property shall not pass until the full purchase price is paid.
3. Purchasers paying by cheque must be prepared, if required, to produce a banker's reference. As a result of the Money Laundering Regulations (2003) the auctioneers are unable to accept cash payments in excess of nine thousand pounds sterling for any single or linked purchase transaction.
4. All statements in the catalogue, or made by the Auctioneers at the time of sale, also the correct identification of the animals, are the entire responsibility of the Vendors. The Auctioneers take no personal responsibility for the correctness of such statements or identities.
5. All statements in the catalogue, or any made by the Auctioneers at the time of sale relating to any veterinary or other tests are to be taken as statements of fact only. No such statements shall guarantee the purchaser of any animal against loss arising from the subsequent reaction of such animal to any test administered after the sale and the Vendors shall not be liable in any way should this occur.
6. All stock is sold subject to the Conditions of Sale recommended for use at markets by the Livestock Auctioneers' Markets Committee for England and Wales except in so far as these conflict with any Special Conditions applicable to the sale of pedigree stock, when the latter Conditions shall prevail.
7. Neither the Vendors nor the Auctioneers will be responsible for any accident or injury to persons or property, through fire or any other cause whatsoever, nor for any damage by animals prior to, during or after the sale.
8. No undertaking by the Auctioneers or their servants to take charge of any Lot or Lots after the sale or to forward them to their destination shall be held to impose upon the Auctioneers any legal obligation or vitiate any of these Conditions.
9. Inasmuch as the Auctioneers act as agents for a disclosed principal they shall not be considered personally responsible for any default on the part of either purchasers or Vendors and the remedy shall be against them only and not against the Auctioneers.
10. If these conditions are unfulfilled, the Vendors or Auctioneers shall have the power to resell the Lots, retaining any surplus and charging any deficiency and expense to the defaulter.
11. You have a right to know how we will use the information you have provided to us. We may share the information with other members of our group and may make this information available to relevant media groups and other interested parties on request. We and other members of the group may contact you by telephone, e-mail, post or fax to inform you of products or services available. If you do not want to be contacted for marketing purposes or do not wish your information to be made available to any other parties please notify us in writing.
