General Information & Sale Notes

LOCATION: The Sale will be held in the Borderway Mart, Carlisle Cumbria. Motorists should leave the M6 at Junction 43 and follow CARLISLE signs. The market is on the left hand side of the road within 1 /4 mile of M6.

Timetable of Events:-

Tuesday 25th June	Arrival of Stock	3.00pm - 6.00pm
Wednesday 26th June	Arrival of Stock	7.00am - 9.30am
	Inspection of Stock	8.30am - 10.00am
	Sale	11am

CONDITIONS OF SALE: The British Limousin Cattle Society have adopted the Auction Rules and Conditions of Sale drawn up by the N.B.A. This Sale is held subject to these rules and the Auctioneers' General Conditions of Sale, both available on request. In the event of any discrepancy between the two sets of conditions, the N.B.A. Conditions of Sale shall prevail.

INSURANCE: A representative of the H & H Insurance Brokers, will be present at the sale and will be pleased to quote Purchasers for transit and other risks.

METHOD OF SALE: All cattle will be sold in guineas (105 pence) and strictly in catalogue order, unless any alteration is announced by the Auctioneers.

COMMISSIONS: The Auctioneers will dutifully execute commissions to purchase for buyers unable to attend the sale personally, upon receipt of written instructions.

ONLINE BIDDING FACILITY will be available on MartEye.

REGISTRATIONS: All stock in the Sale are registered with the British Limousin Cattle Society, (Tel 02476 696500).

PEDIGREE TRANSFERS: Official Pedigree Transfers will be effected by the Auctioneers and the British Limousin Cattle Society as soon as possible after the Sale. Full Pedigrees will be transferred free of charge to all members.

SETTLEMENT AND CLEARANCE OF STOCK: Settlement in full is due immediately at the close of Sale. No animal may leave the Sale Premises without an official 'Pass Slip', obtainable only from the Auctioneers upon settlement.

Purchasers unable to remove their stock on the day of sale can arrange overnight accommodation with the Auctioneers on the understanding that all cattle are at Purchasers' risk.

ANIMAL WELFARE: Vendors and Purchasers should note the CODE OF PRACTICE published by the Livestock Auctioneers' Market Committee for England and Wales IS OPERATIVE IN BORDERWAY MART and that weakly, unhealthy or injured stock will be refused entry by the Auctioneers. Enquiries should be directed through the market office to the Auctioneers' ANIMAL HEALTH & WELFARE OFFICER (Mr Andrew Templeton).

Important Notice to Vendors & Purchasers

The full Auction Rules of the BLCS can be viewed in the Society's Byelaws and on the website www.limousin.co.uk. A paper copy can be made available upon request to the BLCS office.

ARRIVAL OF STOCK - As per timetable of events.

PRE-SALE INSPECTION: BULLS - All bulls must be available for inspection, as per the timetable of events. A Veterinary Officer will examine all bulls forward for general health and genetic defects, particularly teeth, eyes, locomotion. The Veterinary Officer and appointed Society Inspector will check general conformation, locomotion and breed characteristics and temperament. Any animal discovered with a genetic fault, disease or disorder will be **REJECTED**. Animals will be placed in a crush for this inspection - as required by the Veterinary Officer. The Veterinary inspection will form an integral part of the pre-sale inspection procedure.

Please note - "All animals are subject to a pre-sale inspection to provide a minimum standard and animals are sold with all patent defects, and any subsequent claim after the fall of the hammer is against the vendor and not The British Limousin Cattle Society Ltd".

PRE-SALE SHOW - All Bulls and females passing the pre-sale inspection must be shown where a pre-sale show is in place. Animals up to and including 24 months of age will be entered in to show classes. Animals 25 months of age and older will be paraded ahead of the pre-sale show only. At its discretion, the society reserves the right to deny entry of an animal to the sale if it has not been presented for showing in accordance with bylaw 14.19.

IDENTIFICATION MARKS - At the point of inspection all animals born after 01 January 1998 must be clearly identified in accordance with bye-law 3.12. This includes all calves at foot.

MARGINAL TEETH - Any bull found to have marginal teeth when inspected will have their sale ticket marked in yellow. Bulls with marginal teeth will be eligible to be shown in the pre-sale show. BLCS

RECORDED WEIGHTS - All bulls will be weighed by BLCS Officials as an integral part of the pre-sale inspection procedure. Official weights (in kgs) will be displayed above each pen. EVERY BULL entered for the Sale, **MUST BE ADEQUATELY TRAINED TO LEAD BY HALTER and MUST BE PARADED FOR INSPECTION** unless exempted by the Stewards, at the time and place to be notified. Evidence of faults of temperament, vices, etc., may lead to disqualification. All bulls must be provided with a serviceable halter, which will become the property of the purchaser. Please ensure all cattle passport documentation is handed to the Market Sales Office upon arrival. Failure to do so or if for any reason the paperwork does not correspond to the cattle being offered for sale, such animals will be not be put forward for the auction. The proceeds of sale are guaranteed by the Auctioneers, however, this does not extend to the animals sold for export, to which special conditions apply.

UPSET PRICES - There will be an 'Upset' price of 2,500 guineas on each bull and 1,500 gns presented for sale - i.e. if no opening bid of 2,500/1,500 guineas is received for any particular lot, that lot will be passed out of the ring unsold.

RESERVE PRICES - Vendors shall have the right to refuse to accept the final bid for their animals. The auctioneers reserve the right to charge half commission on the amount of the final bid in the case of animals which fail to reach the Vendors reserve price. All animals will be sold in guineas (105 pence) and a commission of 5.25% will be charged by the Auctioneers on all sales. A further levy of 1.5% will be charged and paid to the British Limousin Cattle Society. No animal may be sold privately before being passed through the auction ring and full commission will be charged on the sale of any animal sold by private treaty after the auction. All such transactions must be passed through the auctioneers office.

NBA WARRANTIES - This Sale is also held subject to the Special Terms and Conditions of Sale recommended for Sales of Pedigree Beef Cattle by the National Beed Association. The preparation of these Terms and Conditions has proved a lengthy and costly process and, in order to defray the legal and other costs involved, and to provide a continuing source of revenue to assist the Association in its vital work for Pedigree Cattle Breeders, the Council of the Association has decided that a special levy, amounting to £3 per male and £2 per female head/lot sold (plus VAT) shall be charged to each Purchaser.

STRAW - A limited amount of bedding straw will be provided.

THE BRITISH LIMOUSIN CATTLE SOCIETY Concorde House, 24 Warwick New Road,
Leamington Spa, Warwickshire CV32 5JG Tel: 02476 696500

VENDORS' INDEX

The pedigree, performance, DNA, health information and footnotes included in Society sale catalogues is as supplied by, or on behalf of the vendor. The responsibility for the accuracy of the information therefore rests solely with the vendor and not with the British Limousin Cattle Society Ltd (BLCS). It should be noted that the Estimated Breeding Values for all animals change over time, as new performance records come available. While the BLCS and Genesure Ltd seek to ensure that the information contained in catalogues is accurate at the time of printing in accordance with their terms and conditions, no warranty is given in respect thereof by the BLCS and, to the maximum extent permitted by law, the BLCS shall have no liability for any loss, damage or injury howsoever caused (including that caused by negligence) or suffered directly or indirectly in relation to information and opinions contained in or omitted from this publication. Genesure Ltd's liability is limited to the extent set out in its terms and conditions (a copy is available from the BLCS office upon request).

RACHELS UMBRO if you need a quiet bull, with two F94L genes, to put size conformation and growth into your herd, **Umbro** is the bull. He has an outstanding EBV for Beef Value at LM66 with a muscle depth score of 6.8, placing him in the top 1% of the breed.

At UK Sires, we offer breeders and bull owners the complete service, from collecting, processing and storing semen at the UK's largest independent EU-licensed Stud and Semen Store, to helping market sales, both domestically and internationally.

WE COLLECT SEMEN ON FARM...

ANYWHERE IN GB, for processing in our lab down in Devon, for domestic use in England, Scotland and Wales only.
THE BEST VALUE BULL INSURANCE IS PROTECTING THE VALUABLE GENETICS! To start the application process, contact our Administration Manager Liz Harvey on 01803 863 560

ON STUD

WHY NOT bring your bull to our Stud so semen can be collected at EXPORT STANDARD?

UK SIRES have exported semen from over 40 breeds, all over the world. We collect and process at our modern facility on the Stud in Dartington, Totnes, before storing ready for distribution to individual farmers and breeding operatives in the UK or marketing through our own retail service both here and overseas.

Eves Rhys sold for 6000gns in Feb 2022. Goldies Regency sold for 5000gns at Carlisle in June 2022. Dinmore Starmaker sold for 26,000 at the Dinmore Dispersal sale July 2022. Calogale Slimshadey sold for 8000gns at Carlisle October 2022. Goldies Steven sold for 6000gns at Carlisle October 2022. Goldies Statesman who

got reserve overall champion on the day sold for 12,000gns at Carlisle October 2022. Calogale Skye 8000gns Carlisle Dec 2022, Tweeddale Sergeant sold for 10,000gns at Carlisle February 2023. Tweeddale Tommy 4500gns Carlisle Oct 2023. Tomschoice Toptotty 5500gns Carlisle Red Ladies Sale Dec 2023.

CLARAGH FRANCO (RJT10-013) sire – Wilodge Vantastic, dam – Haltcliffe Avon (by Sympa). Junior Champion, Carlisle May 2011 sold for 24,000gns. Progeny includes Norman Halo 8,800gns, Norman Hilary 7,500gns & Norman Helen 5,500gns Carlisle June 2013. Norman Hawk 15,500gns and Norman Hardy 7,800gns Carlisle Feb 2014. Norman Harvest 8,500gns Carlisle May 2014. Norman Ivan 10,000gns and Norman Irish 7,500gns Carlisle Oct 2014. Norman Inventor 22,000gns, Norman Infusion Supreme Champion and sold for 20,000gns and Norman Ionesco 7,500gns Carlisle Feb 2015. Lenagh IQ Reserve Overall Male Champion and sold for 13,000gns Carlisle May 2015. Norman Invincible 8,000gns Carlisle June 2015. Grahams Lorenzo 40,000gns, Grahams Lizzie 16,000gns and Grahams Lamont 5,000gns Carlisle National Sale of Champion July 2016. Norman Hawk 8,000gns Millington Dispersal Carlisle August 2016. Norman Legacy 9,500gns Carlisle Oct 2016. Grahams Lilly Champion and sold for the top price of 32,000gns, Grahams Lobelia 10,000gns and Grahams Lisette 7,000gns Carlisle Red Ladies Derby Dec 2016. Grahams Murphy 9,000gns Carlisle Weaned Calf Sale Dec 2016. Norman Levi 10,500gns, Norman Lloyd 9,000gns and Norman Lance 8,000gns Carlisle Feb 2016. Norman Lick 7,000gns, Grahams Liz 7,000gns and Norman Lacey 5,500gns Carlisle May 2017. Grahams Natalie sell for the top price of 38,000gns and Grahams Nashville 20,000gns Carlisle Weaned Calves Dec 2017. Grahams Nikita 26,000gns Carlisle May 2018. Grahams Nathan 11,000gns Carlisle Feb 2019. Norman Orkney 11,000gns Carlisle Feb 2020. Norman Orinocco 4000gns Carlisle Feb 2020. Norman Outsider 6500gns Carlisle Online Sale 2020. Norman Rocky 8000gns Carlisle Feb 2022. Grahams Talent 9000gns Carlisle Oct 2023. Uptonley Tonic 5200gns, Anside Trinity 18,000gns, Grahams Trendy 10,000gns Carlisle Red Ladies Sale Dec 2023.

GALLAWAY KEMP (IE231327080532) sire – Wilodge Tonka, dam – Kaprico Ravelle (by Greensons Gigolo). Progeny include Tweeddale Newsbeat 10,000gns Carlisle May 2019. Tweeddale Rainbow 4200gns, Tweeddale Redrose 3200gns & Tweeddale Pacorabane 6000gns Carlisle May 2021. Tweeddale Starburst sold for 11,500gns at Carlisle May 2023.

GOLDIES OLYMPIA (GS18-1838) sire – Ampertaine Foreman, dam – Goldies Fragrance (by Wilodge Vantastic) Westpit Shishkin sold for 8500gns at Carlisle October 2022, Beachmount Solomon sold for 9000gns at Carlisle February. Whinfellpark Supertrouser sold 5000gns at Carlisle May 2023. Whinfellpark Thriller sold for 16000 Carlisle February 2024. Cowin Topgun sold for 6000gns Carlisle Feb 2024.

GUNNERFLEET LION (HDR15-0827) sire – Gunnerfleet Hicks, dam – Gunnerfleet Ilocks (by Plumtree Fantastic). Stock bull for the Whinfellpark herd. Progeny have been shown successfully summer 2019 and include Whinfellpark Oz 11,000gns Carlisle Oct 2019. Whinfellpark Peggy 8000gns, Whinfellpark Priscilla 10,000gns, Whinfellpark Pretty 4000gns, Whinfellpark Pia 6500gns, Whinfellpark Pollyanna 4000gns Carlisle Red Ladies Derby 2020. Norman Rora 8000gns, Whinfellpark Paddy 11,500gns, Annanview Pavarotti 9000gns, Whinfellpark President 24,000gns & Whinfellpark Poldark 18,000gns Carlisle May 2021. Whinfellpark Rocco 7200gns, Grahams Rolex 5500gns, Whinfellpark Rhapsody 17,000gns, Grahams Rebel 14,000gns Carlisle Oct 2021. Whinfellpark Royalty 15,000gns Carlisle Red Ladies Derby Dec 2021. Ballyrobin Steele sold for 6000gns at Carlisle October 2022. Beachmount Sawyer sold for 5000gns at Carlisle October 2022. Ladybowers Spartacus sold for 6000gns at Carlisle October 2022, Easegill Spoton sold for 45,000gns at Carlisle February 2023. Cowin Salvation sold for 5000gns at Carlisle May 2023. Shaws Tiger 8000gns Carlisle Oct 2023. Whinfellpark Treasure 5000gns Carlisle Red Ladies Sale Dec 2023. Cowin Toronto sold for 16000gns Carlisle February 2024. Loosebeare Topper sold for 5000gns Carlisle Feb 2024.

HUNTERSHALL NUTCRACKER (HRY17-0633) sire – Plumtree Fantastic, dam – Huntershall Josie (by Rossignol). Progeny includes Broadhead Rustler 17,000gns Carlisle May 2021. Broadhead Reggie 11,000gns Carlisle Oct 2021. Huntershall Rodman 9500gns Carlisle Feb 2022. Ampertaine Topgun 17,000gns Carlisle Oct 2023.

MARAISCOTE ODANTE (NAJ18-2496) sire – Bassingfield Machoman dam – Maraiscote Dante. His progeny includes Longhirst Sauvignon sold for 9000gns at Carlisle February 2023. Longhirst Starman sold for 5500gns at Carlisle May 2023.

MILLINGTON LANGTON (MRJ15-2535) sire – Norman Hawk dam – Brockhurst Option. Loganburn Sherlock sold for 6500gns at Carlisle May 2023. Ringway Sting sold for 5000gns at Carlisle May 2023. Ringway Tim 5000gns Stirling Feb. 2024.

NEWRODDIGE JETSET (QGH14-2458) sire – Haltcliffe Underwriter, dam – Grahams Butterfly (by Samy). Progeny include Brockhurst Princess sold for 11,000gns Brockhurst Sale Jan 21

PLUMTREE DEUS (CQE08-003) sire – Cloughhead Umpire, dam – Bankdale Amber (by Sympa). Won Reserve Senior Championship and sold for 35,000gns Carlisle Feb 2010 to join the Garyvaughan Herd. Progeny includes Garyvaughan Gordan 8,000gns Carlisle Oct 2012. Garyvaughan Ginola £32,000. Plumtree Graidan 11,000gns, Ampertaine Garcia 9,500gns Carlisle Feb 2013. Mereside Godolphin 40,000gns, Garyvaughan Guy 9,500gns, Garyvaughan Haines 13,500gns. Craigatoke Highandmighty 9,000gns, Craigatoke Halo 8,200gns & Overall Champion and Drumduff Gent 7,500gns Carlisle May 2013. Garyvaughan 11,000gns and Paramor Icebreaker 11,000gns Carlisle May 2014. Westside Irvine 9,200gns Carlisle May 2015. Ampertaine Jeronimo 19,000gns & Garyvaughan Jaroux 7,500gns Carlisle October 2015. Withersdale Levi 10,000gns Carlisle Feb 2017. Garyvaughan Max 8,000gns Carlisle Feb 2018. Ampertaine Majestic Intermediate and Supreme Champion and sold for 34,000gns Carlisle May 2018

RINGWAY OSWALD (HCY18 - 1368) sire – Tomschoice Jet, dam – Ringway Imelda. Progeny includes Ringway Spud sold for 6500gns Carlisle June 2023.

WESTPIT OMAHA (GAZ18-0174) sire – Ampertain Foreman, dam – Brockhurst Holy (by Wilodge Vantastic). Progeny includes Haltcliffe Raquel 32,000gns Haltcliffe Production Sale August 2021. Haltcliffe Radar sold for 6000gns in Feb 2022. Haltcliffe Ruth sold for 10,000gns at the anniversary sale in July 2022. Haltcliffe Sympa sold for 5500gns at Carlisle October 2022, Haltcliffe Storm sold for 7000gns at Carlisle February 2023. Haltcliffe Stone sold for 9000gns at Carlisle May 2023. Haltcliffe Supreme sold for 7500gns at Carlisle May 2023. Bernish Sergio sold for 4800gns at Carlisle May 2023. Haltcliffe Topgun sold for 14,000gns at Carlisle May 2023. Haltcliffe Travis sold for 7000gns at Carlisle May 2023. Haltcliffe Trident sold for 16000 Carlisle February 2024. Haltcliffe Troy sold for 13000gns Carlisle. Carmorn Tigerroll sold for 12,000gns Carlisle February 2024. Haltcliffe Tonic sold for 7000gns Carlisle Feb 2024. Haltcliffe Trent sold for 6500gns Carlisle Feb 2024.

HOW TO USE GENETIC INFORMATION IN THIS CATALOGUE

Sale catalogues contain specific information relating to the genetics of each animal. This is a short explanatory note to assist when selection decisions are being made.

Lot 10 Mr A. Breeder

Concorde Magician

Born 18/04/2016

XY16-4321

UK 123456/654321

Got by AI

Natural Calf

Myostatin: F94L/Nt821

Gen. Colour: Hom. Red

Polled: Hom. Horned

ggs. ANYHERD GREATGRANDSIRE XYZ11-876

ggd. ANYHERD GREATGRANDDAM XYZ11-654

1 Birth Type

‘Got by AI’ indicates whether the calf was a result of an AI service. If blank, the dam was naturally served. ‘Natural calf’ indicates the calf was born to its biological dam. ‘ET calf’ indicates the calf was born as a result of embryo transplant.

2 Myostatin

“Not tested” indicates that no Myostatin test is currently available for the animal. Full details on the Myostatin variants and their effects on performance can be found on the Limousin Society website www.limousin.co.uk, search in ‘performance programmes’. In summary:

The Variants:

F94L	Animals with two copies of this gene (ie F94L/F94L) exhibit an increase in muscling (by up to 19%) with no associated increased in calving difficulty, lowered fertility or longevity and by far the majority of animals in the breed carry this gene. Heterozygous animals (those with one copy of the gene) also exhibit these characteristics but not to the same degree.
NT821	Animals with two copies of the gene (ie nt821/nt821) will exhibit characteristics of larger loin depths, reduced fat depths and large, rounded rump and thighs. However, unlike F94L, animals with two copies may also have slightly heavier birth weights bringing with it the potential for more difficult calvings. If animals are ‘heterozygous’ with F94L (ie F94L/nt821) they will still exhibit quality carcass characteristics but are less likely to be affected by more difficult calvings.
Q204X	Animals with two copies of the gene (ie Q204X/Q204X) will exhibit characteristics of larger loin depth, reduced fat cover and greater meat tenderness. However, they may also have the potential to exhibit larger birth weight and, if females, slightly reduced milking ability. Animals that are ‘heterozygous’ with F94L (ie F94L/Q204X) will still exhibit quality carcass characteristics but are less likely to be affected by larger birth weights and reduced milking ability.

Two further variants of Myostatin exist in the population but are relatively uncommon in their occurrence. Known as nt419 and E291X, their effects are similar to nt821 and Q204X respectively.

The recognised benefits of Myostatin are:

- ✓ **Increased Meat Yield** – by up to 19%.
- ✓ **More feed efficient**
- ✓ **Higher meat quality** – increased tenderness, reduced fat content, higher polyunsaturated fats

Using Myostatin information

An important factor to remember is that carcass traits (muscling, fat cover etc), calving traits and milk traits in cattle are controlled by MANY genes. Myostatin is only one of them and, as such, it is not an absolute predictor of an animal's performance.

A Myostatin genotype is a further bit of information that may help your decision, but it should be used in conjunction with wider information such as Estimated Breeding Values (EBVs), which bring together information of actual performance from the animal itself, its herdmates and its relatives to predict genetic merit, and your own judgment on type and pedigree.

3 Genetic Colour

Colour and polled/horned genes typically come in pairs called alleles. One is inherited from the sire and one from the dam. Where an animal's alleles are the same, it is said to be 'Homozygous' (Hom.) Where the alleles are different (because there is more than one variant of the gene, the animal is said to be 'Heterozygous' (Het.)

"Hom. Red" – animals will be red and will pass on red genes.

"Hom. Black" – animals will be black and will pass on black genes. All calves will be black, since black colour genes are dominant.

"Het. Black" – animals will be black and will pass on either a red or black gene.

"Het. Red" – animals will be red and will pass on a red gene or a colour gene known as the 'wild type' that is non-colour determinate. (The coat colour of calves inheriting the wild type gene will be governed by the gene they inherit from the other parent. It is rare, but it is also possible for an animal to be homozygous for the wild type gene, in which case they will be reddish/brown to brownish/black).

4 Genetics for Horned/Polled Status

A bull that is "Hom. Polled" - will be polled himself and all calves will be polled (since he only has polled genes to pass on and they are dominant).

A bull that is "Het. Polled" – will be polled himself and will produce some polled and some horned calves (assuming the cows are all horned).

A bull that is "Hom. Horned" – will be horned himself and will pass only horned genes to his calves.

For more information on both Genetic Colour and Polled/Horned, go to www.limousin.co.uk, search in 'performance programmes' or scan the QR code above.

5 Estimated Breeding Values and Genomic Estimated Breeding Values (EBVs & GEBVs)

EBVs & GEBVs are expressed in the same unit as the recorded trait (eg kgs for 400 Day Weight, mm for Muscle Depth etc) are relative to the Breed Average.

a) In sale catalogues, **Breed Average** for each trait is represented by the vertical line that is central on the bar chart... **a**

- ✓ Bars that lie to the right of that line indicate EBVs/GEBVs that are above average. The further to the right they lie, the higher above Breed Average they are.
- ✓ Equally, bars that lie to the left of the line indicate EBVs/GEBVs that are below Breed Average. The further to the left they are, the further below Breed Average they are.

b) Accuracy Values (Acc%) are expressed as a % and indicate the quantity and quality of records used to produce each EBV, GEBV or Index. The closer they are to 100%, the more accurate the EBV. Highly accurate values are less likely to change over time. **b**

c) The numeric EBV & GEBV values on the charts can be used to further refine comparison with the breed using the Breed Benchmark which is updated annually.

For more information on EBVs and GEBVs, go to www.limousin.co.uk and search under 'Breed Improvement' in the main menu or scan the QR code opposite.

EBV, GEBV and pedigree information on all Limousin cattle are just a few internet clicks away...

Step 1: Go to www.taurusdata.co.uk

Step 2: In the 'All Breeds Quick Search' box type the name or ear number of the animal you are interested in or click on the 'Breeder Search' button to look at all animals belonging to or bred by a particular breeder.

The site will then tell you the animal's owner/breeder details, its breeding values, its pedigree and list its progeny with full links to all of their information.

6 Adjusted Weights

These are the 'raw' weights recorded for the animal throughout its early growing stages. They are adjusted for age, but are not adjusted for any other factor such as management, nutrition, dam age, differences between farms etc.

For further information or if you have any query, please let us know - telephone 02476 696500, e-mail info@limousin.co.uk or speak to Society staff and Council members attending the sale.

2024 Limousin Breed Benchmark

Trait	Bottom			Breed Average	Top		
	1%	10%	25%		25%	10%	1%
Gest. Length (days)	4	2	1	-0	-1	-2	-4

Retail Value*	LM16R	LM23R	LM27R	LM32R	LM37R	LM41R	LM48R

* Where animals have been genotyped, the breeding values for these traits will be Genomic Breeding Values (GEBVs). Publication of GEBVs is at animal owners' discretion. If an animal has not been genotyped, the breeding value will be a conventional Estimated Breeding Value (EBV). Whether a breeding value is an EBV or a GEBV is noted alongside each value.

Please note that EBVs and GEBVs are interchangeable for the same trait. For example, an animal with a Calving Interval GEBV can be directly compared to an animal with a Calving Interval EBV. A link to further information on all EBVs and GEBVs is below.

FOR INFORMATION

Breeding Indexes

EBVs can be combined in to selection indexes to meet wider breeding objectives...

Calving Value	An economic indicator of the collective value of Gestation Length and Calving Ease
Beef Value	An economic indicator of the collective value of Birth Weight, Calving Ease, 400-Day Growth, Muscle Depth and Backfat Depth
Retail Value	An economic indicator of the collective value of Fillet, Striploin, Rump, Topside, Silverside and Knuckle at 600 days of age and a standard carcass weight of 350kgs.

NB: Using Calving Ease and Maternal Calving Ease

Calving Ease EBV *Predicts how easy a bull's own calves will be born.*

Maternal Calving Ease EBV *Predicts how easily a bull's daughters will calve.*

To search the Limousin database by Breeder, by EBVs/GEBVs and/or by Individual Animal go to www.taurusdata.co.uk and click on 'Beef Search'

For more information on EBVs and GEBVs please go to www.limousin.co.uk and click on 'Performance Programmes' or get in touch on the numbers below.

Herd Health at British Limousin Cattle Society (BLCS) Collective Sales

Introduction

Herd health rules were introduced by the BLCS at nominated Premier Collective and Collective Society Sales and these are now in place at all BLCS Premier Collective and Collective Sales (Stirling February & October; Carlisle February, May, October & December; Brecon May & November and Ballymena February, May, October). The principal aim is to standardise herd health declarations and information presented in order to provide both members and customers alike with clear, accurate herd health information at the point of sale and within the given sale catalogue. As such it is attractive and informative for customers and aims to further raise the level of buyer confidence.

BLCS Herd Health Rules have two principal elements:

Part 1. Herds selling at the Premier Collective and Collective Society Sales have to be members of, and adhering to, the terms of a CHeCS approved Herd Health Scheme. At a minimum, this must include a whole herd test for Johne's disease.

Part 2. All animals male and female, including calves at foot, presented at the Premier Collective and Collective Society Sales be EITHER from a BVD Accredited Herd within a CHeCS approved Herd Health Scheme OR to have been BVD tested virus free.

Herd Health Declaration

The sale entry form is accompanied by a Herd Health Declaration form asking vendors questions regarding for example: TB status; membership of CHeCS (www.checs.co.uk) health schemes (AFBI Cattle Health Scheme, HiHealth Herdcare (Biobest), & Premium Cattle Health Scheme (SRUC) and Johne's, BVD, IBR and Lepto status. Online entries also require the Herd Health Declaration form to be completed.

Is the Herd Health Declaration compulsory?

The Herd Health Declaration is compulsory at all Premier Collective and Collective Sales. For reasons of clarity and to provide purchasers with the most accurate information available, vendors are required to complete this at time of entry.

What Other Health Information may be displayed?

It should be noted that the Herd Health information provided in the catalogue relates to whole herd status. Information relating to specific animals entered in the sale should be requested from the vendor.

Vendors are encouraged to apply to their respective CHeCS health scheme for individual animal health cards for display on pens. For an individual animal's test results, or vaccination histories, regarding BVD, IBR, Lepto or Johne's, these are permitted above the sale pens only upon presentation of a signed veterinary declaration to verify that the animal concerned has had a clear test.

Again, for reasons of practicality, no health information notes are to be put in the catalogue footnotes by vendors. Similarly, the Society has requested that no declarations on health information be given by the auctioneer during the sale. Again, the sole purpose of this is to avoid confusion and to try and ensure that the information provided is done accurately, fairly and in a standardised format in the catalogue. This point has been agreed with the auctioneers.

Johne's Risk Levels

The Herd Health Declaration includes a section where breeders are able to indicate their Johne's Risk Level, once known.

It is a condition of BLCS Premier Collective and Collective Sales that animals from herds that are Johnes Risk Level 5 are not permitted to be sold. Should you have any queries regarding the new Johnes Risk Level classification, please contact your respective CHeCS health scheme.

What if a vendor is selling an animal/s that he did not breed?

Vendors are still requested to fill in the Herd Health Sale Declaration accordingly. Prospective customers are advised to speak to vendors directly to acquire accurate health information on animals offered but not bred by the seller.

Feedback & more information

The Society welcomes members' and customers' feedback on the Herd Health Declarations and health policy at sales. If you have further questions, please speak to the Society representative, Alice Swift or the Auctioneers.

Appendix from National Beef Association bull breeding warranty.

4.2 Trial Period *The purchaser shall give the bull sufficient time and opportunity to prove itself capable of getting stock by natural service while applying the standards of good husbandry and management as per Appendix A and, subject to clause 4.3 hereof, in any event within six calendar months of the date of sale, or within six calendar months of attaining the age of fourteen months (whichever is the later) (THE TRIAL PERIOD). A claim for infertility or incapability will not normally be accepted in the case of an inexperienced bull until he has been allowed a minimum of three natural heat cycles with the females.*

4.3 Deferring the trial period. *If upon purchase of the bull it is found impracticable for the purchaser to try the bull fairly within the Trial Period stated in Clause 4.2 above due to the Purchasers normal calving programme, the Purchaser shall on the day of the sale, or within the next seven days, give the Auctioneers notice in writing of the month in which it is proposed to commence using the bull. At the discretion of the vendor (in consultation with the Auctioneers, if applicable) the Vendor may defer the date of the commencement of the trial period of three calendar months (THE DEFERRAL PERIOD) Acceptance or otherwise of the Purchaser's written request, shall be conveyed to the Purchaser by the Auctioneer in writing, within seven days of the request being made.*

If the Trial Period is deferred the bull should not be used during the Deferral Period

**HEALTH AND SAFETY RULES
HARRISON & HETHERINGTON LIMITED
NOTICE TO ALL VISITORS AND TRADERS
PLEASE READ AND OBSERVE
THE FOLLOWING**

All visitors and traders on site will be responsible for ensuring that they and their employees or sub-contractors engaged by them comply with all legal requirements, including the Health and Safety At Work etc., Act 1974, The Management of Health and Safety At Work Regulations, The Provision And Use of Work Equipment Regulations, etc.

All visitors and traders will be responsible for ensuring that their operations in no way affect the integrity of the company or its fire, safety or security arrangements and in no way compromise the health and safety and welfare of other visitors to and or employees of Harrison & Hetherington.

Although it is the visitors and traders responsibility to ensure that plant, equipment and systems in work are safe, Harrison & Hetherington Limited reserve the right to ask any visitor or trader to leave the market for any breaches in the Health and Safety Rules and/or Regulations.

Vendors must inform Harrison & Hetherington Limited of any livestock due to attend the market whose temperament, behaviour or condition may call for additional precautions for its safe handling.

When loading or unloading livestock handlers must ensure that the dock and vehicle gates are securely fixed so as to prevent the escape of animals.

Traders are responsible for providing and maintaining suitable livestock handling equipment. They should ensure that livestock handlers are fit, experienced in livestock handling and familiar with the livestock in their charge.

Children must not be permitted in any area where they may be at risk from livestock or machinery.

In the case of bulls, during the period when the show/sale is open to visitors, bulls in stalls or pens should not be left unattended. If the handler is temporarily absent, arrangements should be made with another vendor, steward or member of Harrison & Hetherington staff to oversee the bull until the handler returns.

Handling of Livestock at shows and sales: Harrison & Hetherington Limited recommend that an adult person should accompany any junior person during the showing/ sale of livestock in the ring and reserves the right to intervene at any point if, in the company's opinion, the person showing the livestock is at risk in undertaking that activity.

Passageways must be kept clear at all times during the auction sale. PLEASE DO NOT STAND IN THE SALE RING ENTRANCE AND EXIT PASSAGES.

The auction ring man escapes and refuges must be kept clear at all times.

All portable electrical equipment supplied and/or used by visitors and traders must be safe and fit for the purpose and should have a valid portable appliance test certificate.

AUCTIONEER'S TERMS & CONDITIONS OF SALE

(Incorporating the Auctioneer's
Terms and Conditions)

1. The biddings to be regulated by the Auctioneers and the highest bidder, subject to the Vendor's reserve (if any), to be the purchaser. No bid shall be retracted and if any dispute should arise between two or more bidders, the Lot in dispute to be put up again and resold, or the Auctioneers may determine the dispute at their own discretion and their decision shall be final. The Auctioneers reserve the right to refuse the bid of any person without being called upon to give reason for such action.
2. The Purchaser to give his full name and dwelling place and pay for all Lots purchased immediately at the close of sale. No Lot or Lots shall be removed from the sale premises until paid for and a pass-out slip obtained from the Auctioneer's clerk but each and every Lot shall immediately at the fall of the hammer be considered as delivered and be and remain in every respect at the absolute risk and expense of the respective purchaser or purchasers thereof and shall be removed from the sale premises at the purchaser's expense. The right of property shall not pass until the full purchase price is paid.
3. Purchasers paying by cheque must be prepared, if required, to produce a banker's reference. As a result of the Money Laundering Regulations (2003) the auctioneers are unable to accept cash payments in excess of nine thousand pounds sterling for any any single or linked purchase transaction.
4. All statements in the catalogue, or made by the Auctioneers at the time of sale, also the correct identification of the animals, are the entire responsibility of the Vendors. The Auctioneers take no personal responsibility for the correctness of such statements or identities.
5. All statements in the catalogue, or any made by the Auctioneers at the time of sale relating to any veterinary or other tests are to be taken as statements of fact only. No such statements shall guarantee the purchaser of any animal against loss arising from the subsequent reaction of such animal to any test administered after the sale and the Vendors shall not be liable in any way should this occur.
6. All stock is sold subject to the Conditions of Sale recommended for use at markets by the Livestock Auctioneers' Markets Committee for England and Wales except in so far as these conflict with any Special Conditions applicable to the sale of pedigree stock, when the latter Conditions shall prevail.
7. Neither the Vendors nor the Auctioneers will be responsible for any accident or injury to persons or property, through fire or any other cause whatsoever, nor for any damage by animals prior to, during or after the sale.
8. No undertaking by the Auctioneers or their servants to take charge of any Lot or Lots after the sale or to forward them to their destination shall be held to impose upon the Auctioneers any legal obligation or vitiate any of these Conditions.
9. Inasmuch as the Auctioneers act as agents for a disclosed principal they shall not be considered personally responsible for any default on the part of either purchasers or Vendors and the remedy shall be against them only and not against the Auctioneers.
10. If these conditions are unfulfilled, the Vendors or Auctioneers shall have the power to resell the Lots, retaining any surplus and charging any deficiency and expense to the defaulter.
11. You have a right to know how we will use the information you have provided to us. We may share the information with other members of our group and may make this information available to relevant media groups and other interested parties on request. We and other members of the group may contact you by telephone, e-mail, post or fax to inform you of products or services available. If you do not want to be contacted for marketing purposes or do not wish your information to be made available to any other parties please notify us in writing.
