

DISPERSAL SALE OF THE WESSEX LOWLINE HERD

For sale by private treaty

Closing date

Friday 19th September 2025

**HARRISON &
HETHERINGTON**

WESSEX DISPERSAL SALE

Harrison & Hetherington are proud to offer a unique and exciting opportunity on behalf of owner Geoff Roper – the sale of the renowned Wessex Lowline Herd, the largest of its kind in Europe. This impressive herd comprises:

- 69 Cows with calves at foot, in calf heifers and bulling heifers running with the bull
- 28 Yearling heifers
- 13 Breeding bulls

Dorset-based Wessex Lowlines has been in business for more than 15 years and, under the management of Sam and David Maughan, has followed a meticulous breeding programme that has built the largest herd of its kind in Europe.

The breed's Angus heritage and smaller stature make them hugely attractive to those looking to produce quality meat from low-input, easy-handling animals.

Geoff's impending retirement means just under 200 award-winning, pedigree Lowlines, plus a substantial bank of frozen semen with a diverse range of genetics, are for sale.

Lowlines finish on grass, are happy to overwinter outside, and the mothers calve easily. They are ideally suited to landowners pursuing low-input, easy-care cattle to graze in a system focused on environmental sustainability.

Lowlines offer exceptional returns from beef on a carcase, their target liveweight of 450kg and killing-out percentage of 62-67% is impressive, but their meat-to-bone ratio of 72-77% and their ability to finish on grass is where they truly stand out, making them the ultimate breed for sustainable beef production.

Many of the cattle have been successfully shown and are halter-trained – a true testament to the care and handling that's gone into this herd. With strong Angus genetics and a naturally smaller frame, the Lowline breed offers a premium solution for anyone seeking to produce top quality beef from low input, easy handling animals. If regenerative farming and sustainable beef production are front of mind for your livestock businesses, the Lowline breed stands out – small in stature but mighty in performance. Whether you're looking to diversify, future-proof your farming system, or explore more environmentally conscious beef production models – this is a breed, and a herd, that truly delivers.

Scott Donaldson FIA(Scot) FLAA
Auctioneer & Group Director

Health Status:

- 1 year TB testing
- Elite Health Status with the SAC -
BVD accredited free
IBR accredited free
Lepto accredited free
Johne's risk level 1
- Animals can be vaccinated for BTV if required before moving

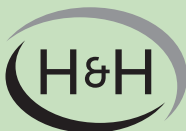

How does the sale work?

- The cattle are sold under Dispersal Sale Conditions, i.e. "No warranties are implied or given" buyers should satisfy themselves as to the correctness of the cattle they offer for.
- The herd is offered for sale as a whole or in manageable breeding groups as catalogued
- For sale by private treaty - sealed bids to be emailed to the auctioneers
- Closing date 12 noon - Friday 19th September 2025
- Successful purchasers will receive an invoice for the cattle they have purchased on the day of the closing date..
- Invoices must be settled within 7 days of the invoice date and cattle shall not be collected until the invoice is paid in full.
- Farm visits welcomed by appointment – to arrange, please contact Sam Maughan at: info@chaseroyale.co.uk
