TIBIAL HEMIMELIA

At a meeting of the Council of the Society in February 1993 the regulations governing Tibial Hemimelia were reviewed and are now published as follows:

1. The birth of a calf with the genetic condition known as Tibial Hemimelia is to be reported to the Secretary immediately thereafter giving details of both the Sire and the Dam. A Veterinary Certificate which is to include the blood grouping of the calf, the dam and if possible the sire or an AI Certificate if appropriate is then to be forwarded to the Secretary. The Society will pay the sum of £50 to cover these Veterinary costs. (This payment is restricted to one payment per sire notified.)
2. Bulls Born after 1st September 1979 will not be accepted for registration if they have notified Tibial Hemimelia carriers in the first or second generations of their pedigrees.
3. Females will not be accepted for registration by sires known to be carrier animals except those conceived before the time the sire was notified as a carrier.
4. No Export Certificate will be issued for Bulls which have a Tibial Hemimelia carrier in the first two generations effective at time of export.
5. No Export Certificate will be issued for Heifers, the Sire or Dam of which is a Tibial Hemimelia carrier, effective at time of export.
6. Purchasers of In-calf Heifers will be refunded 15% of the purchase price by the vendors in the case of these Heifers giving birth to calves Born with Tibial Hemimelia from this service provided that the Heifers are purchased at Pedigree Sales held under the auspices of the Galloway Cattle Society. This regulation applies only to Heifers kept in Great Britain and does not apply to animals purchased for Export.
7. Pedigree Galloway Bulls, if mated with a Galloway Cow and siring a calf with the condition of Tibial Hemimelia, when advised to the Society, will result in the Society making an offer to purchase the said Bull for the sum of £1000 sterling. The Bull will then be slaughtered under arrangements made by the Society. This regulation applies only to Bulls kept in Great Britain and does not apply to animals purchased for Export.
8. The Society will continue to accept the registration of Females out of the Dams notified as carriers.

AUCTIONEER'S TERMS & CONDITIONS OF SALE

(Incorporating the Auctioneer's
Terms and Conditions)

1. The biddings to be regulated by the Auctioneers and the highest bidder, subject to the Vendor's reserve (if any), to be the purchaser. No bid shall be retracted and if any dispute should arise between two or more bidders, the Lot in dispute to be put up again and resold, or the Auctioneers may determine the dispute at their own discretion and their decision shall be final. The Auctioneers reserve the right to refuse the bid of any person without being called upon to give reason for such action.
2. The Purchaser to give his full name and dwelling place and pay for all Lots purchased immediately at the close of sale. No Lot or Lots shall be removed from the sale premises until paid for and a pass-out slip obtained from the Auctioneer's clerk but each and every Lot shall immediately at the fall of the hammer be considered as delivered and be and remain in every respect at the absolute risk and expense of the respective purchaser or purchasers thereof and shall be removed from the sale premises at the purchaser's expense. The right of property shall not pass until the full purchase price is paid.
3. Purchasers paying by cheque must be prepared, if required, to produce a banker's reference. As a result of the Money Laundering Regulations (2003) the auctioneers are unable to accept cash payments in excess of nine thousand pounds sterling for any any single or linked purchase transaction.
4. All statements in the catalogue, or made by the Auctioneers at the time of sale, also the correct identification of the animals, are the entire responsibility of the Vendors. The Auctioneers take no personal responsibility for the correctness of such statements or identities.
5. All statements in the catalogue, or any made by the Auctioneers at the time of sale relating to any veterinary or other tests are to be taken as statements of fact only. No such statements shall guarantee the purchaser of any animal against loss arising from the subsequent reaction of such animal to any test administered after the sale and the Vendors shall not be liable in any way should this occur.
6. All stock is sold subject to the Conditions of Sale recommended for use at markets by the Livestock Auctioneers' Markets Committee for England and Wales except in so far as these conflict with any Special Conditions applicable to the sale of pedigree stock, when the latter Conditions shall prevail.
7. Neither the Vendors nor the Auctioneers will be responsible for any accident or injury to persons or property, through fire or any other cause whatsoever, nor for any damage by animals prior to, during or after the sale.
8. No undertaking by the Auctioneers or their servants to take charge of any Lot or Lots after the sale or to forward them to their destination shall be held to impose upon the Auctioneers any legal obligation or vitiate any of these Conditions.
9. Inasmuch as the Auctioneers act as agents for a disclosed principal they shall not be considered personally responsible for any default on the part of either purchasers or Vendors and the remedy shall be against them only and not against the Auctioneers.
10. If these conditions are unfulfilled, the Vendors or Auctioneers shall have the power to resell the Lots, retaining any surplus and charging any deficiency and expense to the defaulter.
